creating successful school pride.

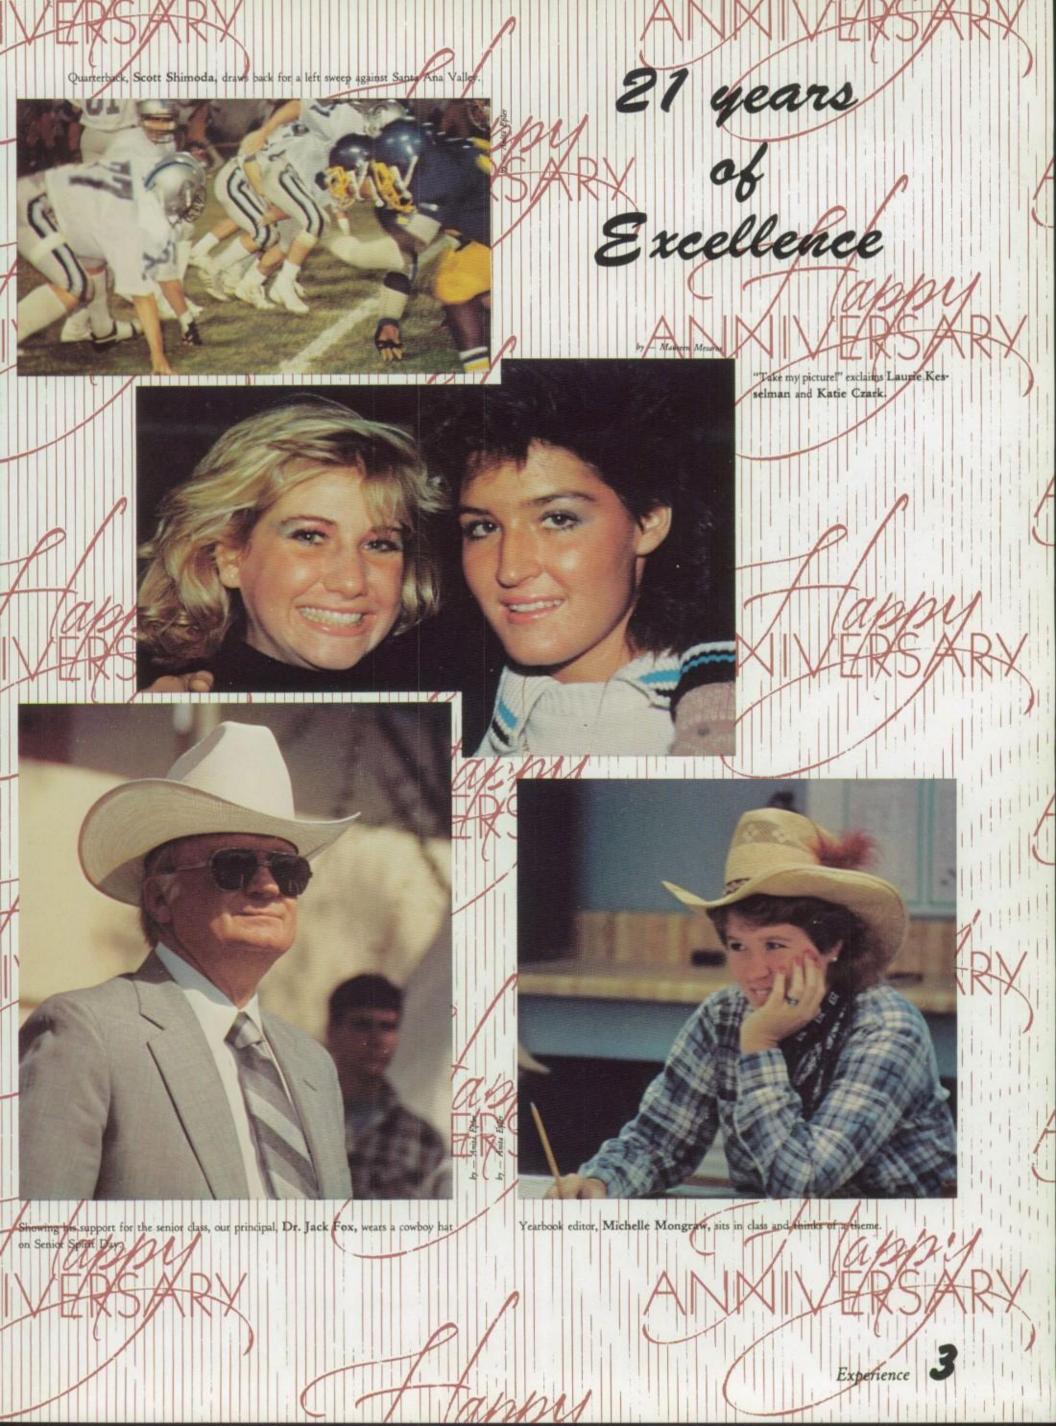

We have succeeded in reaching their goals and even exceeding their expectations. The establishing of traditions at MPHS was witnessed by not only teachers, parents and students, but by the general public as well

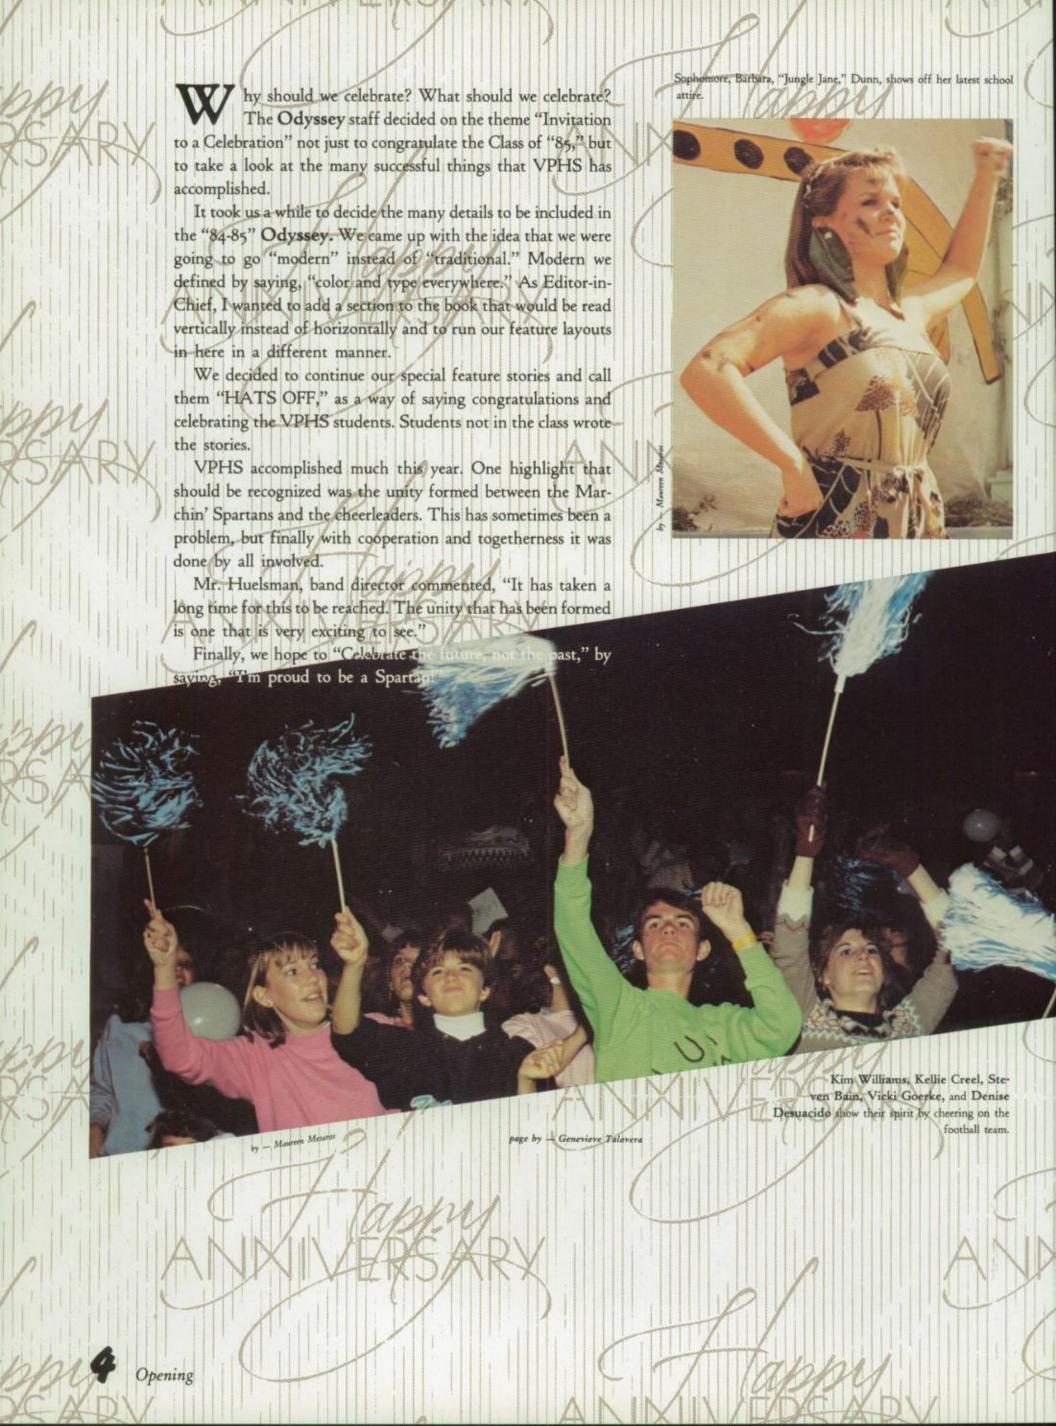

And so it continues. With about 1600 pupils attending the once bare and unfinished campus, to the definite improvement within the landscaping of the grounds and numerous building additions on this Spartan land, we recognize its "Twenty-one years of excellence."

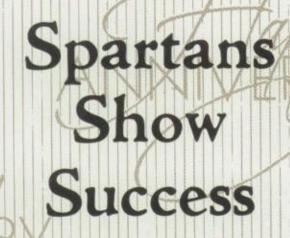

When the school was established there were many things missing. Besides grass, trees, and benches, there were no seniors present. The first senior class did not graduate until the next school term, making this year the twentieth appriversary of a graduating class. The school joins in the celebration of its twenty-one years of existence.

Today, we look back with a sigh and say, "Yes, it began wenty years ago . . and still, it continues on

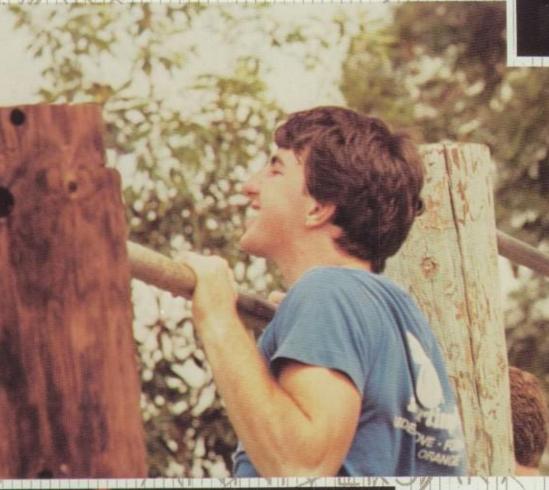

Tired from setting up for spirit day, Sebnem Kanatsiz gets a piggy back ride from Jercy Griffin.

Wiehebrink Begins Evening Well Dunn

PHS 1984 Homecoming started traditionally with the Homecoming Assembly on Friday October 19. Returning king, Bill Mecklenburg, arrived to crown Henry Wiehebrink, 1984 Homecoming king. Tracy Burdine, Erik Doest, Wes Jacobs, and Scott Worthington had also been nominated.

When asked how he felt when Mary Carroll announced his name, Henry stated, "I was shocked and very embarrassed. My Mom enjoyed it more than I did, although I was honored to be chosen by the student body."

To continue the Homecoming tradition, that evening the Homecoming Queen was crowned by Miss Karey Nixon, 1983 Homecoming Queen. The princesses were Jill Moses, Kristin Norman, Shelly Schneider and Colleen Triggs. Miss Jennifer Dunn was crowned Homecoming Queen 1984 by Karey. "I was going to the game to have fun, and wasn't expecting to be crowned. When my name was called I was in complete shock," said Jennifer.

Each princess was driven around the stadium in Mercedes convertibles and escorted to the silver platform by Henry and Erik, where they stood by their fathers. Burt Reynolds, a hired look-alike from "Animal Crackers," was there to greet the court and give Miss Dunn a special gift.

In charge of the spectacular event was Brigitte Prevot, Senior class vicepresident. Brigitte was asked to organize the evenings celebration in place of Kristin Norman who had been nominated for the court. She had the help of Dave Dew, Mont Flora, Kevin Kutcher, Var Reeve, Katy Stone, Joy Tunstall, and Sheryl Wolf.

Tunstall, and Sheryl Wolf.

Mothers, like Mrs. Jacobs, escorted their sons, Wes Jacobs, during the crowning of the King.

by Erik Doest

As I approached the campus, coming back from lunch, people started congratulating me for making the court. Of course I did not believe it, but as more people congratulated me I knew it must be true.

During the period between the announcing of the court and the crowning of the king, my friends made jokes and tried to embarrass me by saying to the girls I talked to, "Don't talk to him; he just wants your vote." Knowing they were kidding, I laughed with them.

Finally, the day came, the day of the crowning. At the assembly the mothers' of the princes were all there to escort us. Excitement grew as we awaited the announcement. Applause filled the gym as the new 1984 Homecoming king, HEN-RY WIEHEBRINK, was crowned. I congratulated HENRY, and walked back to my seat. Even though I didn't win, it was a definite honor and privilege to be on the court, and I was proud to be there.

"I was very excited when I was announced on the court; that was something I didn't expect. When I was announced the King it was the icing on the cake with a scoop of chocolate ice cream thrown in." Henry Wiehebrink

"I had a great time at Homecoming and I think most people had a good time

his year's spirit week came to an end Friday October 19 at the football game against El Modena. It was an exciting game which included a half time show where this year's Homecoming Queen Jennifer Dunn was crowned and the Homecoming King Henry Wiehebrink was presented.

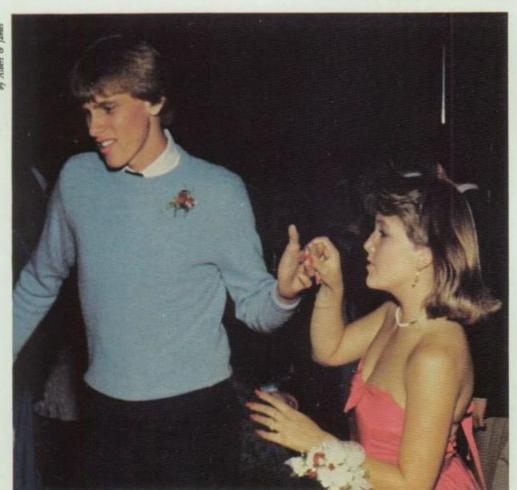

Saturday night was the Homecoming Dance which highlighted this week's activities. Because of VPHS's tWentieth year anniversary "Blue, Black, Silver — Twenty Years of Spartan Spirit" was the theme chosen.

Unlike other dances, this year's Homecoming Dance, which was held in the school gym, had a video DJ where music videos were shown on a big screen. Couples enjoyed dancing to the music and watching the different videos. Junior Jami Karres stated: "I think this was a great idea instead of just having a regular band of DJ because it was fun to dance and watch the videos."

Besides dancing, couples had their pictures taken and ate refreshments at the decorated tables set up in the small gym. Many couples sat down and enjoyed the fun and romantic atmosphere, while others socialized and mingled with their friends. "It was really memorable because of the entertainment and the happy atmosphere," commented Senior Matt Payne.

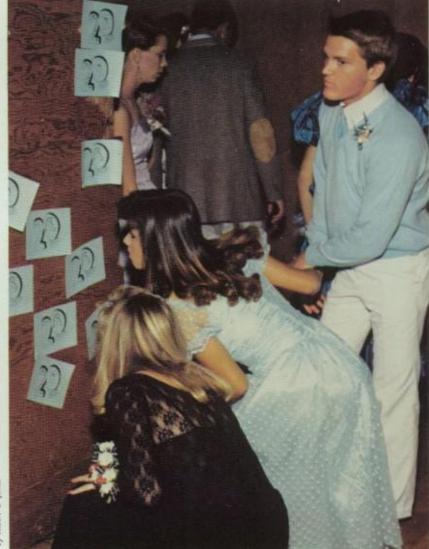

At the Homecoming Dance Troy Finamore, Kathy Evett, Wendy McNaughton and Garrett Hichman rest in between dances.

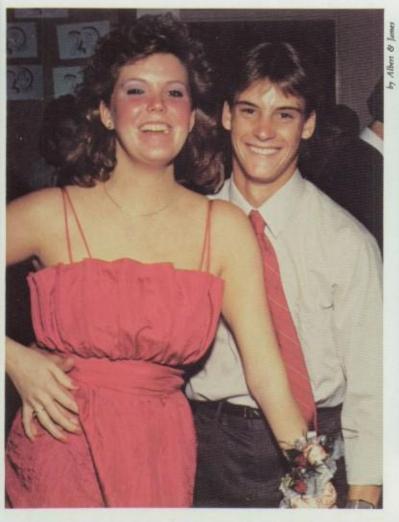

BLUE, BLACK, SILVER — 20 Years of Spartan Spirit

Matt Kelchner and his date Karen Bentley enjoy each others' company while dancing.

by Shawn Mitchell

HATS

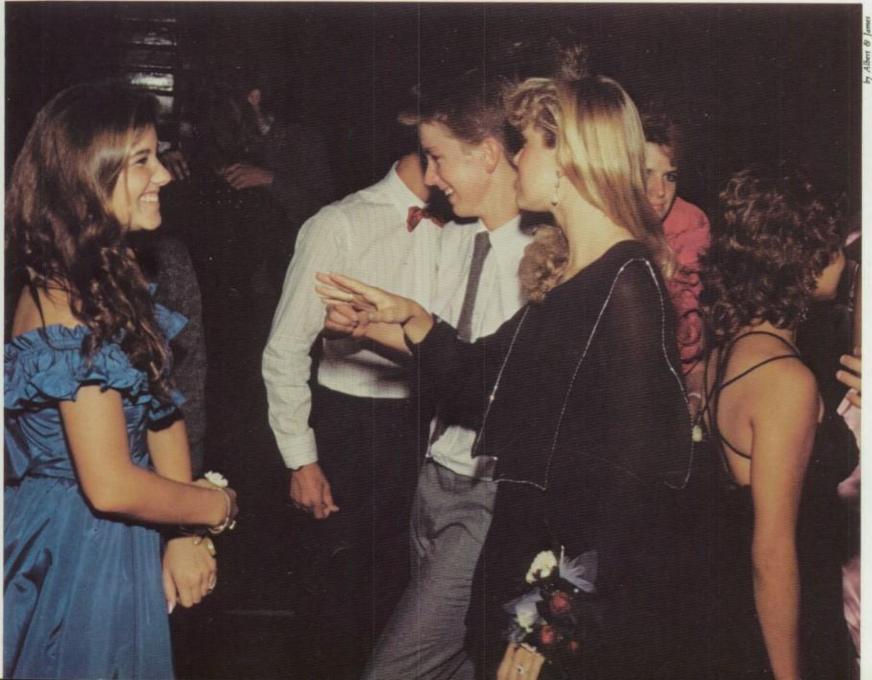

As I apprehensively walked into "The Black Angus" after opening the door for my date PENNY, of course, I was bombarded by sound from all sides. Glasses breaking, dishes crashing, and people rambling on harshly about this and that. My first succulent bite of Sirloin steak melted in my mouth and I grinned contently. My date's Terriaki steak was good too. We were looking forward to the dance. Finally, after taking pictures in four different households and driving all over the county, we arrived at the dance.

Everywhere I looked, people were laughing and dancing and having a good time, while the colossal video screen showed scenes corresponding with the popular music bursting out of the straining speakers. The basketball gym was packed wall to wall With the

dancing, resting, and socializing students who had come to celebrate "homecoming." Across from Albert and James' portrait booths were the refreshment tables, stocked full of punch, small delicacies, and every kind of cookie mankind has ever known.

After dancing, conversing, and eating and drinking we left the dance and clumaily plopped our exhausted bodies into my extensively cleaned car. PEN-NY glanced at me with a look that represented extreme fatigue. I chuckled recognizing her unheard request. After taking PENNY home, I drove back to my house. When I arrived home I ran into the wall a few times because I was so tired. I fell into bed and was asleep instantly, contented and relieved after an exciting evening.

Having fun dancing and socializing are Tracie Williams, Craig Anderson, Shannon Geary, Jill Cassen and Wendy Patrick.

Arianna Seeley, Valerie Holmes, and Kim Horton enjoy the Spirit Day Assembly.

by Carolyn Romero

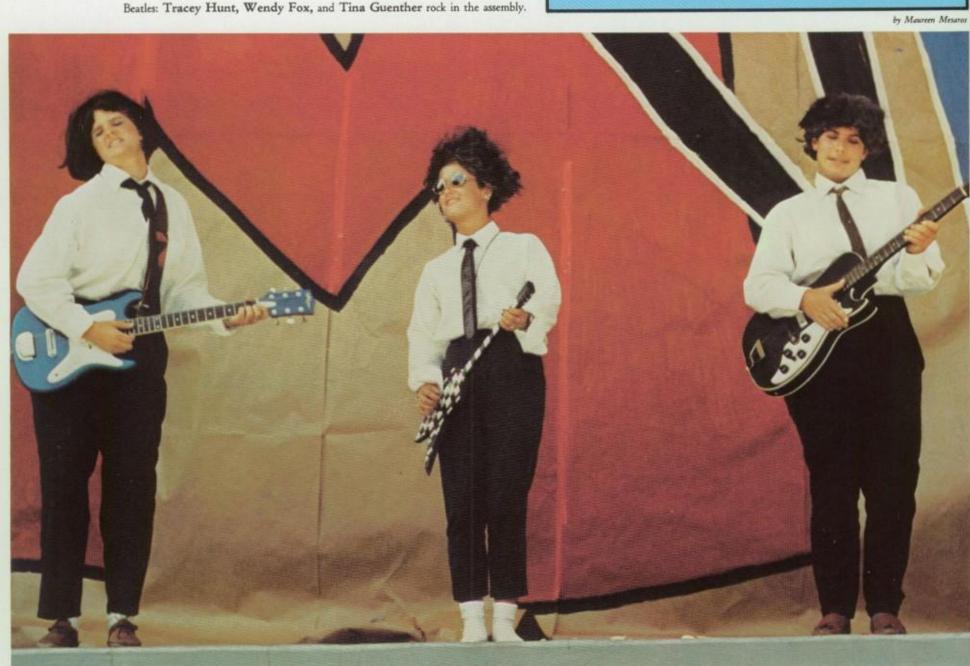

There were lots of painting parties so we had a lot done, if you can believe that. Everyone worked very hard on the night before our spirit day. Everyone showed up to help put up signs. There were so many signs hung up but, of course with our luck, the wind had to come. By morning most of our signs were blown away. The only ones left were the ones on the ground. We did not have much time to hang them back up so we taped them there. It was different but I guess we Juniors are a little bizarre.

Nobody really let the wind ruin their day. People dressed up and made the most of it. Music was played in between the classes. At nutrition, we had a wild limbo and hula hoop contest. The big moment came, it was time for our lunch-time activities. Everyone who was in a skit had ants in their pants. The skits started with the RAMONES and ended with MADONNA. (Sophomores' favorite

It really did not go as well as we thought it would, but does it ever? Thank God it's OVER! We'll get 'em next year. Way to go JUNIORS. We tried.

JUNIORS Party with Rock and Roll

ock-n-Roll High School or the 'day after,' as Jr. Aimee Hunt called it, almost went as planned. However, Mother Nature just didn't leave the Jr. Class alone did she? Despite many long spent hours on the painting of signs and planning of skits, Mother Nature just had to blow off a little hot air all over the Jrs' efforts.

Jr. Aimee Hunt said, "We tried so hard to put up the signs and then when we came back early the next morning, everything was on the ground." This caused mass frustration and, stated Jr. Brenan German, "We just gave up and taped the signs where they were on the ground."

Despite the Jrs.' apparently wasted efforts, the day went on with appearances by such singing artists as Madonna, the Beatles and Elvis. Rock-n-Roll High School, and Juniors attempt to show their spirit, will almost undoubtedly always be remembered in Spartan History.

Above: "Baggers;" Kristina Harnden, Bonnie Mukhar, and Lisa Rojo rock in the spirit assembly. Jill Cassen watches the Junior skits that Aimee Hunt has just introduced.

"Maybe once the Juniors will have a good Spirit Day, but they don't really care." Meghan Domer

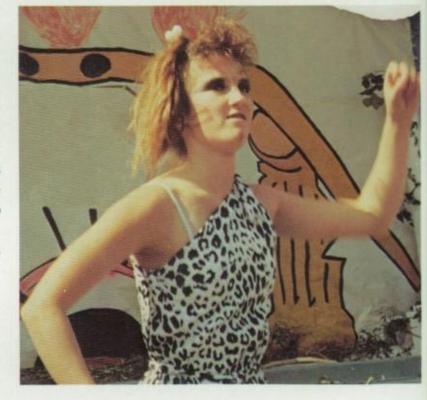

hortly after being elected, the sophomore class officers were faced with their first decision - choosing a theme for Spirit Day. They brainstormed and came up with various themes such as circus, beach, toga, and something having to do with safari. The administration disagreed with the toga theme, and so they felt a safari theme would be

the easiest since they had only a short time to organize the event. Therefore, the sophomore Spirit Day, 1984, was created around the theme "Sophomore Jones and the Temple of the Chuds." All of the painting parties took place either after school or on the weekends. Ms. Julia Thielman tried to borrow animals from the San Diego Zoo; however this fell through. The night before some of the Sophomore guys safaried through Villa Park gathering trees and vines to decorate the school, and in order to achieve that "jungly" effect. That night the sophomores were raided by people who not only threw eggs but also tore down signs. To prevent their return, Ms. Thielman stayed at school until 3:30 A.M.

Through these few obstacles, the sophomore class enjoyed their first attempt at Spirit Day.

Billy Idol, Chris Meyer, dances enticingly around Sophomore Jones, Mark Kuli.

Samantha Miller performs a cannibalistic dance during the lunch time show.

Sophomore Spirit Day turned out good considering that it's our first. Kim Miller

by Maureen Meseres

1111

w Jeff Randall

You could say my sophomore year was a disaster. It started going wrong before school even started, at orientation. I forgot a bunch of papers, like a typical "Chud." I ran home to find them, luckily they were there.

I got my ASB card to make me feel important, my picture was taken by some impatient lady, and I turned in all my high school forms.

The first day I was tardy to two classes because I didn't know the office from Auto Shop. All my teachers seemed pretty mean, not like all my nice, easy junior teachers.

The second day wasn't any better than the first. I left my books at home and remembered this as

soon as I got to school. I was 15 minutes late to my first class.

After the first few days I could finally remember where all my classes were. I still had to carry around my locker combination because I couldn't remember it. I lost the little sheet with my combo on it, and had to go to the office and get it written down again. The seniors working in there giggled

and snickered at me.

The rest of the school year went by fast, as soon as I settled into the school. But awful things still happened like falling on my butt in front of some seniors and juniors; watching smaller "chuds" get shoved into trash cans; seeing my friends and myself getting thrown into the pool at parties; seniors taking cuts in front of me at the lunch line; teachers getting on my case for tardies; and having a girl,

whose locker was below mine, always shut my locker as soon as I opened it.

The "Chud" thing were off as the year went on. I shouldn't complain about the Seniors, I'll probably be just as bad, if not worse, when I'm a Senior. I just hope 11th grade is better than 10th.

by Shanma Larsen

Sophomores Attacked with Jungle Fever

Cathy Mesaros painstakingly decorates the stair railing with vines collected from various Villa Park homes.

Robert Frackelton pauses in the midst of hanging up a sign.

Sophomore President, Ken Domer, asks Ms. Joy Islei if the masked ape could possibly be Craig Hofstatter.

The Jungle Burger King, David Piper, carefully ascends the stairs as the native women (left to right) Aleta Lane, Vicki Hagmann, Kathleen Naruse, Kristen Oliveri, Stacy Enright, Samantha Miller, Leslie Votava, and Debra Coker attentively watch him. Brian Maguire looks on also.

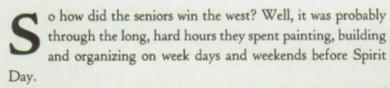

WESTERN JUBILEE

Casey Hiedler found a friend during Senior Spirit Day. Live chickens ran wild all over the campus that day.

Craig Anderson, Dave Dew, Brian Raum and Todd Moeller perform a lip sync to "The Devil Went Down To Georgia" during lunch.

"Sophomores couldn't believe their eyes when they entered school Thursday morning," said senior, Henry Wiehebrink. Seniors built props which included a saloon, a kissing booth and even campsites, complete with teepees and barbeque pits. Among the many signs vividly painted and hung around school were tumble weeds hauled in from the hills. Though they did create a small mess, they added reality to Villa Park's western theme.

Lori Beechan commented, "The school looked like something you might see on Bonanza." The saloon, built by Dave Sach and Jason Ross, was the center of attention.

Within the 35 minutes of lunch, the song leaders performed a can-can dance, a few guys along with dance choreography performed a square dance, other senior guys played banjos and guitars and lip synced to "The Devil Went Down To Georgia," Kathy Bogart and Kyle Myers announced "The Solid Rope Count Down" and the Villa Park football team was saluted. At the end of lunch the seniors chanted:

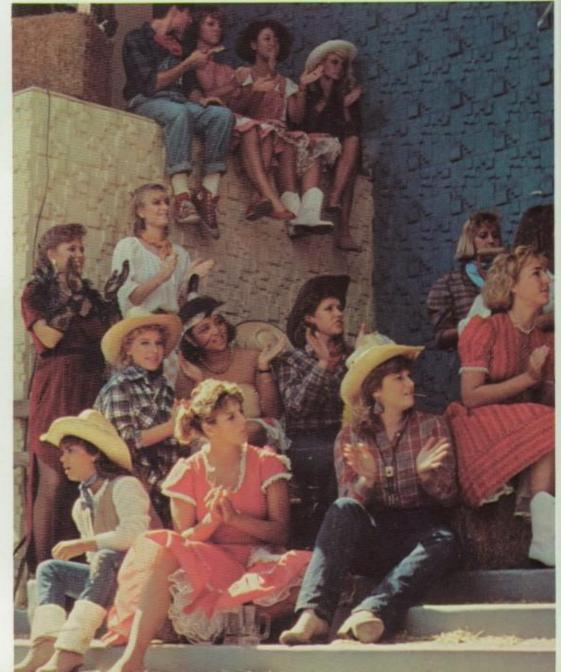

We are the class of 85, And we have won the west! We put the Chuds and Plebes to shame, The seniors are the best!

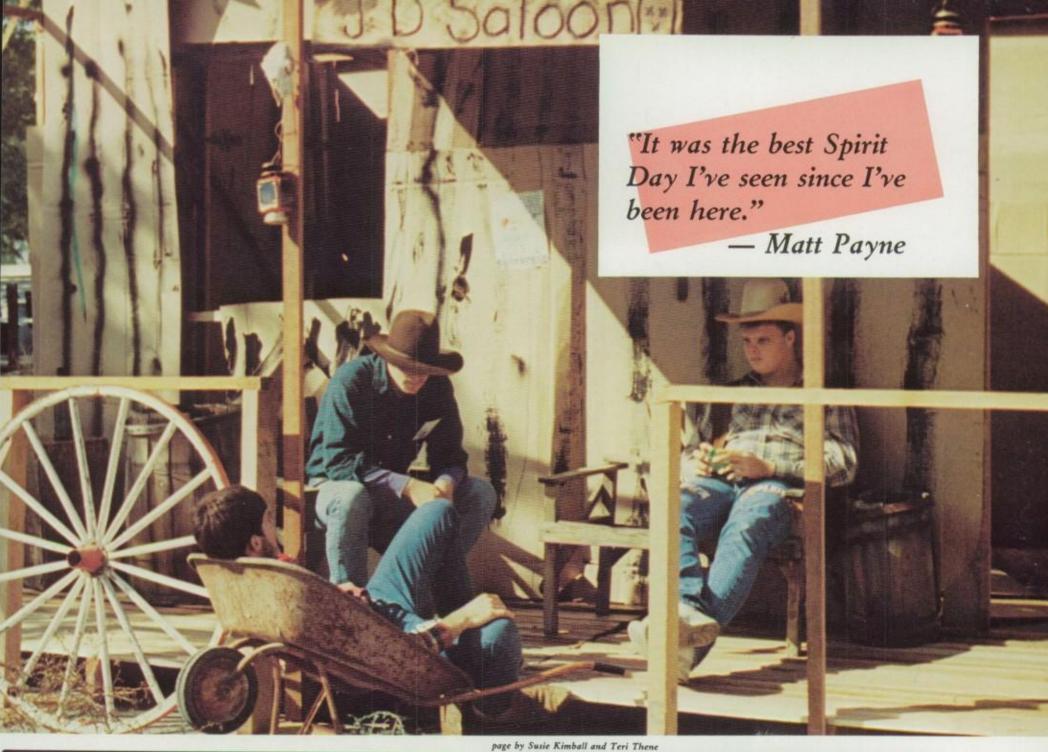

Craig Anderson summed it up with, "We weren't sure how much we had done when we were working on it, but when we put it all together we were amazed and happy with the results."

Excited Seniors watch the show put on at lunch. The skits really held the crowd's interest.

by Brigitte Prevot

The responsibilities of any senior class officer are numerous and time consuming. The 1985 senior class officers' duties were no exception. The most important of these was at the beginning of the year; Senior Spirit Day. A popular item for this event was DAVID SACH'S and JASON ROSS'S hand built saloon, which went great with the theme: "How The Seniors Won The West."

Spirit Day was hard work for us, but well worth the effort. We were pleased with the outcome and thankful to GENEVIEVE TALAVERA as well as SHERYL WOLF, LIZ TAIT, MARGARET NARUSE and so many others that put all their time into helping us win this traditional event.

Our next task was the Coronation Dance. I never realized the amount of preparation that went into holding a dance. I began looking around during the summer for just the right place several locations we finally decided on the Meridian Hotel in Newport Beach, a place that was just opening in time for the dance. We chose this place because of its wonderful reputation in Paris. I knew it would be a hit for our theme "Winter In Paris," After months of preparation, the big night finally arrived, leaving special memories with everyone.

Coronation was not the end of our challenges, we still had Senior Baccalaureate, Senior Breakfast, as well as leaving our "85" mark by donating a senior gift. Along with the duties of senior class vice president, I was also coworker of the half time show at homecoming and in charge of the Lip Sync held one day at lunch. Of course, none of this could have happened without the guidance of MS. THEILMAN, and I know TRACY BURDINE, SHAUNNA LARSEN, LIZ TAIT and all of the senators couldn't have made it through our year without MR. BRUNT, our senior advisor, or the unity of the senior class.

As senior class vice-president, I felt it was an honor to be included as an ASB member. I felt a special closeness among the members of the cabinet. Being involved in such a variety of activities this year has definitely made a memorable impact

All's quiet on the Western Front. Brian Reccia, David Sach and Jason Ross relax after a long night of decorating.

Jack Jessen and Angela James prepare for Spirit Day. Many of the Seniors showed up the night before to help.

Jayne Thomas calls Albert & James to check on her color

nnual class is often thought of as being a typical party class in which accomplishment is measured in how much gossip a person has heard — or spread - in one class period. However, any person who finds himself in Annual for this reason is in for a big surprise. "Being a member of the Annual staff is a lot of hard work and takes a lot of time, though it is a fun class," commented KELLY HALLIGAN, Odyssey staff member.

Before school even started this year the Odyssey staff and editors got together to discuss up-coming work, and to start thinking of ideas for possible themes. Instructions for selling advertising were given, an important task for financing our yearbook.

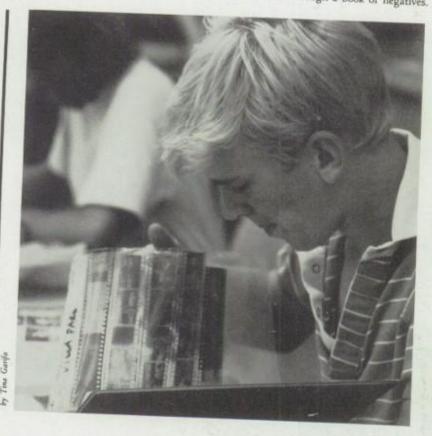

The first weeks of school were spent deciding on a theme, and several good ideas were tossed around. Everybody wanted to do something special to commemorate the graduation of VPHS's twentieth senior class. "AN INVITATION TO A CELE-BRATION" was the most popular idea. "I am happy with the theme of 'Celebration' because it's easy to keep a festive look continuing on throughout the book," mentioned GENEVIEVE TALAVERA, theme editor.

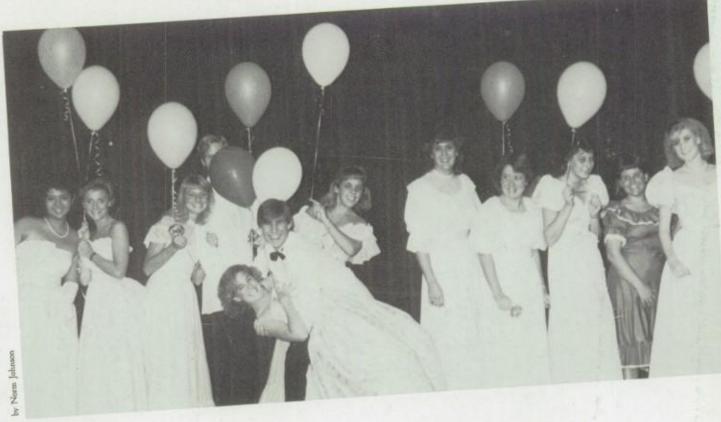

Several hours of hard work followed. Weekends and holidays were spent designing layouts, writing copy, and taking pictures in time to meet each deadline.

After all of the work was done, it was time to CELEBRATE our success.

COME CELEBRATE WITH US

David Voyen looks through a book of negatives.

by Mic Mongraw, Editor-in-Chief

What fulfillment does one get from being on a yearbook staff? That's right, a fulfillment that not many receive during their entire lifetime. So many hours, so many frustrations, and so much responsibility are feelings shared by all who are members of the Odyssey staff.

I've been asked, "What is it like to be the Editor-in-Chief?" My answer is, "Fun." I know that might sound crazy, but it's the truth. I admit the position takes a lot of responsibility, time, and a ton of patience, but it's worth it. I have an editorial board who were chosen by MR, JOHNSON and myself. All of them were chosen because of their capability and responsibility as a person. Sometimes it gets tough, but I've worked hard for my position, and I wouldn't give it up for anything in the world.

The class this year was made up of a total of thirty-six students, which is quite large for ual staff. Over half were and almost all were as lost as a "needle in a haystack" for the first quarter.

An average day in room 301 consists of a few straggling in late from lunch, a noise level that could reach "10" on a volume meter, the stillness of all as our beloved advisor

and friend NORM JOHNSON talks (during his reserved ten minutes at the beginning of class) about the daily happenings and orders, and then it's time: all are released to go about their business until the last five minutes of the period. The rest is reserved for clean-up time (though this is rarely done in the proper manner).

All of the time that we spent: weekends, holidays, and weeknights, was worth every hour. My sincere thanks goes to all who participated and donated their time.

WE DID IT! What a great job, 1984-1985 Odyssey Staff!

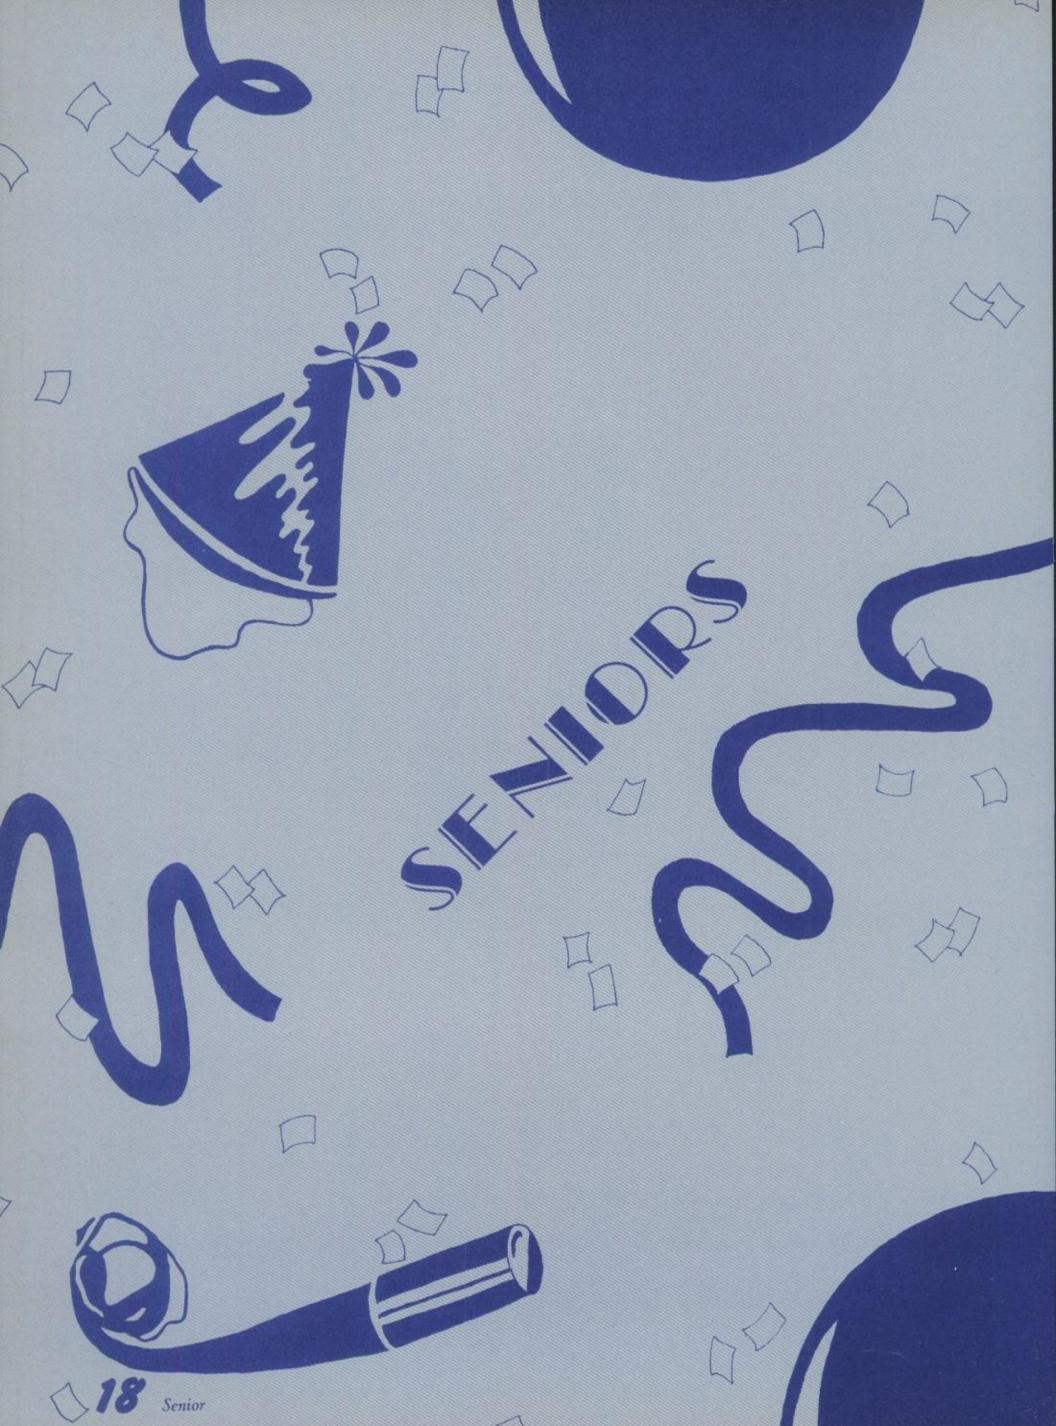

Mic Mongraw studies the plans for the yearbook cover while Genevieve Talavera explains them to Christina Kato, cover and artwork designer.

Samantha Graham, Margaret Naruse, Liz Tait, and Shaunna Larsen search through the proof book for pictures needed in their spreads.

Seniors Celebrate Close of Year

Kandi Bryant shows enthusiasm at the Katella football game.

hile seniors look forward to graduation, the list of preparations and anxieties mounts.

The SAT, Scholastic Aptitude Test, is an important preparation and also a worry among seniors. To take the test, a student had to wake up at 7:30 am to be at their chosen school by 8:30. The students were tested on both math and English. It is a mind-boggling experience for seniors and usually a relief when completed. Some seniors took classes to prepare for this test. These gave students sample SAT tests to solve and help in preparing.

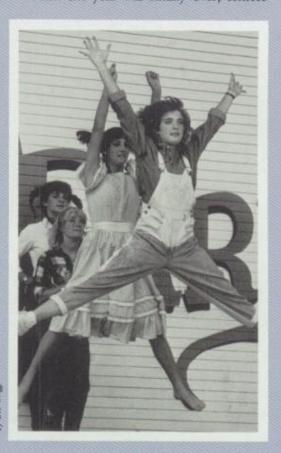

Another preparation for seniors planning to attend college was the applications sent to each school. Most college applications had to be sent in by November 30th. The decision of which college to apply to concerned others. The choice of a college is very time consuming but very important. Pamphlets were sent away for and appointments to visit the schools made. References from teachers and

counselors were sometimes required. All this planning and preparation frustrated and depressed seniors.

After filling out forms and talking to counselors, seniors then had to worry about paying for their college. Sometimes, if they were lucky, their parents might pay for the expenses. But the question is, how do you ask your parents for an extra fourteen thousand? The unlucky seniors must find jobs, and work their way through college which is another worry and frustration.

Besides college preparation, there were other worries, such as finding a date for Homecoming, or Sadie Hawkins. A senior can't break his record of not missing one dance, especially his senior year. If there isn't a dance, then seniors had to find where the nearest party is or the latest movie playing. For a senior, to stay home on a Friday or Saturday night was a waste.

When the year was finally over, seniors

Song Leaders Shelly Schneider, Colleen Triggs, Leann Lundberg, and Dyanne Court jump high at the Tustin football assembly.

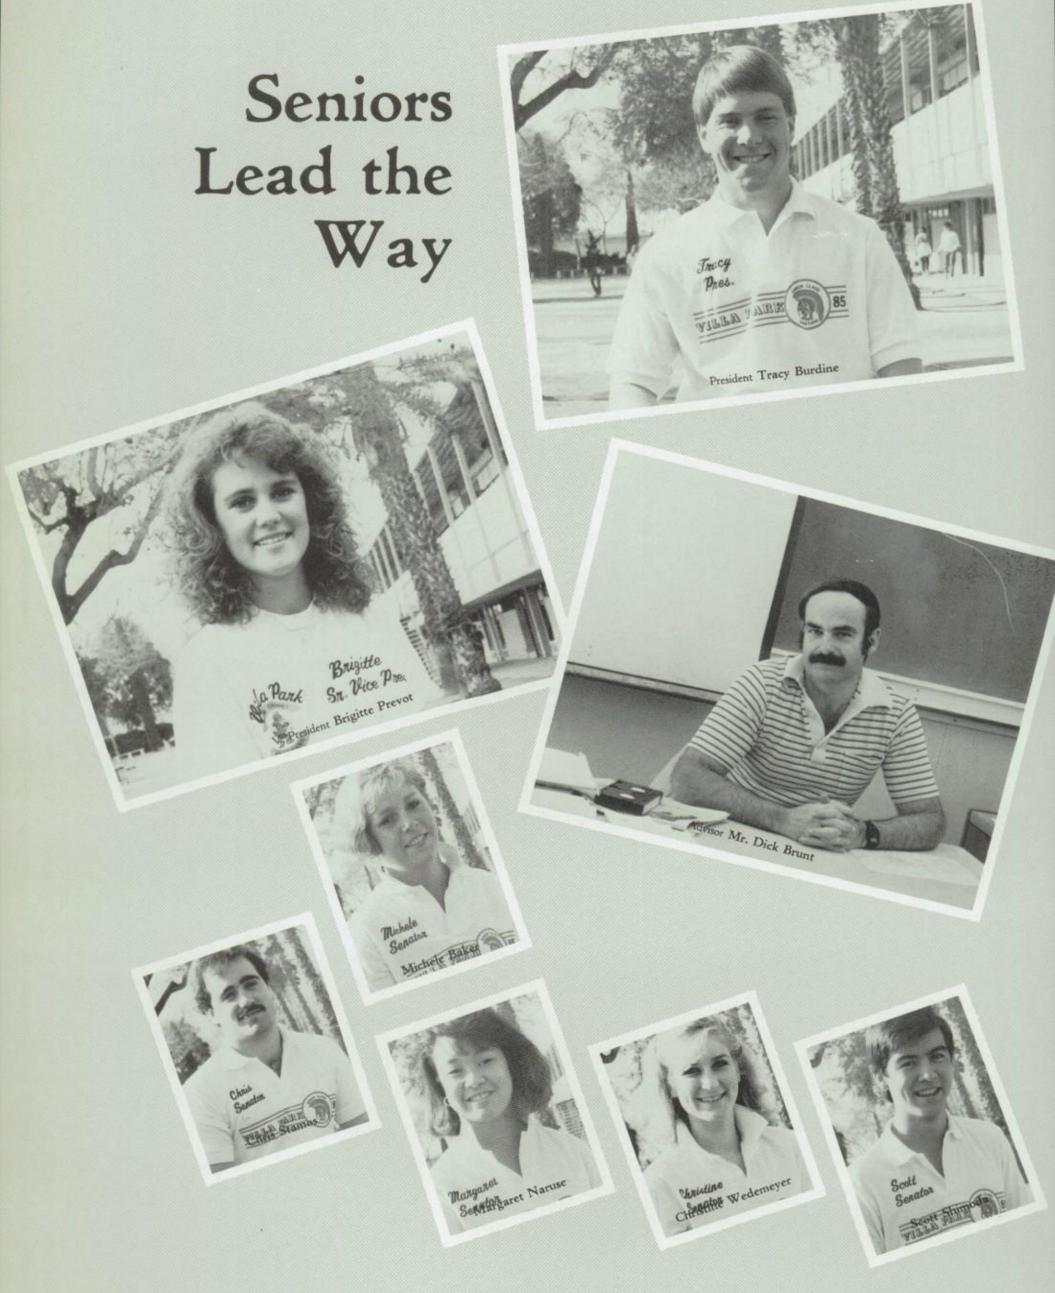

Autumn Hayes yodels at the Senior Spirit Day as-

Over already? - Susie Kimball

left behind all frustrations and worries, and CELEBRATED! Graduation meant finally breaking away. Parents realized that their child had grown up, and was now an adult. Graduation was sadness for some but relief for others. Some seniors get upset because they do not wish to depart from their closest friends. Others are excited and can not wait to move on to other things.

Whether sad or happy about leaving, all seniors are happy to have completed high school, and almost all will celebrate!

page by Jayne Thomas

by Tracy Burdine

During this year I have had many responsibilities and plan to have more as the year winds

I was responsible for spirit day and the winter formal. The spirit day preparations demanded hard work and were very time consuming. Many people who worked endless hours on last minute preparations made the time a success. The day went well and at the end of the week the senior class was voted the most spirited.

The Coronation dance was another very hard event to set up. With the help I received from my officers, the preparations went smoothly. The dance turned out to be a very nice formal.

The end of the year's plans were very exciting with Grad Night and a trip planned for all interested seniors, a senior ditch day and many other senior privileges.

Gnerose Enevieve Talayera

I am glad I had such a helpfull cabinet to aid me with all the projects we had to accomplish. If they hadn't been there to lend a helping hand, this year wouldn't have been such a pleasurable one for the whole senior class of 1985.

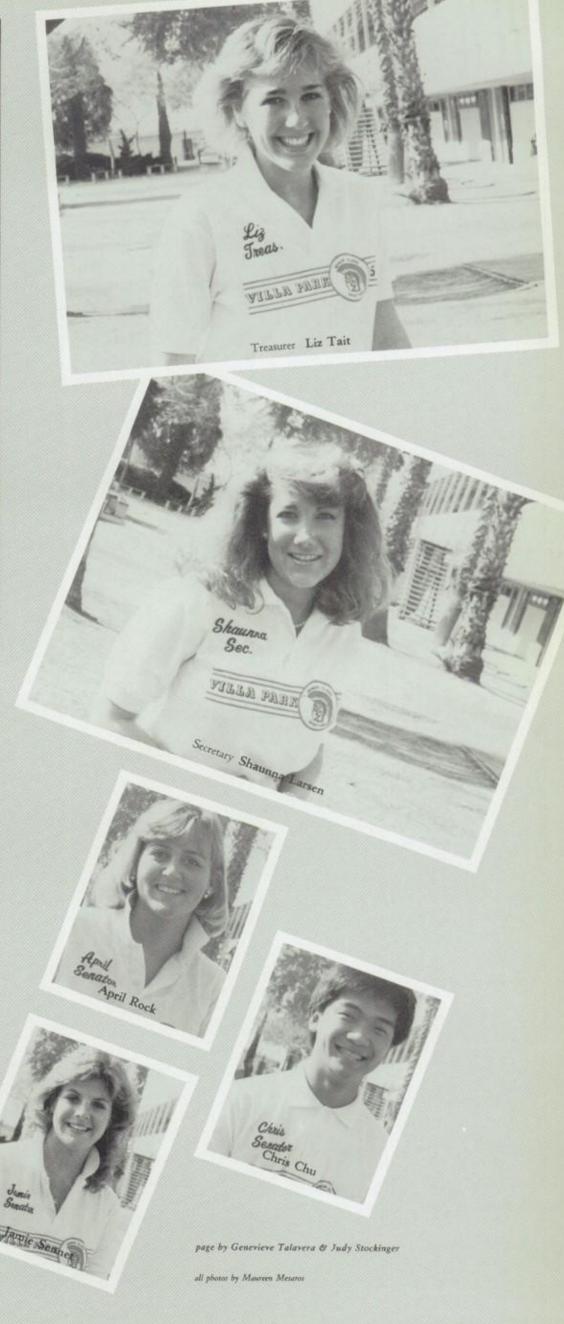

s the year began, this year's senior officers were faced with numerous tasks. Their first challenge was planning painting parties and skits for Senior Spirit Day. Their hard work paid off. With the help of all the spirited seniors who painted signs, built props, and organized dances and skits, the Class of '85 was awarded "Most Spirited Class."

The next decision the senior officers had to make, with the help of their advisor Mr. Dick Brunt, was a theme for Coronation, the year's first formal dance, and a place for it to be held. "Winter in Paris" was their decision for a theme. The Meridian, a newly opened hotel in Newport, was chosen for its European atmosphere.

More fun and exciting activities were planned in order to make the Seniors' last few months as Spartans memorable. Commented Genevieve Talavera, "All in all the year was a success."

The Villa Park Girls Basketball season started off on a sour note but the team never gave up

This year the team has had to adjust to unexpected changes. Due to the loss of last year's coach, JIM IRBY, a new and unfamiliar coach, GEORGE PEABODY, has tried to change the ways in which the returning players had been taught by the previous coach. Although many sports lose valuable players, as was the case for this year's girls basketball, it has left a mark which is irreversible. Only five returning players are experienced enough to show the incoming sophomores the correct ways of playing high school basketball. During the course of the season the team improved and learned to work together.

Moreover, as the years progress and the girls become more experienced and disciplined, a bright and enthusiastic team emerges.

by Kelly Van Horn

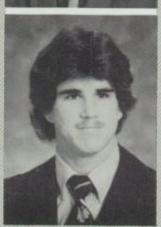

My interest in foreign languages first developed when I enrolled in French class in seventh grade. Attending Villa Park for my last three years gave me the opportunity to take my second and third foreign languages. In my sophomore and junior years I took German but due to a conflict in schedule with an AP English class, I was unable to continue my study of German during my senior year. Latin was the third language that I decided to take but by no means the easiest. Latin has helped me to come to a better understanding of the English language, and has helped me to gain a better perspective in my studies of French and German. For the last year we have housed a foreign exchange student from France and it has been an excellent experience. Because of this I have gained a greater comprehension of French culture and customs. I'll really miss Sophie when she leaves because we're as close as real sisters. Hopefully one summer I'll be able to visit her

As far as my college plans are concerned I will be studying for a degree in the International Business field which will entail a double major in both French and business.

My name is DAVE DEW. I grossed over 6,500 dollars in one summer. My occupation, automotive fullfillment. There are many things I enjoy in life. I like to ski, play tennis and go to the beach. But my favorite things are fast cars and "hot-looking" women. Not necessarily in that order. Ever since I was a little boy I've been turned on by cars and women.

When I was fourteen I decided to get one of the two! I went to the bank and found out that I couldn't afford either of them! But with my life savings and a little help from "good ol' Mom and Dad," I bought a thrashed 1973 Toyota Celica for \$175.00. It looked like it belonged in the old junkyard in the sky. Trying to save money I did a lot of the work myself. After a little money and a lot of time, I brought it back to life. It went from banged up maroon to smooth sparkling white. I then put it up for sale and sold it for \$2,300. At this time I realized I had a good business going making big profits and good money. My goal was to sooner or later get a Porsche.

After looking for a while I found in the paper a neglected Porsche. I bought that repossed Porsche for a small sum of money. And once again I fixed it up with a Ferrari Red paint job and new interior with the intention of selling it and making a large profit. I fell in love with it and decided to keep it.

As I said it's because they have many similarities. They always seem to drain your wallet, some have nice bodies, some don't. If they're ugly you don't want to be seen with them. I like fixing cars and selling them for a profit.

"I thought all of the lunchtime assemblies were a real treat." Steve Hedin

Going Out With Style

by Wayne Heller

Tennis is mostly played on a mental level. You must have a positive attitude toward playing tennis to be successful. High school tennis players are good competitors. Some people don't take practices seriously while others work very hard! For Villa Park tennis, you might say it's an up and coming program. The seasons of 82-83 the varsity team did not win one match. But in 84, we won five. The junior varsity team was a different story in 84. We won sixteen matches, but you play with

a lot of different types of players on the JV level. Coach Hay's comment on this year's team is, "All the players show a lot of desire to do well. Many spent time in the off-season working on their game. I feel we have a chance to improve upon last year's team." Practices are mostly hitting drills, running drills, and playing a set or two. Practices aren't that tough. It's fun playing sets, especially when it is to decide if you play in the next match. Tom Chandler is a prime example of having a lot of fun at practices. His overall appearance could be best described as flamboyant. Tom explains, "I'm excited about this year's team. The last two years have been exciting but this year 85, I hope the team will climb to number one!"

My best ski trip was to Utah with the Cal State Fullerton Ski Team. CRAIG M. ANDERSON and DAVE DEW went also. The trip was by bus and took fourteen long hours. There were two trash cans full of "refreshments" and by the time we were fifty miles away from home it was all gone!

The next morning we arrived at Salt Lake City and checked into our hotel. That same day we skied Alta. The crowds were smaller than I was used to and it was great. When we got back to the hotel CRAIG was getting hyper, and so was DAVE. We still had three days of hot skiing left. The first day was kind of a lesson. It was a long time since we had been skiing.

The next day we went to Snowbird. The crowds hit and the ski lines were long. Even with that we still had a blast. CRAIG had a camera and got about twenty three excellent pictures of jumps and spills until he lost the dumb camera in the snow. The hotel was one big party when we got there. I was surprised people weren't getting arrested. The next day we skied Solitude and it was alright. It started snowing on Saturday afternoon and kept snowing all night.

That next morning was our last day at the hotel and we had to patch up the hole I kicked in the wall. On our way to Snowbird our bus abnost flipped over when turning sideways while our driver was trying to regain control. That day was the best skiing we had. Three feet of powder all over the mountain. Visibility was zero, but, who cared?

Then came the long trip home.

As president of Sparticus, I tried to promote the spirit and sports as best I could. Villa Park has had a good year in sports. Our football team was the best we've had in a long time.

Many thanks go to KELLY for all her cooperation and help—she was a great president too. Thanks also to MIMI and LYDIA for all their involvement. Making it to all the games, meets, etc, was hard, and at times impossible with all the homework toward the end of the semester.

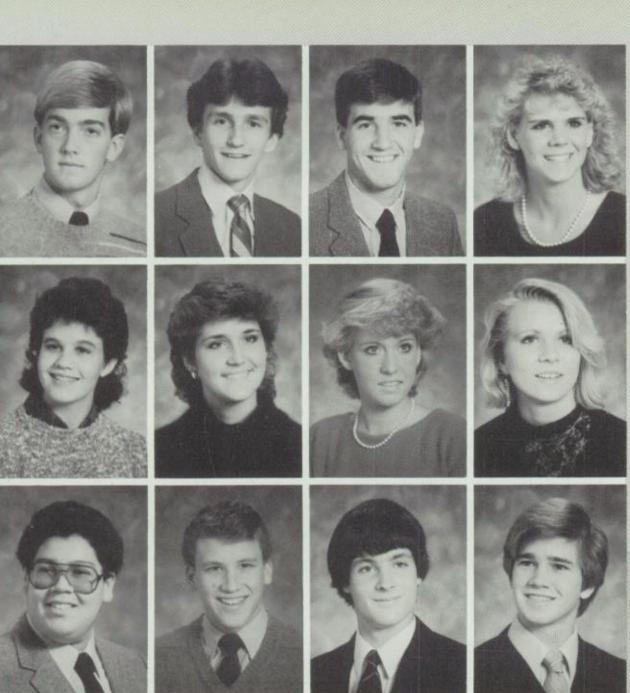

For its first year in existence, I think Spartacus did well. I hope it continues to grow through the years. I wouldn't want to thank our advisor, MISS PENDELTON, without her, things wouldn't have gotten done.

Cheering our football on to victory was never so much fun. We had a section roped off right on the fifty-yard line and everyone who wanted to cheer sat together. The film crew from the "Door" showed up one night and everyone got totally crazy.

Basketball games got rowdy, as usual, when both sides started yelling back and forth at each other. I'm glad I got the chance to get more involved my senior year. I had more fun this past year than I had the other two years put together.

The pep squad deserves a special thanks for all their help and encouragement — especially AUTUMN and DIANE. Thanks to everyone who helped to make this an exciting year.

The class of '85 is the best!!

Surfing, what can I say? It's a feeling like no

A typical day at one of my favorite surf apota Cottons' Point Upper Treatles. This day consists of waking up at about six or seven o'clock, driving twenty to thirty minutes with a good friend and seeing a buge American flag blowing on shore.

When arriving at Treatles, we walk down a winding hill, but then we find two to three foot slope. Instead of surfing, I end up trying to sleep and catch some sun, or trying to stay warm if that's the case, hoping it will get better.

While doing this, I usually find myself confronted by surfers wearing long, ugly, colorful shorts and bright day-glo sweat shirts with Maui and Sons printed on them.

There have been many days where it has been perfect, and I've been able to surf morning, noon, afternoon and still arrive home on time for dinner. After arriving home I am usually hassled by my dad who keeps telling me to get a job or

threatens to take my board away if I don't start raising my grades. Yeah, Right!

I've found dragging a girl along is not the greatest. Oh yeah, they look good in their tiny two piecers, but when I ask them if they saw any of my waves, I've received the usual replies. "I couldn't find you in the water or I always saw you falling." Yeah Right!

Thanks to all the flounders that helped me flounder these past three years at VPHS.

Football was an experience to remember. Everyday something different happened. Everybody seemed relaxed until the coach came around the corner. I always thought of him as a round-headed jolly sort-of-fellow who loved the sport. He always said "It's a great day to practice," even if it was raining.

Sometimes a stern talk was in order because we had been "messing around." This usually ended up in bear crawla.

We would play forever but coach CRUIK-SHANK was always there to keep everybody's spirits up while we were playing. As a practice came to a close, people would assume the worst. Were we going to run 300's or run 40's? The team dreaded when coach TARABILDA would condition us and make us do his "Terrible T" push ups till we did them right.

After we finished conditioning we had fifteen minutes to grab a soda pop and be in the film room. After we all slowly wandered in and settled down, we had to sit and watch each single play until our eyes started to water. Everybody always got tired of paying attention so we could not help but fool around. Coach would then lay a big "guilt trip" on us so we would be quiet for at least 10 more minutes.

Finally after what seemed like 2 days 8 hours 36 minutes and 11 seconds we bailed out as we talked about our next opponent and how we were going to cream them.

by Cindy Wells

"I wish I could have gotten the "Courage Award" for some exceptional achievement rather than just living,"

I received the Sports Celebrities Courage Award on November 14, 1984.

The Orange County Sports Celebrities contributes funds and scholarships to colleges, high schools and individuals who demonstrate scholastic excellence, athletic schievement and financial need.

Courage is a household word at our home. My brothers should also receive an award for what they have gone through.

I was returning home from a double date when a van crashed into the passengers side of the Mazda in which I was sitting. My parents rushed to the Western Medical Trauma Center where they thought to being me home that evening. When my parents got there the doctors told them that I was "still comatose." On hearing these words, my mother asked for a chair, Later they found out that I was paralyzed on the right side, had multiple skull fractures and a broken jaw. On the fourteenth day my father asked me to open my eyes, and I did a little, so he knew I was coming out of my coma. After a three month hospilization, I came home to a welcoming party of my family, friends, and neighbors. This was my last day in the wheelchair.

I came back to school as a Resource Specialist Program student in JOANN PENDLETON'S class. I also continued physical, speech and occupational therapy. None of the memory of my past life was erased, but the whole two weeks before the accident and two months after are gone. In my senior year I took several ski trips with my family and friends including one trip to Utah over vacation.

Through it all I still feel good about myself, enjoy life, and I am looking forward to going to college next fall.

Thanks to all the VPHS administration for helping me to be able to graduate this year.

by Steve Hedin

I got interested in playing the drums when I was in fifth grade when I saw a guy named MIKE KNOTT playing the drums at his house. He now plays a guitar and sings for an L.A. band called IDOL LOVELL.

My Mom and Dad bought me a shiny new snare drum for my birthday and paid for my lessons. Later they helped me pay for the rest of my drum set.

In seventh grade I broke my arm which upset me because I had to start over again.

In minth grade I was in a band with my musician friends, and we played at a couple of Jr. High dances in tenth grade. We also played in the bar at GARY COOPER'S restaurant and at a few parties.

When the band broke up I decided to stay home and practice eather than joining another band. My Jr. year I started to "jam" with my friend, STEVE VILNIUS, who plays the guitar. His uncle, JOSE FELICIANO, would let us use his sound room on weekends and would often "jam" with us. He encouraged me to continue with lessons and take jazz classes.

Listening to MISSING PERSONS drummer, TERRY BOZZIO, inspired me to practice intensely. He is a melodic drummer who uses the drums as a way to express his art.

I plan to join a band and hope to become a professional, making it big in the music business.

Throughout high school, the Dance Choreography and Production class highlighted years of excitement and challenge for me.

Warm-ups started all of my mornings. The class met first period and MRS. FOLKERT taught the class. Each member of the class was given the opportunity to lead the warm-ups. Bending twisting, reaching, and pulling filled our mornings. Running all over the small gym to wild music with leaps and turns filling each step we took were only a part of some of the more strenuous warm-ups we encountered.

Class time was spent improvising to different music, exploring movement through dance, discovering new dance moves and Improving our dance techniques. We spent the majority of our time choreographing and rehearing dances for upcoming performances. MRS. FOLKERT was always able to suggest ideas or help smooth out the rough edges of a dance. She let us learn by our mistakes and improve ourselves as dancers.

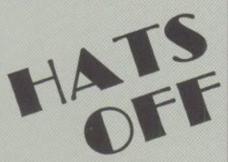

Concerts and performances always set an air of excitement over the class. The winter choreographers concert at Huntington Beach High School has always been the main event of the year. Choreographing the dances was the start of

long months of preparation. Next came learning and teaching the dances and the rehearsals seemed never ending. Early morning, after school, and evening rehearsals filled my life three

to four weeks previous to the concert. At last, the concert arrived, Villa Park had always been the school to present the craziest dances and "Nina Nanoo's Zania Mania" stole the show. The crowd went wild, With white bodysuits and white helmets with tiny mirrors, we were the school to remember, jumping and crawling all over the stage.

The class was a definite plus because I learned that learning can be fun. Thank you MRS. FOL-

Katy Stone

by Christina Kato

Throughout my life I have always enjoyed doing various types of artwork. At Cerro Villa Junior High school I enrolled in several different art classes. Practical Arts was my favorite one. This class, consisting of selected students, designed all of the artwork needed for campus activities.

At Cerro Villa I participated in the J.B. Rogers art contest along with LESLEY KUROSE, and ANGELIA WOOD-SIDE. In this contest we were given a limited amount of time to paint a mural on a large window. We received the second place award for our entry.

In my ninth grade year, I designed the graduation cover and title page of our yearbook. Upon graduation, I received the Robert Hendrick's creative art award.

Last year I designed Villa Park High School's 1983 Homecoming buttons. This year I was selected to design the 1984-1985 yearbook cover. I was also asked to do various other types of artwork throughout the yearbook. This included such things such as the title page, end pages, and division pages. Although I put a lot of work and time into it, I really enjoyed it. It was an experience that has taught me many new things about art.

by John Russo

After a 14 hour flight over 10,000 miles of land and water my six month Australian adventure began, I wasn't quite sure if being an exchange student and being away from my family, friends, and school was what I really wanted.

I arrived in Orange N.S.W. on January 22, 1984 where I met the WEBSTER family who I was to live with for the next six months. The WEBSTERS were a terrific and hospitable family with five children, the youngest being twenty-one. Orange was a small rural town about a three hour drive west of Sydney with a population of approximately 31,00 many being farmers and sheep herders.

When school finally began I was a bit nervous and did not know what to expect. My first day at Kinross Wolaroi, a private co-ed school with approximately 600 students ranging from kindergaeten to twelfth grade was very different from that of Villa Park High. Being a private school I found it much more difficult and very strict. Since I was the only American in the school it was a bit difficult for me as many of the students always asked me questions about myself and my country. I must say sitting in class, wearing a uniform, having to stand when the teachers entered the room, and singing every Monday was definitely different. Another mandatory activity of Kinross was to join the

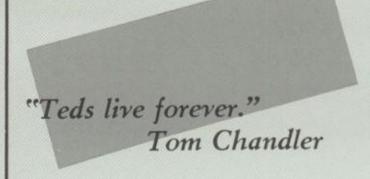

Army Cadet unit. This was the preliminary training for the Australian Army. We marched for many hours and spent much time in the outback.

Living with the Webster family was both a cultural experience and a pleasure. The weekdays were ordinary but the weekends and holidays were great. If I wasn't lifting weights with Mr. South Pacific, WOLF RITZ, I was harvesting lettuce and working with the sheep on GARY WEBSTER'S ranch, or sightseeing. Being so busy I had little time to get homesick.

Being an exchange student to the "Land Down Under" was one of the best experiences I have ever had. It gave me the opportunity to learn the culture of another country, and I must say the Aussies are great people. This was a time in my life I will

Nicola Boyle

by Eileen Kitagawa

On the eve of Super Bowl XVII, January 22, I met DAVID ANDREW FOULKES. We met at BRAD DENNIS' house. They were on the same soccer team, the Outlaws. It was definitely not love at first sight, I thought he was a creep when I met him, but later on in the evening he introduced himself to me. He was hilarious. I had never met a person funnier than be. We exchanged telephone numbers, but he didn't call the next day. So I waited for awhile, and then I decided to make the first move, I called him. He asked me out on a date. Our first date was great. I couldn't understand anything he said because of his Welsh accent. Anyway, we went out steadily for 8 months and we became very attached to one another. He moved in and lived with my family in September. He had a job with my uncle and it was easier for my uncle to pick ANDY up at my house than the house he lived in before. After a period of time it seemed as if we were married, we went everywhere together, practically.

When Christmas came around he gave me a promise ring, but marriage was still something not taken very seriously. As months passed, ANDY felt the need to go back home to Wales because there weren't very many job opportunities for him here. He left in July, but two weeks later we lost a dear friend, JAY WALTER, he died in an accident. The whole summer was a very traumatic time for me. I felt as if I had aged 20 years in 2 months. But ANDY and I stayed in touch, we called each other every 2 weeks and wrote letters. Then I came over to Wales after saving up for months. I proposed marriage to him on Christmas, but he didn't take me seriously One week later he announced our engagement, at just a little after 12:00 am January I, 1985. We celebrated at the pub called the Castle, where we went everyday during vacation. We don't plan on the wedding for about 2 years. But I am moving to Loughborough, England in July, and we will make plans then.

Headed In The Right Direction

by Lesley Kurose

Participating in sports has always been a positive influence on my life. During my three years at Villa Park High School I have been a member of the varsity soccer and tennis teams.

This year I played doubles on the varsity tennis team. My partner, CHRISTINA KATO, and I finished the season making the All Century League Honorable Mention Team. Our tennis team earned the title of Century League Co-Champions with Foothill High School. We defeated Foothill this season for the first time ever in their sixteen year history. Our success was largely due to TANYA STA-SUIK and DIEDRE WILSON, two of the top singles players in the league.

Since my sophomore year I have participated on the varsity soccer team playing under the direction of our coach, MR. CORRADINO, who has made soccer more than just a game. We have been the Century League Champions for the past two years. Last year we were defeated by Pacifica High School in the semi-finals of the CIF competition. Even with the loss of KRIS FONTANA, last year's Century League Most Valuable Player, we are hopeful that we can continue our success this season.

What's a recent political wipe-out doing wrapped up in the California Youth Legislature for three years? That's a bizarre question I found I was asking myself.

For the past three years I have been an active representative of the California YMCA model Legislature and Court, and all of this time I was trying to figure out why. Finally I discovered it was not only educational but a heck of a good

All the YMCA's throughout the State of California gather at the state capitol in Sacremento to "run the government" for four days in February each year. This educational program has existed for thirty-six years and is in its thirty-seventh

The program starts each year in September and runs through May ending with the counties program. My Sophomore year was my first experience in the program. I was an assembly woman for the 35th model Legislature and court, and represented the Orange YMCA.

It all started at Chapman College in November where the Southern California officers were elected, I really wasn't sure how our state elections ran. Soon the elections were over and I began to realize there are what they call dirty deals existing in our government.

On to Camp San Luis Obispo in January for the final elections and training conference. Now that the youth governor and Lt. governor had been elected. I guess I was ready for the big time in the assembly chambers and 950 other teenagers from all over California here to step in and

take over the governmental jobs as elected youth representatives to the state.

My second year I was elected as Chaplain to the Assembly. This honor was the high-light of my governmental experiences, it was even better than dinner with Governor George Deukmejian last September at the Irvine Marriot Hotel. I was elected into office, I was finally important.

My third and last year I once again was a member of the state assembly and served on the transportation committee. Now I do not even consider asking myself what I got into. In the past three years I have had the privilege of attending three Governor's Balls and have had dinner with the governor and served as an elected member to our state government and, not to mention, all of the friends I've made.

No, I would never regret the past three years representing our state as a youth member to the YMCA Model Legislature and Court.

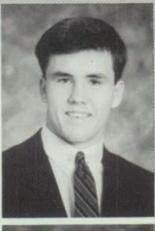

FR double E" Lynette Kopychi

Acound 7:05 pm, November 17, 1983, I felt as if a hundred butterflies had been set free in my stomach. At approximately 7:30 pm the curtain opened to the first play I'd ever been in.

I play JILLIAN GALBRAITH in "Belies on Their Toes." Which, with the help of NANCY GRISSINGER and all the other cast and crew members in the play, turned out to be one of the most memorable times in my life.

Most people don't realize the hard work, determination and comaraderie that goes into putting a production together. Being able to bring a tear to someone's eye or a smile to someone's face is an unforgettable experience.

As Drama club vice president, I've had the chance to work with many very talented people, such as KYLE MYERS, JIM FIELDS, COLLEEN DRISCOLL and TINA HUCKLE. There are so many others I can't mention them all. A lot of our time was spent watching other productions like "Robber Beidegroum" at Santa Ana College and watching a live taping of "Facts of Life." We had a great time meeting all the

wonderful actors and actresses.

Ever since I can remember, I've wanted to be an entertainer. I know that the road to fame is a long one, but I'm willing to walk it because I know when I get there it will all be worthwhile.

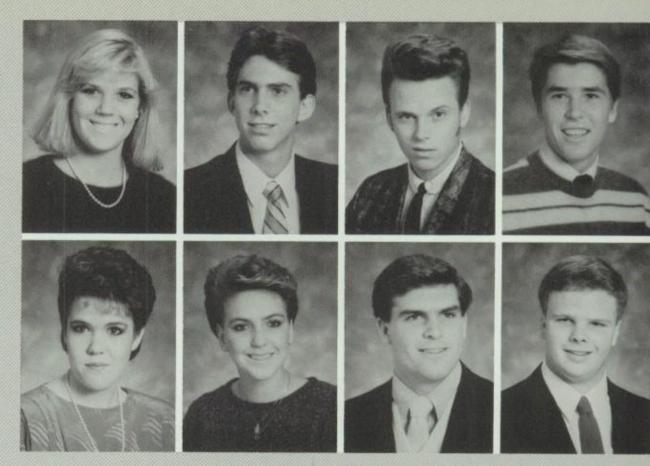

What happened to all the gorgeous guys like when I was a sophomore?

So you want to know what I do in the army. Well my job in the army is 11B. That is read eleven brand infantryman. That's right, I'm one of those guys you see in the war movies.

Right now I am in the California National Guard. My unit C-4-160 INF(MRCH) is one of the few Mechicizeo infantry companies in Southern California. Mechicizeo infantry is when infantry troops move by means of Armoured personal carriers. Our tactics also differ in a few ways from the regular infantry.

I go to my drills once a month and I have two weeks of annual active duty training. On the drills, I train for my job, which means I am usually out in the hills hiking around. My current level of training is basic infantry skills. This covers from the weapons I use to defense from nuclear biological chemical warfare.

While on my drills I carry two weapons, the M16A1 and the dragon anti-tank missile. While using my M-16A1 as personal protection I use the dragon to protect my armoured personnel carrier from any armoured threats, such as Soviet tanks.

Most of our drills are either located at Fort Irwin, California (the middle of the desert where we perform almost all of our mechanized operations) and Camp Pendleton. Once a year we go to Warner Brothers Studios for riot control training.

During basic training, I was the youngest of my company and that still holds true, because I am the youngest out of my new company. This has its draw backs because it is very hard to be so young and train with people that are much older than yourself.

I feel that all young men should join the service for at least two years. The military is a good way to grow from a boy to a man. It teaches people to be able to handle very big responsibilities and to take care of yourself.

No matter what anyone says to me about the military, or what it stands for, nothing will deter my loyalty to my country or my being a good soldier.

by Dawn Weingattener

The Orange Police Explorers seemed to me like a great way to become involved in my community. To join the explorers post I only needed to attend these consecutive meetings and pass an oral examination. The post is involved in many community activities like helping in parades, checking street lights for buent bulbs, and licensing bicycles. Some of the other things we do include target shooting with revolvers and attending a military academy base for a weekend.

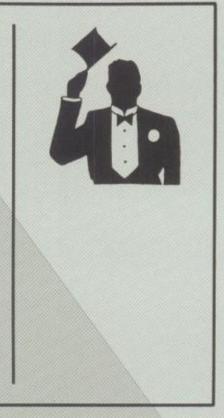

The first xix months in the post are a probation period. After the probation period is over, several other privileges are given to the explorer. With the passing of a written exam, the explorer can go on" ride alongs" with a police officer for a shift.

The uniforms we wear include black shoes, blue pants, a belt, a flashlight, a whiatle, a long sleeve or short sleeve shirt, a tie and a jacket. Once the probation period is over another belt is given to the

My post has several ranks beginning with explorer then advancing up with corporal, sergeant, lieutenant, captain and advisor. To move up in the ranks a written and oral examination must be passed. These exams are given in January. I have chosen to remain as an explorer so far because I don't know enough to pass the several page test.

Some of the many things that I have learned from the explorers, besides how to do push-ups, are discipline and respect. Each meeting begins with inspection and push-ups. The more things that are found wrong with appearance like a button unbuttoned, the more push-ups are required. I always manage to accumulate around twenty five a

by Sandy Mehr

It was three years ago that my dream of owning a horse came true. However, times have changed from owning my first pony. Now my family has acquired an Arabian, Morgan colt, and mare. I am training the Arabian and the colt for show. In fact, I will be breaking the colt to ride in a couple of months. He is our pride and joy as our first foal. The Arabian I will be showing in dressage this spring after a year of strenuous training. BURT PHILLIPS, my trainer, has helped to make this possible. He has given me the guidance for training these horses. Also, Exploratory Work Experience has given me the chance to be able to spend the proper amount of time in training them.

This experience with the horses enabled me to have my most exciting opportunity. This was working in the Modern Pentathalon last summer for the Olympics. My work consisted of caring for, exercising, and helping to prepare the horses for athletes to

ride. The Modern Pentathalon was held at Coto de Caza, where I stayed since my work days consisted of ten hours. In this way I was in closer contact with the athletes, since I stayed with a host family. I was also able to learn some of the various and unique skills from the people with whom I worked.

The actual day of competition was most exciting. There was a feeling of anticipation as the athletes tried to familiarize themselves with the horse that they were about to ride in competition. This was the first time that the athletes were allowed to see the horse that they would ride. Therefore, I was to give the particular rider a briefing on the horse and anything useful for him to know about his mount while in the competition ring.

This opportunity will always be one of my special memories. Presently my family is hoping to raise miniature horses.

"Those with no dreams can never have dreams come true."

Vicki Berg

by Robert Olson

I began oil painting when I was about nine years old. I was enrolled in a private art class in the fourth grade, and since then I have created many paintings. I enjoy variety in my artwork so my paintings vary from people to still lifes and animals to sea and landscapes.

Though I have tried other mediums, charcoal, pen and ink, watercolor and pencil, I find oil to be my favorite. Sometimes I paint from pictures, but usually I make it up as I go, thus making my own creation.

My favorite artists would be ALBRECT DURER, the German p German painter whose intricacy is unbelievable; CARL LARSON, a Swedish watercolor painter whose quaint pictures have brought him worldwide fame; and, of course, NORMAN ROCKWELL. He's probably my all-time favorite because of the mood be can set in his artwork.

Recently, I finished a painting of Neuschwanstein, an intricate castle in Bavaria. Pictures like these, along with still lifes, they probably take the longest because of the detail.

Right now I am under the instruction of MRS. BAR-BARA FELISKY, a great artist who sells most of her paingings. Though I have been asked to sell my paintings, I

would rather just give them away as gifts, at the Anaheim Convention Center, so I don't think I'll make a career of it. There really is money in art if you're good enough, but I plan to keep painting just as a hobby. Oil painting is a good way to relax while having fun creating something worthwhile. I plan to keep this hobby for the cest of my life.

Dressed up like the drummer from the Cars, Nanette Hager participates in the annual Lip Sync contest.

Graduation: Now a Reality

After watching a pep rally at lunch, John Shamlou, Paul Daniels, John Russo, Bob Valentine and Ryan Gillette eat the rest of their lunch before heading to 5th period.

Work, work, work. That's all I seem to do.
"Thank you, have a nice day" is one of the phrases I must say a thousand times a day. It kind of becomes a habit, so you don't even realize what you're saying. Sometimes it's hard to be nice when you're in the worst of moods. I'm DEREK GUELKER, your feiendly neighborhood Alpha Beta boxboy. Being a boxboy is but one of the many part-time jobs that Villa Park students slave at for low wages. When you're so busy working and going to school the hard thing is, "When will I have the time to spend it?"

"Hey, DEREK, what are you doing this

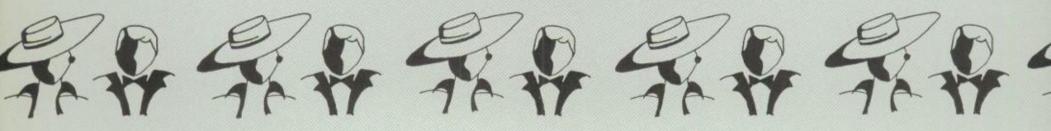

"Well, I'm working Friday night, Satur-

day night, and Sunday morning, so I guess you could say I'll be living at Alpha Beta this weekend."

This is one of the occurrences in my life and I'm sure I'm not the only one. Jobs like mine only make me want to make something more of myself in the future, not working in a boring place like mine. Now let's get real! Bagging groceries and getting carts gets a bit tedious after many months.

I guess you could say it's tough working, going to school, and still trying to find some free time. Well, twelve years down, only four more to go. Then we'll have to work all the time, so I guess we don't have it that bad after all.

page by Diane Tomlinson

by Stephen Vilnius

Ever since my sophomore year I've spent my free time playing guitar. Obviously, playing in a group with other musicians is a lot more exciting, so my very first day at V.P. was spent searching for others who wanted to start a band. That was almost three years ago. I was just 14.

Since then, as much of my time as possible has been spent jamming with friends, working on jazz guitar in the Jazz Band, and practicing in the bands that have come and gone. What was great was that each band was better than the last and the musicians were more proficient on their instruments. We spent many long hours perfecting each song and strengthening any weak spots. I must thank my uncle, JOSE FELI-CIANO, for spending his time with us, pointing out whatever we needed to work on, either individually or as a group.

From the start, the groups I was in always played dance music. It was what we wanted to play and what people wanted to hear. Groups like Duran, Duran, the Police, Billy Idol, Missing Persons, Big Country, and

U2 all had a place in our repertoire. I always felt that a good band would play good music, with a style and energy that would make people want to dance and have a great time.

Villa Park has never realized how many talented musicians have come and gone or soon will be in the past three years - talented people like TED ANDREWS, SCOTT BEASLY, BRIAN STONER, PHIL CAR-NEY, and GEORGE PETERSON on guitar; MIKE BULLARD, JEFF NOVEMBER, and ROB HELTON on bass; CHRIS MELANANDER, BEN NISE, and JEFF ALU on keyboards. Let's not forget the great drammers that have played at many of our parties and dances - remember BRAD SMITH, CRAIG TEIGAN, KEVIN RESKEY, STEVE BIANCO, and my good friend, STEVE HEDIN. All these guys are good friends of mine, and they are talented.

This year the class of '85 will graduate. Let's not forget the good times and the music we had while we went to high school.

Computers are not only good for organization, business and games, but they help better today's education. Through my interest in computers I have increased my thoughts in business and helped my education along.

Today's market is focusing on business computers which will teach children to focus on the future. Many companies are programing software to help students with geometry, grammar, and various reading skills. Through this type of software I have studied the S.A.T. and English Study programs.

I became interested in computers at Saint Mary's High School and wen businesses. I have programmed some accounts at Villa Park Travel, as well as Eliminator Boat Company. I belong to computer clubs and spend most of my time programming software for others to learn more about computers.

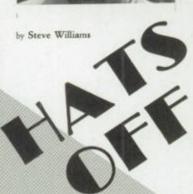

From bettering education to organizing businesses, computers will stand for tomorrow's triumph.

A few years back, I was watching a movie named "Flashdance." The movie started to drag when out of nowhere I saw something that really pushed me back in my seat. These dancers introduced an entirely new and fresh way of dancing. To say the least, I was more than impressed. The way they "glided" backwards, spun on their backs, and moved their bodies was really something special. This form of dancing became known as breaking and popping.

At the start, a few talented dancers introduced this new type of dancing. One problem with this breaking is that sometimes it sounds like an obnoxious DJ talking with a scratched record in the background instead of music. Don't get me wrong; breaking takes more patience and †Yalent than I will ever have.

Not only is break dancing fun to watch, but I think watching them warm-up is even better. During my second period Algebra II class, my friend BRENT SUMRALL and I would pretend we were warming up to break dance. That was so funny! Now break dancing even has its own magazine on the newsstand, including step by step instructions on how to break.

In my opinion, break dancing has died out a little bit and lost some of its popularity. Break dancing has sort of come and gone, but I still think it's great to watch. It can be really dangerous though, if you don't know what you're doing, and I'm sure it's not too great on your clothes.

DEBBIE TESTA

February 25, 1967-March 31, 1985

To Debbie.

It's hard for me to think about this past year without the memories of you. We had many good times that I won't ever forget. As I go through the past I think about the time when you went to the U2 concert and came have to find out that your "good" friend broke into your house because she was cold. I'm sorry that your belief of another motive was never discovered. But better times were coming. Over Christmas vacation when you went to Mannioth, when you returned you wouldn't let anyone forget who your favarite V.P. baseball player was

As the year went on there was Coronation with Dean, I remember how excited you were to go. The month of February led to many trips to U.C.I., Julie's party, and our lun day in Santa Aria with high hopes, but we had to return

a little disappointed.

How you managed to stay in constant battle with Darrin must have taken some effort, but I remember how you said that you would never trade him for a different brother.

Debbie, I don't know why you had to leave us so soon. Who knew what to expect in the future. I miss you so much. We all miss you, Herb, Tim, Mark, Scott, and Natalie. Every day events makes me want to go home and call you on the phone to tell you all about it, but you're not there. Debbie, you are missed so much, but I can't bring you back so I must go an without you. I am now closing my book of memories for now. I someday hope to be united with you. Until then

Love Always in Rememberance,

Denise

CLUBS AND ACTIVITIES PURE MOTIVATION

Krista Pangburn, Tanya Ferris, Denise Ingle, and Kelly Halligan were the many students who participated in Club Rush Day.

hat force pulled VPHS students to become involved in the many clubs and organizations? Was it the club or the people in it?

Clubs like Honor Society and California Scholarship Federation (CSF) have strict standards regarding the grade point of its members. These clubs didn't throw parties or sponsor dances, but held only a few educational activities. However, these clubs were two of the most popular clubs on campus.

Why join? "I believe being a member of CSF or Honor Society is a big plus as far as college credibility is concerned," said senior Alicia Brown.

The VPHS campus had four foreign language clubs for students to participate in. The French, German, Latin, and Spanish clubs helped their members learn more about other cultures. "I enrolled in the Latin class, for it not only helped in my Latin education, but also in familiarizing me with the Latin culture throughout different and amusing activities," stated senior Sebnem Kanatsiz.

There were a few clubs on campus which also involved people outside of VPHS staff and students. The Associated Women Students, and the Key Club participated in many projects which benefited the school and the community. Key Club traditionally participated in the Red Cross Blood Drive, and sponsored the Sweetheart Dance, and AWS sponsored Sadie Hawkins.

There were clubs which introduced

VPHS students to the new technological enchantments. The Computer Club provided everyone the chance to talk about their programs and show them to everyone. "It is usually fun when we have a meeting," said sophomore Keith Bursack.

Another club on campus which gave students an enlightening experience was the Spartan Flyers. Led by ex-counselor, Mr. Keith Reid, VPHS students learned about aviation and got a chance to fly solo.

There were also other clubs not directly recognized by the administration. Such clubs included the Surf Club, Yacht Club, Bridge Club, and SADD (Students Against Drunk Driving.)

In the effort to promote the clubs, and interest students in joining them, a school Club Rush Day was devoted.

There were several attractions, each representing the club sponsoring it. And what better way to attract students than food. German Club sold tantalizing pretzels, French Club offered delicious croissants, chocolate was sold by the Latin Club while popcorn was engulfed by many of the students who took an interest in Drama Club.

Despite all the food, neither one of the clubs attracted more students than the Dance Club with their Dance Choreography performance. "I didn't get to find out too much about the clubs because I was too busy watching Dance Choreography," stated senior Jack Jessen.

Club Rush Day was one of the most successful events of the year according to VPHS students.

VPHS is known for its outstanding assemblies such as the Dating Game. Two students from El Modena were brought to VPHS to choose a date from one of three students from VPHS. The prize was a 45.00 dollar certificate for dinner at Bobby McGee's, Kathy Bogart, one of the winners excitedly said, "I just about died."

"I didn't get to find out too much about the clubs because I was too busy watching Dance Choreography."

Jack Jessen

Another participant, Pete Molinari, stated, "I wasn't chosen but I sure had a great time being in it."

So no matter what type of club or activity, assuredly VPHS students would join.

While eating lunch Suzanne Wooters, Shaunna Larsen, Stacey Kirschner, Lori Beechan, Pauline Kamiyama, Shannon Hall, Colleen Obuljen, Gina Genova, and Kristina Harnden attend an AWS meeting.

Introduction 73

ASB Continues Spartan Exellence

I realize a lot of people don't know what I do as Commissioner of Inter-Club Council and Services. I have several duties and the most popular one is my involvement with Club Rush.

It is my responsibility to plan and organize Club Rush day. In the beginning it was a little hectic and crazy, but the results of everyones' hard work and enthusiasm from the clubs and student body made it a success.

There are many other besides Club Rush that I do (service projects.) Those projects are not quite as popular as Club Rush, but they are twice as important.

One of our achool's major projects this year was "Christmas Giving," One of the reasons I especially liked this project was that it gave everyone on campus a chance to participate.

My goal as ICC Commissioner was to get Villa Park involved in services, and I believe this goal was accomplished.

During first period, Deborah Bussell makes an agenda for congress meeting.

All photos by Maureen Mesaros.

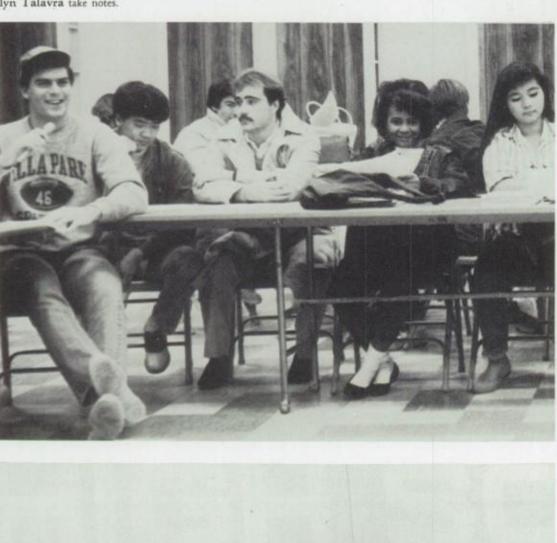

Katie Czark, Robert Vance, Tina Garifo, and Deborah Bussell write down ideas for a dance sponsored by ASB. Todd Iger and Pauline Kamiyama discuss the budget.

"ASB isn't all that easy, but I enjoy it a lot!" Kim English

page by Tina G

Brian Raum speaks aloud in the congress meeting while Chris Chu, Chris Stamos, Uzama Price, and Genalyn Talavra take notes.

he ASB Cabinet scheduled many activities for the student body. Eric Scott, ASB President submitted his ideas which guided the rest of the cabinet in formalizing student activities.

Dance activities were delegated to Commissioner of Activities Kristin Norman, Senior class President Tracy Burdine and Junior class President Carolyn Romero.

Henry Wiehebrink, Board of Control, committed himself to insure that all elections ran smoothly, efficiently and that election results were posted as quickly as possible.

Todd Iger, ASB Treasurer, Pauline Kamiyama, ICC and Kim English were on time to school board meetings and efficiently and timely processed purchase orders and coordinated club meetings.

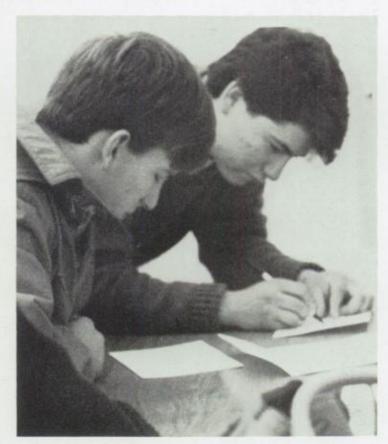

Commissioner of Grounds, Brad Dennis beautified the school with several newly purchased trees.

ASB Vice-President, Brian Raum chaired the House of Representatives meetings as secretary, Deborah Bussell took the minutes of each meeting.

The click of the shutter and the flash of the light was the tell-tale sign of historian, Tina Garifo, taking candid shots for the the end of the year slide show. Updating the school marquee was a tedious task, but Commissioner of Publicity Kristen Panizza did it willingly without "Complaining." EDC Robert Vance attended school board meetings seeking different ways to help develop the students' education.

Sophomore President, **Ken Domer** worked on the spirit day. Throughout the year he held fund raisers to help make money for next year's Prom.

Commissioner of Pep, Katie Czark, planned all the spirit assemblies.

Brad Dennis and Eric Scott sign a purchase order.

Kristen Panizza and Carolyn Ramero change the marquee for the third time that week.

A salways, the Board of Control counted votes for the sophomore class and ASB elections, sophomore cheerleading and Homecoming. The board was made up of three sophomores, three juniors and five seniors.

The SACABE representatives attended one meeting a month at various high schools in the Orange Unified School District. Kim English also attended school board meetings. Kim represented our school at the Board of Education meetings. The image the board has of VPHS was through Kim. She took part in the discussions, tried to voice student opinions and answered questions from the board member about what students thought and felt.

of our meetings

Traci Petty

— Traci

Board of Control: Beth Stuart, Nicole Genova, Lara Steensland, Shannon Geary, Pete Molinari, Todd Moeller, Ranae Randels, Chairman, Henry Wiehebrink, Wes Jacobs, Karen Howlier, and David Dew.

Board of control chairman, Henry Wiehebrink discusses school activities with Ms. Juli Thielman.

raci Petty, Perri Selman, Kim English and Katy Stone make-up the SACABE council.

by Perri Selman

It was a cold early morning when KIM ENGLISH, SACBE representative TRACI PETTY, KATY STONE and I jumped in KATY'S yellow Pontiac and headed for Orange High School. We were going there to attend a SACBE (school board) meeting along with other SACBE reps from El Modena, Canyon, and Orange high schools.

When we arrived we headed for the Student Center, where the meeting was to be held. The mall, brown, portable building with a large table with about ten people seated around. We sat down and feasted our eyes on a complete breakfast of french toast, bacon, scrambled eggs, milk and orange juice.

After everyone had arrived, the meeting began. There were many topics to be discussed: energy conservation, campus clean-up and athletic transportation among others. The meeting lasted about an hour. During this time TRACI fell asleep, I ate two breakfasts, and KIM forgot to write down what MS. THIELMAN told her to.

After the meeting ended, we cruised around and got gas before going back to school.

Well, the SACBE meeting wasn't too exciting, but it sure was better than a morning of ICM.

VPHS Government Strives For Excellence

SACBE commissioner, Kim English takes her time to report on the Board of Education meeting.

Fortune teller sees all

Jeff Johnson and his date Jeanie Cline dance to music provided by the video DJ, while Colleen Triggs and Katy Stone are tied up as Shannon Hall looks for her date.

irl-date-Boy, sponsored by Dance Choreography, was recentered around the theme "Arabian Nights."

The gym was decorated according to the theme with flying carpets, a Taj Mahal, and Arabian tents. "We spent a lot of time painting and hanging up decorations for the dance" stated senior choreography member Liz Tait, "we were there up until the last minute on Saturday decorating."

Entertainment was provided by a video DJ. Kathy Taylor, from Orange Coast, volunteered to belley dance which added additional entertainment. "It was fun watching the way people reacted to the belley dancer." commented junior Chris Stewart. Also a fortune teller told couples' fortunes free of charge.

The time and effort put forth from the choreography members resulted in a great success.

"The best part of the whole evening was washing the dishes," laughed seniors Shaunna Larsen and Mark Margolis.

Just watching the belly dancer is too much for Jarrod Brown and Craig Morehouse. They had to jump in and show her their stuff.

Mark Zechiel and Kelly Van Horn were one of the couples who attended this year's girl date boy dance.

Dyanne Court and Andrew Nichol enjoy each others company.

Girl-Date-Boy was an interesting evening. My date was MATT PAYNE, we doubled with TANYA FERRIS and CRAIG MORE-HOUSE.

Two days before the dance we rented a limousine. Two hours before the dance we had our navy blue Audi.

Two o'clock the day of the dance, we received a phone call telling us that our reserved lime had gotton into an accident that morning. The caller told us she was sorry, but we wouldn't have a lime to take us to dinner and to the dance. It was supposed to be a surprise for our dates.

After our disappointment set in, we decided we would get ready, and pick up our dates.

We brought them back to our house, put on our flowers, took pictures and had some drinks.

About a half an hour later, we

went to dinner at the Orange County Mining Company in no lime. We had to settle for our blue Audi.

Our seats overlooked most of the city and an incredible sunset.

Our dinner consisted of shrings scampi, artichokes, crab, and lobster. After stuffing our faces for an hour and a half, we paid our bill, and went on our merry little ways.

About half an hour later, at my house, KELLY HALLIGAN and her date FRANCISCO TALE-VERA showed up. We goofed around for about another hour, and decided to stroll on over to the dance.

We started with the taking of our pictures, danced for about an hour, and decided to take off for my house again.

Our exciting evening ended about 2:00 a.m., when we kicked our dates out of the house.

"When I graduate these are the times I'll miss!"

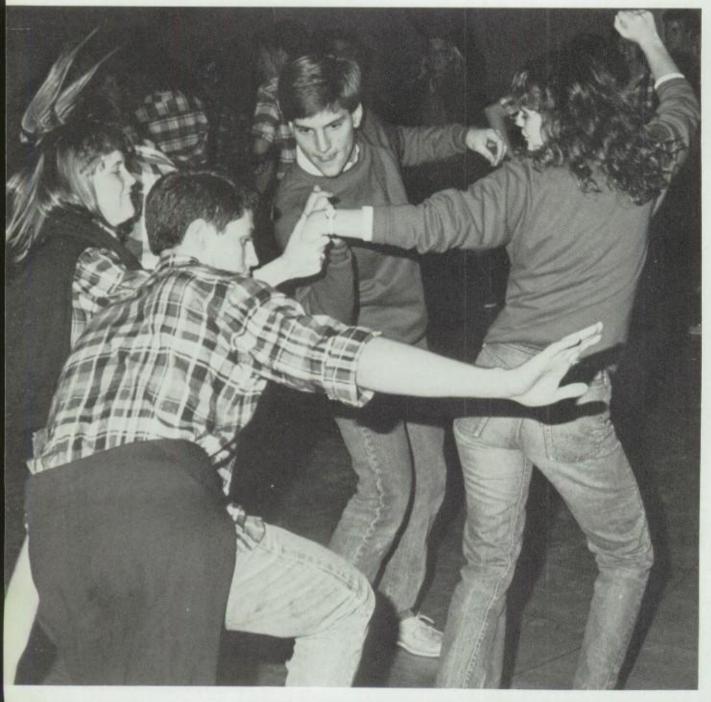

Margaret Naruse

OVERALLS FOR TWO

Kristin Panizza looks on as boyfriend, Pat Glenn, signs their "marriage certificate."

Chantelle Cawley teaches Jeff Zaremba how to snap his fingers.

Seniors Jennifer Holmes, Wes Jacobs, Brigitte Prevot, and Henry Wiehebrink show their unique dancing abilities at this year's Sadie Hawkins.

Jim Radzik and Kim Bystedt dance to the popular tunes of Papa Doo Run Run.

page by Joy Tunstall and Kathy Bogart.

by Andrea Everett

When I was picked to be on A.W.S. council I decided right away that I wanted to plan Sadie Hawkins. I knew it would be difficult, but I didn't care.

About a month before the dance was to be held, I started organizing things. I really didn't know all of the things that had to be taken care of until KRISTEN NORMAN approached me and asked me what I had already done. She had just finished organizing Homecoming and so she knew what was needed. She wrote me a list of about 20 things and after reading it, I knew I had a lot of work ahead.

I think the hardest part of the Sadie Hawkins preparations was making the tickets. My friends, ELAYNE HOOKER, SHAELA PRIGMORE and JAMIE FASBENDER spent hours with me cutting, writing, gluing etc . . . We really had a good time though. We made enough tickets for 290 couples, but I ended up having to make 100 more on the last day of ticket sales.

I really wanted Sadie Hawkins to be successful because it is my favorite dance of the year. The A.W.S. council decided on "Papa Doo Run Run" because we figured that almost everyone would enjoy their music, and I think they did.

Personally, I had a great time at Sadies, although, I wasn't there for very long because I had spent 5 hours that day decorating the gym with other members of A.W.S. From comments that I have heard, I've concluded that Sadie Hawkins 1984, was another successful dance.

laid shirts, cowboy boots, denim skirts, and blue jeans were among the fashion at the annual Sadie Hawkins dance. Sponsored by A.W.S., (Associated Women Students), the dance was held on December 1st.

A western style theme, "Overalls for Two", prevailed. The girls treated their dates to a country atmosphere filled with hay, fake marriage ceremonies, and pictures by Albert and James. Students danced to the popular songs played by "Papa Do Run Run," a well known 50's group. "My friends and I really got in to dancing to the awesome tunes," stated senior Henry Wiehebrink.

"Sadie Hawkins has always been the wildest dance" Todd Moeller

A main attraction at the dance was the refreshment stand. Mrs. Paula Burton, President of the P.F.S.O., brewed homemade rootbeer and made ice cream floats. Also, in huge baskets lined with checkered cloths, was freshly popped popcorn. "Most of the people at the dance had just finished dinner and this was the perfect dessert," said senior Laurie Kessel-

This year's Sadie Hawkins proved to be yet another great dance at V.P.H.S. "This dance is my favorite because you are dressed in casual clothes so you can be yourself," said junior Brenan German.

The approximately 750 students who attended the dance in matching shirts and "Overalls for Two," kept the hoedown alive and so goes the tradition of Sadie Hawkins.

Christina Fairbanks and Tim Seabold enjoy each others company.

As the curtain falls on the final performance, the cast and crew prepare for the cast party.

Besides sighs of relief, and cries of joy, the back stage conversation revolved around what was planned for that night. "Give your money to KYLE or COLLEEN for the drinks." "TINA Hurry up! LAURA and GLYNNA need directions." "JIM can you give LYDIA, DAVID and RON a ride?" "Thanks for the flowers MIKE and RON." "LEANN can I have a ride?"

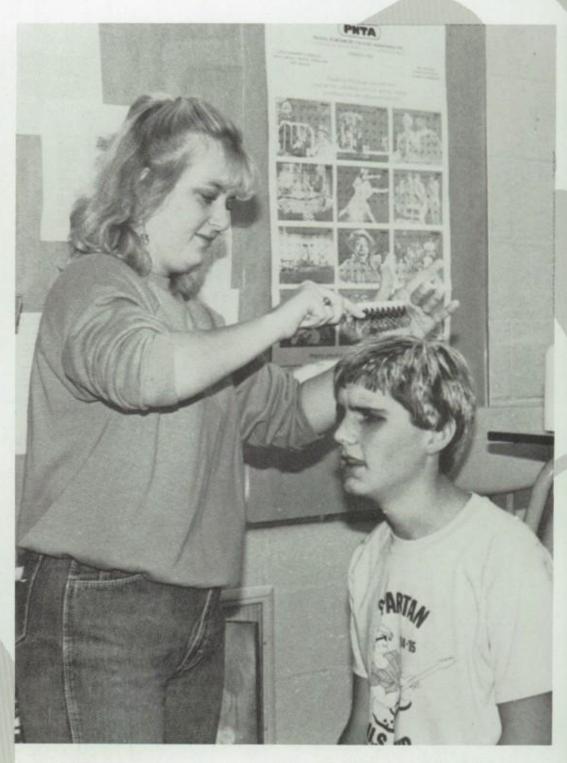

The cast party is a tradition where everyone gathers at one of the cast member's house. It is also a tradition for each cast member to receive a gag gift in relation to their character. This year it was done differently. Each cast member drew a name in the cast, then brought a gift for that person. The crew member usually receives a play tool set, and the director flowers and a plant from the cast and the crew.

The party is for relaxing after a very stressful night and also to play corney games, eat food, and laugh about all the mistakes or jokes among the cast and crew members.

As everyone piles into cars on their way to the site of the party, they realize that from now on they can go home after school get homework done early and stop memorizing lines.

HARVEY was over and done with but the memory of the fun and hardwork and new friends will remain with all involved for years to come.

Mini DeLamarter adds a touch of gray to make the judge (David Morrison) appear older.

by Darin (Scoop) Haskins

NEWS FLASH: HASKINS ELECTED NEW EDITOR-IN-CHIEF ... Well, maybe it wasn't quite so dramatic, but it was still pretty exciting to me

On that fine day, I joined the ranks of the local rag immortals: JOHN JOYNER, KEITH HAS-KINS, KENNY SALGADO; not your everyday list of journalistic nobodies.

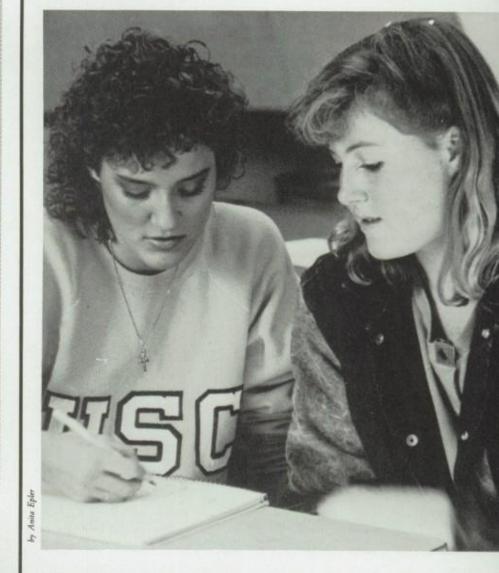

With my editorship came an extensive list of chiefdom responsibilities, including: time-consuming, long-distance, off-campus advertising expeditions with Managing editor RICKY BROWN; late-night post-deadline writing extravaganzas with Copy editor WIGGIN' (SHANNON) HALL; Lamp Post pissa runs (I had to order and retrieve staff pizzas before 11:56!); and exciting post-issue evaluations.

But everyday wasn't quite so mentally and physically deaining. At times, my list of daily activities wasn't so extensive. On those days, I took it upon myself to fulfill my journalistic potential; I

"Oracle had its lazy moments, but it had its hectic times, too!"

Robert Vance

Colleen Obuljen writes down potential questions for an interview with the assistance of Shannon Hall. By having ready questions to ask, interviews went more smoothly.

Lynette Kopycki, Copy editor, sits at the computer with hours of copy corrections to finish.

in Close Quarters

Journalism Works

Being on the Oracle staff required times due to the fact that all Journalorganization, dedication, and responsibility. If a story was due, then it must be finished. Sports stories sometimes required game accounts; therefore, reporters needed to schedule their time to attend the game, match, or meet and get the story done on time.

There were definitely troubled

ism classes were combined into one

Oracle advisor Travis Haskins commented, the production staff was a disaster. It hurt the beginning students and created a zoo at deadline time. They might as well have combined Spanish I and Woodshop."

Oracle Goes Bi-Weekly

t 11:01 a.m. the bell rings to begin fourth period. Here we go . . . another exciting day in room R-3, Journalism.

"Oh, what a kick-back class!" Who said that!?!

Sure, Journalism is a pretty fun class, and if you're on the Oracle staff, well, that's even better. But there is a lot of time and work involved.

As Editor-in-Chief Darin Haskins takes off on yet another off-campus advertising run with Managing editor Rich Brown while Robert Vance, Sports editor, assigns five stories to several unsuspecting individuals. Mike Farrell, Photo editor, heads for the dark room, and Feature editor Brian Watrous cranks out thirty inches of copy on school spirit. Leah de la Riva, News editor, gather information from the beat folders (these keep up with the latest happenings on the VPHS campus), and Colleen Obuljen thinks up creative and interesting topics for editorials. Copy

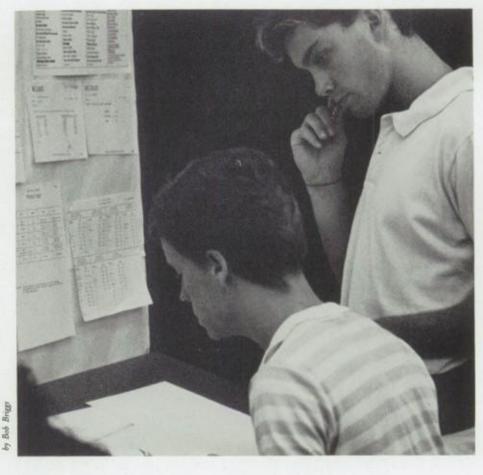

editors Shannon Hall and Lynette Kopycki tackle the time-consuming job of correcting even the slightest mistakes in the copy for each issue.

One of the major changes in the daily life of the Oracle staff has been the time limit in the production of each newspaper. Instead of coming out every three weeks, the staff now distributes a newspaper every other Friday.

"People were forgetting about the Oracle because it didn't come out very often," states Darin Haskins.

The staff has only two weeks (ten school days) to complete a newspaper; including layouts, writing stories, getting copy on the computer and correcting it, having everything printed and pasted up, taking the final paste ups to be transformed into the Oracle, and distributing them to every class on campus.

It is an enormous responsibility, but the staff always manages to get the job done.

Brian Watrous faces the dilemma of laying out a forty inch feature story in a thirty inch space. Darin Haskins offers his help in finding a solution.

After a lifteen minute photo session with two sets of parents and a quick ride down highway 55, my date, ERIC and I arrived at the beautiful Meridian Hotel, The chauffeur opened the car door and we stepped into a fantasy world of daring and dainty dresses, bow ties and tuxedo tails. It was hard to believe the ladies and gentlemen conversing under the giant crystal chandelier were the same crew seen grinding through the school day at Villa Park High School.

"Say cheese," Most couples had their pictures taken at the dance and followed it with the buffet dinner. I enjoyed the chicken and vegetables; however, it was the cold zuccini soup that lent an exotic flavor to the dinner. The best part of dinner was having everyone in the same room together instead of scattered at various restaurants.

When the chocolate cake plates were cleared away, the dance floor began to fill with couples swaying to romantic music. From the Beach Boys to Billy Idol, the band, Scandal played music everyone could dance to.

At ten-thirty the band stopped playing and MR. BRUNT introduced the Coronation court. Being a part of that special court is an honor I will always remember.

Everyone had something special to do after the dance. Our group of couples visited a gathering in a hotel room and then went to a friends house to watch rented movies. Even if the glittering dresses and sharp tuxedos changed into sweats and faded jeans, the magic remained inside. Sipping champagne under the stars, it was easy to imagine it was a winter night in

Paris Enhances Romances

page by Barbara Barregar

B onjour! "Winter in Paris" was the theme of this year's winter formal. Held at the Meridian Hotel, newly built by Air France, Coronation was a great success.

As couples started to arrive at 7:15 p.m., Mr. and Mrs. Brunt handed out memory books. The memory book was a way for each couple to remember this special evening. After getting pictures taken a buffet dinner was served. Included in the meal was chicken, rice, vegetables, and for dessert chocolate cake.

As Beach Boys music from "Scandal" started playing, couples from all sides of the room started dancing on the small but elegant dance floor. After about two hours of dancing, Mr. Brunt introduced the Coronation court. With a round of applause the court entered the room. The court conisted of Gina Genova, Su-

"It was a great success!" Mr. Brunt

zanne Underwood, Kandi Bryant, Kristen Norman, Shannon Goldman, Leann Lundberg, Tracey Burdine, Wes Jacobs, Tom Thrasher, Craig Braun, Robert Vance, and not able to attend Darin Haskins. Impatiently waiting the announcement of king and queen, the crowd silenced as the drum roll was heard. As buttlerflies flew in everybodies' stomach Mr. Brunt announced "The 1985 Coronation King and Queen is . . . Robert Vance and . . . Leann Lundberg." With excitement and joy, Robert and Leann took the dance floor for their dance alone. Following them on the dance floor was the rest of the court.

Couples started to leave the elegant Meridian Hotel thinking how gorgeous and wonderful the hotel was. All in all this evening was a winter's night in Paris.

Ignoring the crowded dance floor, John Porter and Karen Jakes dance in the dining area.

ance Choreography was a class which included many extra curricular activities. It celebrated its 13th year with Anne Folkert as Director. Previously it was a club known as Orchesis.

"It has come a long way in performance styles and popularity as a class." stated Mrs. Folkert. Its 25 members auditioned in May for the 1984-85 school year. In class various techniques and styles of dance were studied. Dancers were required to choreograph several works for the year including a solo.

"The master classes and professional performances I was required to attend helped me to gather ideas for my solo." remarked Kelly Thomas.

"Most of the choreographic ideas come from what is called improvization and exploration," stated Mrs. Folkert. The class performed at Club Rush Day, Back to School Night, The Winter Choreographers Concert in Huntington Beach, and their own choreographers concert held in May.

"At Club Rush Day, there is no doubt that the dancers of VPHS's dance club were the number one attraction," a statement made by Godfrey Ramos in the September 1984

VPHS Oracle.

by Glyona Goff

Each morning, as we slowly straggle into the gym, the members of Dance Choseography discuss their weekend plans and the latest clothing stores. Soon we are all dressed and everyone switches their minds to dance.

Being the first period of the day, Dance Choreography has a way of getting me awake in the morning. Half the time I come in without make-up on and my hair uncurled, but there is always time for that later. Face it, sometimes getting out of bed just isn't my favorite thing to do!

This is my second and senior year in Dance Choreography and it is as interesting and exciting as my junior year. This year I've done a lot more choreography in the group, and I find that the more I get involved the more I like it.

There is always something to get ready for. If it isn't Club Rush Day or Back-toSchool Night then it's Senior Spirit Day or Fountain Valley's Winter Concert. My favorite event of the year is our end of the year concert here at VPHS. Everyone works together to make all the dances the best they can and we wind up the year with something really good to show.

Of course our group would not be anything without MRS. ANN FOLKERT. She has helped me so many times with ideas for a dance, or when I get stock with a part of a dance. She is so full of energy and creativeness, and she is such a "doll" to get along with.

As I look back over my high school years, I have to say that Dance Choreography really has been one of the beat parts. I have learned a lot about royself too. I am very sad to have to go because Dance Choreography is something I will truly miss.

MOM AND POPS ARE TOPS!

Joy Tunstall whacks her dad after he answers their question wrong. Jennifer and Mr. Holmes and Kristin and Mr. Norman laugh. Genevieve Talavera looks on.

After I was appointed chairman of Hi-Mom, I knew I had a lot of hard work ahead of me. As I expected, the endless hours of organizing, preparing and finally producing such an event were overwhelm-

My main goal for the evening was uniqueness. I thought that if I could produce an evening which every mother and daughter who attended could remember for five years, I would be satisfied. The idea of male model-escorts crossed my mind and the idea was laughed at by many. Even though my support for the idea was light, I pursued it. I went to Sunny Smith and After Five Tux for sponsors and they gladly participated.

My model search was an experience in itself. I asked around and got a few reluctant participants after constant persuasion. After they were there, they became anxious and nervous. Everyone had stagefright. Among all the commotion of the

evening; one girl got sick, one guy almust cut off his finger, and another guy forgot his shoes. JAMES CLARK wore his green topsiders with a gray tuxedo. Despite all the problems, we knew we must go on and proceeded through the show.

Even though everyone might only remember the unknown model, the baby blue tux with the pueple dress and the unshoed male model, I hope everyone enjoyed the night out with their moma.

Everyone was amazed, including Mary Caroll, at the number of pictures Mrs. Tomlinson had.

Irs. Larsen and Shaunna Larsen, Erik Doest, Stacey and Mrs. Kirschner enjoy the salad bar.

Albert and James

ge by Kandi Bryant and Teri Thene

Michelle Dosick and her father show their likeness. Mary Caroll M.C'd both evenings.

Mr. Till wins a prize from Ashley Burnham.

WS, Associated Women Students, sponsored their annual Date-Dad and Hi-Mom nights in the cafeteria at VPHS.

Ashley Burnham was chairperson of Date-Dad and used the theme "Daddy's Little Girl." The cafeteria was decorated with memorabilia from our baby days: pink and blue teddy bears, alphabet boxes, and rattles.

The entertainment was a great success. After dinner, games mimicking the Newlywed Game and who had the most keys were played. Songs like the "Bunny Hop" and the Hokey Pokey dazzled the couples while dancing after dinner.

Fathers taught their daughters how to dance the old-fashioned way with waltzes and in turn the daughters showed their dads how to "Boogie."

Villa Park ladies "Put on the Ritz" with their moms early in March. Bright lights flashed and the cameras clicked while couples (moms and daughters) entered a red and black New York City theater scenery. They were escorted by VPHS men dressed in tuxedoes. After all the guests had arrived, the night

"Date-Dad gave us a chance to show off our dads." - Genevieve Talavera

The audience was entertained by a talented combination of voices from Theresa and Mrs. Gorham. The highlight of the evening was the fashion show. For the first time ever, there were male models. The once tuxedoed men now displayed spring and summer fashions along with VPHS women.

The evening closed with all of the models; mod, sporty, and formal joined together on the stage for one last showing. The models cleared the stage, the lights dimmed, and the mothers and their daughters left the darkened theater.

"All of the hard work was worth it!" said chairperson Kristin Norman.

Dancing on a High Note

As partners, Dyanne Court and Kevin Kutcher spend time practicing for upcoming shows.

by Dyanne Court

The best part about Vocal Ensemble, I mean Sound System, was the after concert activities that went on wherever we find some fun. A favorite was Facrells, but there were plenty of other more memorable times. One time we went to KIM HORTON'S house for a Christmas bash. It was super fun. All of us exchanged White Elephants and BRET IVERSON got a plastic bug.

HATS

Then there was that time when KEVIN KUTCHER and I T.P.ed, we thought we were doing MRS. BLAKLEY'S (Meb's) house, but later found out it was some completely unknown person no one even knew. Luckily we never were caught.

There was also that time when SHAWN MITCHELL (Popeye) and TOM LeBLANC decided to climb "The Tower" in the middle of the night. After meaking on campus, they proceeded to climb the cable tower located by the choic room. Some how a cop got word of this galavant, probably from a custodian, and soon Tom and Shawn were running for their lives. According to Shawn, they just escaped the long arm of the law.

Yes, the extracurricular activities of the Sound System were definitely the best parts of being in Choir, P.S. I Love You

Top row: Karin Williamson, Ariana Seeley, Suzanne Underwood, Matt Green, Glynna Goff, Mary Carroll, Bret Iverson, Shawn Mitchell, 2nd row: Laura Gates, Laurie Stransky, Teri Bellis, John Dagley, Noreick Yacoub-Zadah bottom row: Kim Horton

sha Valentine, Laurie Stransky, Gregg Bernhard, Bret Iverson, and Ariana Seeley, all turn to stare at Shawn schell and Rich Hasty's surprise ending.

he words "Step, two, three, four, jump, kick flap-ball-change" echoed from R-1 as the Sound System rehearsed their most recent production. Close at hand was Kim Carter (choreographer) keeping a watchful eye on the dance steps, Ms. Mary Ester Blakley (choir teacher) listening for anyone off key, and Carole Smith (pianist) keeping the tempo on the out of tune piano so everyone could stay in time.

Drilled practices which were sometimes held after school began in the second quarter due to Mrs. Blakley's illness. This, not only delayed the group, but kept them from their usual competitions — "Tops in Pops" and "Johnny Mann."

Despite delays in the Sound System's performance schedule, a trip was planned for the group. Supposedly the choir may tour only every three years, and three years ago

"We love to dance and sing, but mostly we love to play." Suzanne Underwood

the choir sang in Hawaii. It seemed it was time for another tour. This year the Sound System along with the other choirs looked forward to performance dates in San Francisco.

Tom LeBlanc said, "Even though it has been rough at times, for the most part I feel we have one of the most talented groups yet."

Tom LeBlanc, Dyanne Court, Kim Horton, and Glynna Goff all bop to 50's music at the back to school night dinner.

Chamber Singers Perform in Harmony

Chamber Singers before their Winter Concert left to right: Matt Green, Shawn Mitchell, Kristen Davis, Heather Wedderien, Kristie Wedderien, Susie Underwood, Pam Hagar, Jayne Thomas, Bret Iverson, Trisha Valentine, Rich Hasty, Glynna Goff, John Dagley, Michelle Ewing, Melissa Manson, Melanie Vliet, Terri Bellis, Lauri Palmeri, Debbie Dalmatoff, not pictured — Noreik YacoubZadah.

A t 6:45 a.m., most VPHS Students are still at home asleep or just awakening to the new day, but an elite group of vocalists are already warmed up and singing under the energetic direction of Ms. Blakley.

These Spartans belong to the Chamber Singers who are more than just a club; they are a united group who perform concerts throughout the year. To get into Chambers, they had to audition at the end of the previous school year. Only the best singers and most dedicated students survive the year.

Chamber Singers performed a wide variety of material from mandrigals to popular theme music. In their Christmas show on Dec. 13th, they performed many well-loved Christmas tunes such as "I wonder as I Wander" and "Have Yourself a Merry Little Christmas." Solos were performed by Suzanne Underwood, Glynna Goff, Shawn Mitchell and Jayne Thomas. "It's a lot of hard work, but I've learned a lot" exclaimed Glynna Goff.

page by Lydia Dunn

"It's worth getting up early for" Melanie Vliet

by Pam Hape

While most VPHS students are at home asleep or maybe just getting up the VPHS Chamber Singers are doing their warm ups. Our class starts at 6:45 and goes to 7:40. Only the strong willed survive this class. I have seen several people during the last two years quit after 2 or 3 weeks just for that one extra hour of sleep.

But it really is worth it because we have a lot of fun. Somedays it's hard to sing that early, but we usually sound pretty

This year we were invited to perform at the Crystal Cathedral on December 7th with Vocal Ensemble. We did 3 shows in one night. We had a lot of fun and we sounded great.

When Ms. Blakley was out of school earlier this year, things got kinda bad. We were really happy to have her back for we had really missed her.

Traditionally in Chambers, we perform

madrigals, classical pieces and a lot of acappella numbers, but this year we have been branching out and singing more modern pieces.

I have been in Chambers for two years but Glynna Goff, Shawn Mitchell and Suzanne Underwood have all been in for 3 years.

6:45 is kinda early but it really is worth

Trisha Valentine,

Fiesta a la **JUNIOR**

page by Kevin Kutcher

he Juniors are the center of an oreo cookie: Double stuff," said Junior Bonnie Mukhar.

In fact, this is just what they are - the center of the three classes.

To some this may not be ideal.

Junior Kristina Harnden stated, "I just want to be a Senior and get out of here."

To others it may be the relief they were looking for.

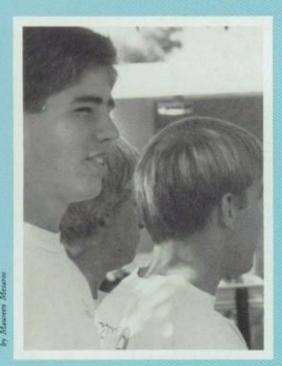

Frank Gehr said, "finally no more Sophomore jokes. And now I know the ropes a lot better.'

Spirit Week has been a main attraction at VPHS, and this year's Juniors wanted to be known as having a memorable Spirit Day. Well, it happened.

Junior, Wendy Fox stated, "We started off good, but the spirit began to die among our class, and the end results were not pretty."

Heavy winds blew down every last poster of the Juniors, a good theme title for their Spirit Day might have been "The Day After", instead of the intended theme "Rockn-Roll High School."

"Of course," said Tracey Hunt, "we

Steve Barnett and Jack Samuels wait in line for Homecoming tickets.

had great gobs of fun preparing for the day."

The Junior class also participated in fund raisers to create a cash flow for the upcoming Jr.-Sr. Prom, sponsored by the Juniors.

Pete Molinari said, "I think the fund raisers not only gave us needed money, but they also united the Juniors into a stronger team."

Holding pizza nights at Lamppost and the selling of cheese sets were some of the many types of fund raisers the Juniors had.

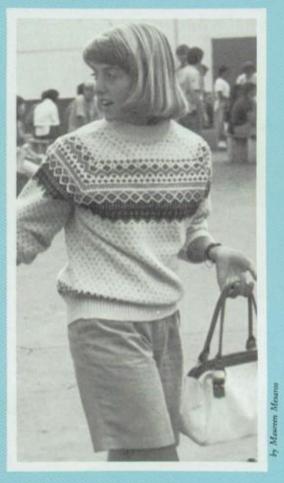

Being a Junior also brought on harder classes. Junior Lance Larson said, "I took as many hard classes as I could to get them out of the way for an easier Senior year."

As well as tougher classes, Juniors also took the dreaded PSAT.

Troy Finamore said, "It was so hard. But I hear the SAT is easier, so I'm not to worry."

The PSAT was a preparation for the upcoming SAT taken primarily by Seniors for

Left: Lisa Rojo ponders whether some guy is really good looking. Above: Betsy Drobish calls for her friends to catch up so they can go to lunch.

college entrance.

Of course Juniors didn't just study. In fact they were known for their love of playing. Dances were a major part of this gala and with Daddy's Mercedes or a rented limo the Junior couples were set.

Ellen Gerber stated, "I love the dances. You get to dress up really formal, eat at a nice restaurant, and ride around in a limo."

The Junior year was definitely the year one gained the most out of high school life. However, as Junior Tina Guenther put it, "I like being a Junior, but I can't wait to be a

Junior Class Officers Plan Prom '85

Junior Class Vice President - Sam Oh

by Julianne De Marco

This year's junior senators and officers worked to prove they were not just "middle class."

For our spirit day, "Rock 'N' Roll High School", we had many meetings during lunch to decide who would do what. We also had many painting parties to get as many juniors involved as we could, so that it would look better, than our last year's spirit day.

Our main project for the year was "Prom "85". To raise money for this, we sold holiday wrapping paper, candy-grams and M&Ms. Once we raised the money, we had to decide where to hold the dance, and which band we were going to hire. Our main goal for Prom was to lower the price of tickets as much as we could from last year.

Being a senator this year has helped me to meet many new friends. It is a big responsibility and takes up a lot of my time. But it sure was worth it, thanks to MR, BARRETT, our advisor. Without him, nothing would have ever gotten done!

page by Anita Epler

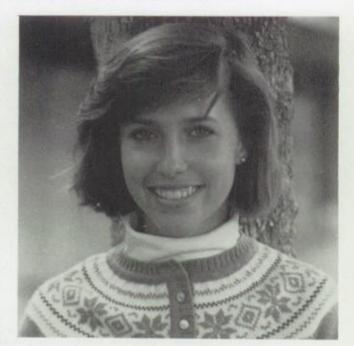

B eing a member of a class executive cabinet is an ambition many people share. This year's occupants of these much-sought-after positions are all highly qualified, and, in the eyes of their peers, the best people for their jobs.

Carolyn Romero, Junior President, ran for this position her sophomore year as well, although her '84-'85 candidacy was the first successful one in her high school career. Sam Oh, however, brings a year's experience with him to his position, having been Sophomore Vice President last year. Kelly Thomas and Robin Weissman, Class Treasurer and Secretary respectively, are also newcomers to the Class of '86 executive board, bringing new ideas and personalities to the juniors' student government.

Out of ten class senators, only two, Tina Piantidosi and Steve Barnett are returning officers. The other eight — Pat Glenn, Chris Frye, Steele Kelly, Bill Galus, Sandra Osumi, Ric Jansen, Mike Vert and Julie DeMarco have never been Senators before this year, but according to Tina Piantidosi, their more experienced counterpart, "all the new senators are just as good at running the class as Steve and I."

"J.V.'s keep our Junior spirit going!" Susie Ross

Vivian Broadway claps to the beat. The cheerleaders cheered at almost all the J.V. events.

Performing a cheer at a J.V. football game are Renee Walencewicz, Tracey Hunt, and Vivian Broadway

unior involvement was the main goal of the Junior Varsity cheerleaders. "We thought that by our being involved everyone else would want to be involved too," stated J.V. cheerleader Kara Maruoka.

The J.V. cheerleaders this summer practiced from 8:00-10:00 everyday, learning cheers, and practicing them in unison.

The cheerleaders attended camp, with the varsity cheerleaders, songleaders, and mascots. There they gained confidence to perform in front of crowds, along with meeting many new friends.

During the football season, they cheered for the junior varsity football team, and the sophomore football team before the sophomore cheerleaders were elected.

Advisor to the junior varsity cheerleaders, Ms. Thielman said, "They're absolutely marvelous! Tracey Hunt is an excellent head leader. They're a group with a wide variety of personalities, but function well as a team."

Head cheerleader, Tracey Hunt, said, "Since I've been on the squad, I've gained seven new friendships."

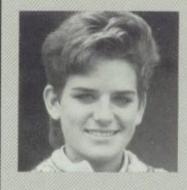

Renee Walencewicz worries during a crucial point at a J.V. football game.

J.V.'s Celebrate Good Times

by Jill Cassen

Being a J.V. Cheerleader has been a very rewarding experience. The friends I've gained, the knowledge I've learned, and how I've become a part of Villa Park are a few examples.

By having practice all summer long, it brought us closer to our own squad. When we went to camp at UCSB, all of the squads joined as one. All 26 of varnity cheer, song, j.v., and mascots together made like one big family.

At first, not everyone on the J.V. squad knew everyone else. It was bard for me, because, although I knew everyone by name, I had not officially met them, and I didn't know how well we would get along together. As the summer went on, I found them all to be great friends, and I could get along with all of them.

As junior varsity cheerleaders represent the junior class at pep assemblies, it makes us feel good when our class gets involved and cheers along. It's kind of embarrassing, when you're up there cheering in front of a crowd, and no one in the audience is cheering back. I looked forward to pep assemblies, because I think when we had them, juniors got fired up and ready for that certain event.

After the varsity football games, my friends and I always went to Lamppost to celebrate, no matter if we were defeated or victorious.

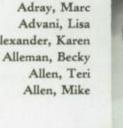

Being a junior varsity cheerleader is something I know I will always remember. It got me involved with VPHS, and gave me many memorable

My junior year brought a lot of fun and many memories. Everything we did as juniors was done with a lot of effort, spirit, and support from our entire class. I feel we had a great year over all and we can only get better.

I guess I would have to say that the biggest part of my junior year was football. I really enjoy the sport and being part of a team. Our team this year did very well and our enthusiasm has been much more compared to previous years. I thoroughly enjoyed playing on both the varsity and junior varsity teams. I am looking forward to our next season with the coaches and returning players.

I also enjoyed the dances, Rec. Nights and other extracurricular activities put on by VPHS.

I really think its great how VPHS's students do so many things together as a school.

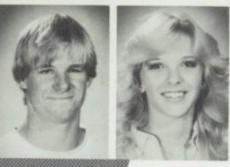

So many fun things happened this year. It would take a long time to write about them all. Over all, the year was great. I had a lot of fun. I am really looking forward to my next year in football, and being involved at VPHS. But especially being a senior!

JUNIORS Show Spirit

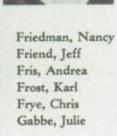

by James Clark

For me, my Junior year was a new and educating experience. Since it was my first year at VPHS it took me a while to get into the swing of things. But once I met a few people and went to a couple of parties, I felt right at home.

Being on the Water Polo team helped me in the slow process of meeting people. It also taught me self-discipline by getting me up every morning before it was light, practicing for an hour or so, going to school, and coming out to the pool for another few hours of practice before going home. Then, when I finally made it home, I did three hours of homework and went right to bed. This helped me

When swim season came around, it started all over

During my year at VPHS, I enjoyed watching the assemblies, participating in dressing up on certain days and being a member of the Yacht Club.

All in all, my Junior year was a rewarding opportunity for me at Villa Park.

by Tisha Thompson

Being a Junior is TOTALLY FUN because there are TONS of FUN things to do like getting THINGS ready for Pront and THINGS like that. Another FUN THING about being a Junior is that we are constantly in competition with the Seniors. A good example of this is Spirit Day. On Spirit Day every class is competing against each other but more so, the Juniors and Seniors. I think that all of the competition is TOTALLY FUN because it makes us work SUPER hard to be TWICE as good.

One of the COOLEST things about being a Junior is all the privileges that we have this year that we did not have last year as Sophomores. One of these privileges is being able to drive to school.

Most of all, the best thing about being a Junior is that you do not get teased anymore or get called "Plebes" anymore.

Wow! What an exciting, miserable, mind boggling year. My junior year has to have been the most difficult and busiest years of my life. I've kept occupied with school work, cheerleading and Dance Choreography, not to mention dances, games and Spirit Day.

Dances highlighted my year. I only wish there could have been more. It was not very often, I had the opportunity to dress up and to spend hours getting ready, unless it was

Weekends are something I always looked forward to especially the so called VPHS parties, that end up a bust by 10:00. This left everyone to cruise the area for other parties. This occurred when Shelly King and I wanted to catch some action, but we always seemed to tour Villa Park instead. Yet, there were a few radical parties that happened in the Orange High area that we occasionally ended up at!

My junior year has finally come to an end. I'm really looking forward to the Fall, and being a senior. I want to help make it one outrageous and unforgettable year.

by Staci Waechter

I guess you could say my junior year was pretty good. I made a lot of new friends and tried to achieve more as the year progressed. The best part of my year, was definitely the times with my friends.

TERI ALLEN and I are best friends.

We've shared "everything," and she has helped me tremendously with school, family, and other friends.

Some of the better times I've had, have been with TERI. Of all the friends I've had this year, a couple of them stand out from the others. My buddy VINCE PURIN-TON is still special to me, because we went through a lot to maintain our relationship as friends. TROY is one of my best buds too!

No matter how I look at my junior year, I really wouldn't want to do it again! Of course, it was better than my sophomore year. Thanks to TERI, VINCE, TROY, KIM, CHANTELLE, and especially KE-VIN, and my parents (for giving me my carl). They all helped make my junior year special to me.

Spirit Week is always a cause for much excitement early in the year - for the Seniors trying hard not to be embarrassed by not winning; for the Juniors trying hard so they can challenge the Seniors and erase the image they set as Sophomores and for the Sophomores trying hard so they can get off on the right foot. With everyone trying so hard, why is Spirit Day a failure for some classes?

The Class of 1986 has some reasons. When this year's Juniors were Sophomores, participation was weak. The lack of time was also a factor of the undoing of last year's Sophomore Spirit Day.

This year, the Juniors started out with

an unspoken, but understood, resolution that they would live down their previous failure. For a while, the tide seemed to have turned. The theme, Rock 'n Roll High School, was decided upon without too much wasted time. The ideas were quick in development, and participation much greater than that of the previous

Then, what exactly went wrong? The Juniors have a simple answer - the wind. Over half of the posters were torn down by this opposing force of nature. Then discouragement set in, and resolution made a brisk exit.

Junior LARA STEENSLAND, spoke for all Juniors when she said, "I just want everyone to know that we really did try." There is always next year. The class of 1986 is just saving the best for last.

Everyday At VPHS: A Celebration

page by Christine Wedemeyer

Seniors Cindy Grech, Jeff Bedell, Jamie Sennet, April Rock, Katie Czark, David Sach, Karen Howiler, Joy Tunstall, Wes Jacobs, Katy Stone and Tina Garifo, enjoy lunch together "Western" style.

his year VPHS was filled with so many activities to get involved in that every day was a celebration. Activities included everything from lunch time class competitions, to assemblies, to recnights, to a variety of dances, both casual and formal. With just a little effort there was never a dull moment with all of these activities available. VPHS was filled with memorable moments which might have occurred at any of the many dances or athletic events, and most likely with close friends.

"Rec-nights were a good excuse to get out of the house on week nights to have fun with friends," smiled Elizabeth Tait.

"The main reason I went to school was to be with my friends," smiled Dyanne Court. Friends were a major part of Spartan memo-

Spirit Week was held the third week in October to unify students. A new approach was tried by making the first day a "Unity Day." On the first day everyone was asked to dress in beach or Hawaiian attire. The band "Surf City Ltd." was hired to play music

"Dancing with friends to Beach Boys' music was the best part of unity day," said

The rest of the week continued with the traditional individual class Spirit Days. Rivalry between classes was intense. The Seniors selected guards the evening prior to their Spirit Day to protect their work from being destroyed by Sophomores and Juniors. The

school unity that was shown on "Unity Day" was gone.

Class competitions were often held during lunch so the classes could challenge each other. Some examples included arm wrestling, tug-o-war and musical chairs. Many people

The Class of 1985 ... There is no substitute. Katy Stone

joined in on the fun.

Formal and casual dances were held nearly every month of the school year.

"Sadie Hawkins was one of the best dances because it was a casual fun way to take a guy out for a change," remarked LeAnn Lunberg.

"Going in a large group with all of my friends made Sadie Hawkins more fun for me," added Margaret Naruse.

"Celebrating times and events at VPHS this year was a way of life never forgotten by Spartan friends."

Chip Tighe and Scott Seabold discuss the last play while John Rowe, Todd Hammond and Jim Parker look to see what happens next.

CLUB RUSH

ctober 10 was the date of VPHS's annual Club Rush Day. Club Rush Day was an opportunity for all of the clubs on campus to advertise in hope of gaining new members.

Many advertising techniques were used. Some clubs, such as Spanish Club, set up colorful booths to attract attention. Other clubs sold food -German Club, pretzels, Drama Club, popcorn, and French Club, croissants.

The main attraction at lunch obviously was the Dance Choreography and Productions' presentation. The members of Dance Choreography presented to VPHS samples of their dance techniques. One member, Shannon Geary, commented,

"Making up the dances was fun, but when I got out in front of everyone it was more embarrassing than anything else."

Part of the success of Club Rush Day was due to the hard work of Pauline Kamiyama. Pauline is I.C.C. representative for the A.S.B. cabinet at VPHS, who was in charge of organizing Club Rush Day.

Many clubs gained new members; for example, Spanish Club picked 15 new members. Tony Ramirez, who joined the Yacht, Ski, and Key Clubs,

"I'm glad we had Club Rush Day or else I wouldn't have known how to sign up."

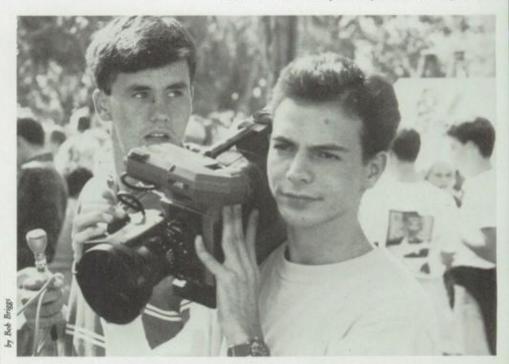

by Pauline Kamiyama

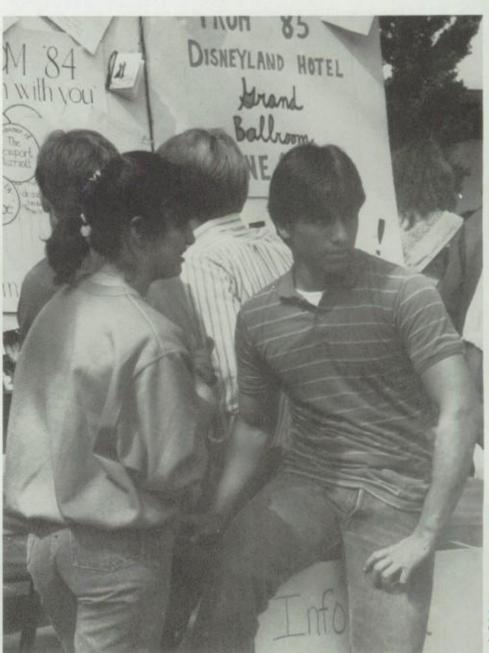

Sitting down with relief, I looked out to see the last traces of the day's event. Tattered signs clung to the balcony as the wind nudged the noon time litter along. This was all that was left from Club Rush Day. No more bright, attractive signs remained to catch the eye. Gone were the lines of people crowding around the various booths. Signup sheets crammed with names as pens flew across the paper. Coins jingled in pockets and were being exchanged for tempting delicacies. The music blared, filling the quad and drawing people from all areas of campus. It was the place to be. A place full of fun and excitement. People were decked out in yachting wear, dancing clothes, suspenders, painted faces; you name it and it was there. There was something for everyone. People were croissants, erunchy popcorn, and chocolate suckers. They were signing up for new adventures with the flying and ski clubs, or showing spirit

with the juniors and sophomores, or helping out the community with the key and interact clob. They were going crazy! With all the clubs psyched up and ready to begin a year full of activities, the day was over. Echoes of laughter and cheer haunted the quad as I got up from my bench to leave behind the memories of the most successful Club Rush Day ever.

Todd Miller and Guy Oudejans film the days events.

Robert Vance and Todd Moeller attempt to play tug of war with an electric cable during a lunch time activity.

Kathy Keany, Erin Flynn and Cheryl Gubler show their spirit by dressing up for "Unity Spirit Day."

o help break the usual lunch time boredom, the A.S.B. cabinet provided activities at lunchtime for students to participate in and enjoy. Musical chairs, one of the many activities seemed to be well received and had many participants.

"Musical chairs was really fun and it was funny when Henry Wiehebrink and Donald Riddick fought over the chair", stated senior Perri Selman, "Donald Riddick finally won."

Six students dressed up for the Mr. Spirit Day Contest. The winners were Henry Wiehebrink and Robert Vance, who shared the \$50.00 prize. The other contestants were Wes Jacobs, Todd Moeller, Jeff Zaremba and Kyle Myers.

Students also enjoyed "The Dating Game", hosted this year by Brian Raum. Kathy Bogart and Darin Haskins were the lucky winners chosen by the El Modena students.

Unity Spirit Day was also taken well by the students. Many of them dressed Hawaiian or like they were going to the beach. The band "Surf City Ltd." played at lunchtime and the V.P.H.S. beach goers danced to their beach music. Frisbees and beachballs blew through the noon air to complete the scene.

Ms. Theilman began these activities two years ago when she became our new A.S.B. advisor.

"Lunchtime is the one time to serve the entire student body. Lunchtime is often boring and these activities add a new dimension and fun. The variety meets the needs of many different people and the students seem to enjoy them," stated Ms. Theilman.

Mary Carroll dances to the music of "Surf City Ltd." during Hawaiian Day. Many students enjoyed dancing to the music.

Making School Bearable

by Liz Tait

A.S.B. activities were on the go and better than ever this year. Being a senior, I found myself more involved in them. During one lunchtime activity I played musical chairs. I had a blast even though I lost. It was funny when it was down to HENRY WIEHEBRINK and DONALD RIDDICK, and HEN-RY ran off with the chair, DONALD ended up winning.

The next week, anyone who wanted to could go into the Student Center and watch "Mr. Mom" during lunch. It lasted for four days.

As for Unity Day, the A.S.B. hired the band called "Surf City Ltd.". That was a lot of fun. All of my friends dressed up as if they were going to the beach. When the music started playing, everyone started to dance. There were even beachballs being tossed around.

Going to A.S.B. activities, in my opinion really brought the school together. Everyone seemed to get along so well. I think a lot of people made friends through these events. Students would see people and have a chance to talk and get to know them. Rather than saying "Hi" to them on their way to

Martin Ortega, Henry Wiehebrink, and Craig M. Anderson race to blow up the balloons so Carolyn Romero and Kathy Bogart can sit and pop them in their laps, as Kristin Panizza, Robert Thornton, Darin Coddington, Robert Vance, Karen Howiler and Tony Ramirez watch from behind.

"I looked forward to lunchtime activities. They were really fun and I enjoyed participating in them." Wendy Michel

Showing Their SPIRIT

heerleading is not just wearing a skirt and saddle shoes," said Songleader LeAnn Lundberg.

To the eye of the average VPHS student, Cheerleading may not seem that tough.

"Just think of all those games one may have missed," said Yell Leader Nicola Boyle.

"Most people go to a game when they can, like on Friday night. We attend all games, get there early, and stay until the end of the game or later," said Yell Leader Autumn Hayes.

"Don't worry," said Mascot Kathy Bogart, "we're not complaining. We just want people to know how much work we do."

Through a variety of assemblies such as Homecoming, and other misc. spirit assemblies, the cheerleaders time is greatly spent.

Varsity Songleader Shelly Schneider said, "You really have to be able to balance your time in order to get all your homework done, plus practice and make up new routines."

"It is true that we put forth a lot of hard work, but much of the credit belongs to our loving advisor Ms. Julia Thielman. Without her we would be in constant trouble," said Varsity Yell Leader Missy Sobel.

The 1984-85 pep squad was a major force in the continual high spirit at VPHS.

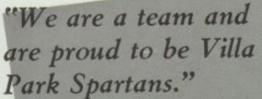

Kyle Myers

MASCOTS

went to the USA Cheerleading Camp held at UC Santa Barbara. They learned many new routines and chants which they could perform during the upcoming school year. Both the Cheerleaders and Songleaders were awarded Superior trophies for their original routines which were evaluated at camp. They also spent at least three days a week practicing during the summer to prepare for the new school year.

Once school began, the Cheerleaders were busy attending sports events, performing in assemblies and lunch rallies, and holding parties for the different sports. Their biggest job was showing and promoting school spirit. They made signs and informed people of school functions and tried to get everyone out to support the sports teams. The spirit and enthusiasm shown by the Cheerleaders at assemblies and games was to encourage crowd participation and team support. "We tried to get everyone to cheer with us and show school spirit," stated Cheerleader Missy Sobel.

Performing a jump off her stool, Dyanne Court leaps high in the air.

During the homecoming assembly Mascots Kyle Myers and Kathy Bogart show the crowd how the football team will "Roast the Ducks."

CHEERLEADING: "We Love It!"

amping to show enthusiasm, Cheerleader Laura Stinchfield elates the crowd.

by Tina Stovall

HATS

Cheering our Spartan teams on to victory is what we love best, well, almost the best. I guess it was all the fun we had at the football games, the gertogethers before and then going to pizza after. Then there was the UCLA game that LAURA invited us to; we had a biast! The best had to be when we went to Froggy's Frozen Yogurt after practice in the summer. Remember when NICOLA got that super gross flavor, Blueberry-fudge, with cherries. Yuck! That was so funny. And remember at camp when we were the Villa Park "Surfeats" and we all carried our cool

surfboards around. That was definitely the best. Oh, but then there was the time when TINA made us drive around as 3:00 am in KATHY'S famous Lil Bogie mobile playing ding dong ditch. That was great!

Even though we did have many fun times as cheerleaders, there was plenty of hard work, and guiding us through those tough times was "Tilly" (Ms. Julia Thielman). Thanks, Thielman!

The 1985 Pep Squad, through all the hard and fun times, had become a family. They were a united team.

Tina Stovall, Laura Stinchfield, Missy Sobel, Shelly Schneider, Jennifer Dunn, Kathy Bogart, Gina Genova, LeAnn Lundberg, Autumn Hayes, Shannon Goldman and Katie Czark encourage crowd participation before the football game.

stated Christine Wedemeyer.

he A.S.B. does more than just lunchtime activities. They also offer Rec. Nights and special assemblies.

"It was fun seeing my friends on weeknights, not just on weekends,"

Luau Rec. Night, the first, held in September, offered swimming and dinner. For \$1.75 everybody dressed up Hawaiian and went swimming and most of all enjoyed the food and socializing with their friends.

"It was a perfect night to go swimming and I had a blast diving off of the high dive," stated Dave Dew.

During the October Rec. Night, the movie "Halloween" was shown in the Student Centre. The huge bag of popcorn circulated as each hand took a large amount. Teresa Gorham, Robert Vance, Deborah Bussell and Tracy Burdine brought pillows and blankets.

"I loved scrunching up on the couch trying to watch the movie while everyone threw popcorn and screamed," said Kevin Kutcher.

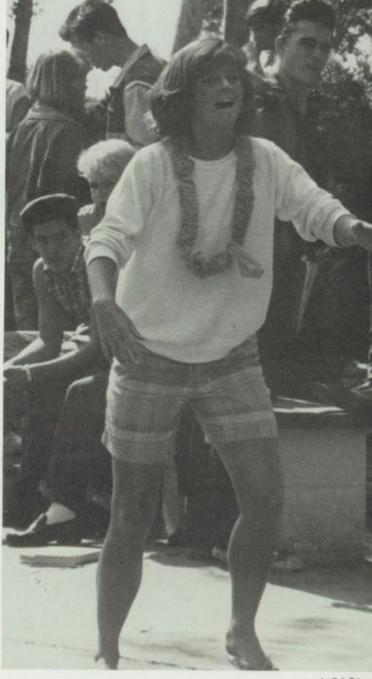

For a special assembly, a Michael Jackson look alike performed at lunchtime. "He was really good. For a while I really thought it Was him," stated sophomore Kathleen Naruse.

Ms. Theilman, who has been our A.S.B. advisor for two years will temporarily retire at the end of the first semester. Our new advisor will be Mr. Brown.

"I'm excited about taking over the position," stated Mr. Brown. "It's a challenge, but I'm ready to take it on."

"A.S.B. activities promote a sense of unity and school pride. Every time you get involved in one, you walk away with a smile."

Shawn Mitchell

by Tony Ramirez

HATS OFF

This year A.S.B. activities created school unity with many different events that everybody could participate in. Some were the Mr. Spirit contest, Lip Sync, Unity Spirit Day, Rec. nights and the Dating Game.

The Mr. Spirit Contest was great. Six guys participated in it that day, HENRY WIEHEBRINK and ROBERT VANCE were brothers on the same team. Together they ran all through the campus dressed in tights and sounding air horns. WES JACOBS and TODD MOELLER both dressed up as Villa Park cheerleaders paraded around the campus also that day. Although HENRY and ROBERT received the most applause when the decision was made who was to win the \$50.00 prize, everyone who participated showed as much spirit.

The first two Rec. Nights this year were fun. The first Rec. Night was held around the pool. It cost \$1.75 for dinner and CRAIG and I went awimming, after we are. I liked them because they were held on weeknights and all of my friends went. It was a place where all of my friends would meet and have a blast.

I think that it would be safe to say that this year A.S.B. activities were a

Unity For

n November 23, 1984, the VPHS Marchin Spartans took the field for the final field competition show of the year. With aggressive precision, stirring music, and flying colors, our small but mighty band closed one of the most intensive seasons in VPHS history.

The whole story began at band camp, before school started. The dedicated band members sweated in the stifling heat to produce a show that many felt was too difficult. Taking a rough stand on the show, drill designer Richard King told everyone, "It will get harder yet." With fire in their eyes, all units took to perfecting their portion of

Under the instruction of Regina Tylka and captain Michelle Mongraw, the tall flags practiced weekly over the summer. Their intricate flag work required hours of attention to detail. (CONT'D)

begin, the few late people come straggling in. It is now time for a lecture on punctuality, promptness, and responsibility by our very strict but liked instructor, KEN WATTS. He tells us we need to function as a group. A group meaning all of the drum line. It's impossible to be a group unless all of the participants are in attendance. Each individual made a personal sacrifice, such as giving up social time. We all had to set our priorities and were responsible enough to fulfill those. To me being responsible to the drum line means arriving on time, and setting aside time for practice, or to sum it up in two words; dedication and commitment. Dedication meaning devotion towards ising oneself to fulfill that goal.

We then start our own warmup exercises, loosening up and getting ready to play with the band. As we play, we concentrate on dynamics, posture, marchplaying cleanly (sounding as one). quires total concentration from the whole group. It takes many, many hours of practice to play cleanly. You must feel the rhythm of the music and play your part identically to the other drum-

by Jeff Tawson

mers, not rushing or dragging, but keeping an even tempo.

Since I have had the pleasure and reward of being part of the VPHS Marchin' Spartans for the past three years, I have learned how to handle responsibility and been taught to be part of a group. Being drum captain my senior year has been an extra reward. It gave me the role of a leader and taught me what a leader should do in good and bad situations.

I have enjoyed the Marchin' Spartans, for it made my high school days worthwhile. I'll miss the group.

Working together for such a long time you really begin to feel a family relationship develop. The times I've had here I'll never forget. They have all been so meaningful. I don't regret a

A Lot of Fun!

(CONT'D)

Not even the slightest variation in styles was permitted. With the eyes of a professional coach, Regina watched and was rarely pleased. Knowing that this was her last season of instructing, all tall flags worked their hardest, and in the end, Regina was pleased. She is sorely missed.

With intensity of a different kind, near the end of the summer the drill team went to a camp to perfect their dancing ability and to have fun. Inspirational advisor Barbara Kurek was always around to give shouts of encouragement, but until an instructor was found, the responsibility for leadership and instruction rested in the hands of Captain Yvonne Park and Lieutenant Cindy Edelman. They tirelessly taught the difficult drill and even invented routines for the first part of the show. Smiling, the drill team created the graceful moods of the different songs.

by Michelle Mongraw

The year started out like any other, but little did we know what lay ahead. There were tons of new ideas and goals we set for ourselves, and we were ready to conquer them all.

Summer rehearsals every other day at 7:00 a.m. were long and hard, and working in "Oooh that hear" made us seem like we would never stop.

Then it happened, the ultimate form of unity; the Band, Flags, and Drill Team were joined together in late August. That was the time the "fun" began.

Well, there we were at our first field show of the year, the Azusa Field Tournament. It started out kind of shakey, but by the time we hit our last show, the California Band Review, everything started to pull together.

Then in January, we entered our own competitions, called Winterguard. This year we decided to try something different and enter the Drum Corps Circuit. It brought about many changes for all of us. Some were the length of our show, judging, and our music. The music we used was classical, which was a major change compared to "Boogie Woogie Bugle Boy," our hit from last year.

We encountered one more change, our instructor, Regins Tylka, of two and a half years had to leave in early December. This was quite a shock to us all, but we managed to adapt to what was ahead.

The excitement of participating in an auxiliary group is one that not many can say they have experienced or have had the experience of sharing: the "THRILL OF VICTORY" or the "AGONY OF DEFEAT."

This year was one that all of the 1984-1985 flag line will remember for years to come.

Overly enthused by the enjoyment of night practice is Phil Colin, but Kirsten Broberg and Teresa Bolen don't agree

Pure Togetherness

(CONT'D)

The Tall Flags and Drill Team played an integral part in the '84 show.

Finally, the main body of the band was handed an incredibly complex show from day one of band camp. Drum major Kevin Brooks was instrumental in teaching this drill, along with Richard King, the designer of the show. Mr. Huelsman worked to get all of the emotion out of the exciting music and to coordinate all elements of the band to produce a work of art, the 1984 show.

With all the sweat, pain, pleasure, parties, rehearsals, and performances, the '84 season ended that Friday afternoon. At that point, it didn't matter if the band won or

Drill Team.

What (fond?) memories these two words will conjure up in all Drill Team members. Looking back, I can see that all of those early morning practices and soggy feet really paid off. From the start we knew it would be a difficult year, but everyone pulled through with lots of hard work and enthusiasm. We accomplished what we set out to do.

Working long and hard with the Band and Tall Flags, we became more as one unit. This showed in our first football halftime show. In attending Drill Team camp we gained valuable experience that helped us in later routines. We mastered a difficult field show routine and drill with the help of our choreographer, JUDY LE-BOEUF, and with the advice of MRS. KUREK, our advisor. As our dance steps became more difficult, each member's potential and ability shone.

But above all of this, our most important goal was to have fun. That's what Drill Team was all about. Every time we danced, we performed - we were all performers in the Drill Team Exper-

I hope that each one of us will leave Villa Park High School with the memories of the warmth and friendship we shared. I'll never forget this special group of friends.

Thanks for a great year!!!

Matt Kudra and Robert Torres do a dance step in unison.

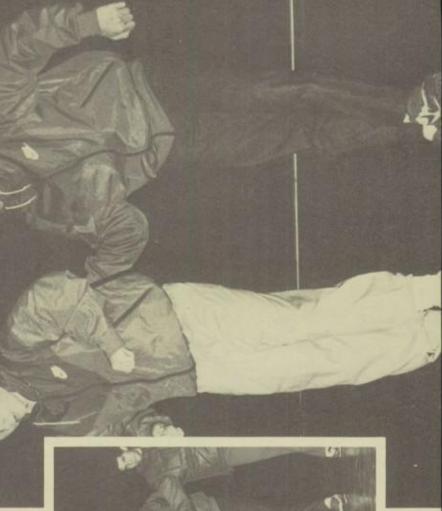

Dancing is what these guys did. These students called themselves the "Little Wizards". Included in this group was Willy Phillips, Johnny Carmona, Billy Banks, Robert Torres, John Torres, Carlos Bustamante, and Matt Kudra.

Some of the different dance moves are The Turtle, Boogaloo, Wave, Swipes, and Windmill. Willy Phillips said, "Breakers are better because we stay out of trouble." Their weekends usually involved going to dance places like Skateway. They danced to music of "Prince," "Egyptian Lover," "Ice T," and many more funk groups.

"People notice us because of our enthusiasm." Johnny Carmona added, "girls like it too!"

Johnny Carmona, John Torres, Billy Banks, Willy Torres, and Carlos Bustamante break dance.

After Krista and Craig left, we ventured in to try some of these two donut proprieters knew. They seemed to have "yes," "no," and all the donut names and prices down pat, but in our efforts to get detailed donuts ourselves. The first thing we noticed was the lack of English the information on why people ditch school to buy donuts, we came up - the famous donut deal only at participating Winchells.

"I just love the variety pack of sixteen assorted donuts for \$1.49 at gart and Kutcher wanted to find out where people bought quantity without quality or expense. Since many VPers are carefully watching After sampling a few of the more popular donuts, detectives Botheir pockets, Ralph's Plain Wrap proved to be just the answer. Ralphs," stated senior Laura Stinchfield.

money shedding those unflattering donut pounds.

when you hear the word "fashion"? Preppies? Rockets? Alley
Cats? Punks? Jocks, Surfers or Trendies?
Each of these types have their own certain,
unique way of dressing — a way that they
can express their interests and personalities.

Some of the students faithfully followed a particular fashion, while others stuck to the classical look. Many sophomores wore bright, fluorescent clothing. Layers were also popular with many students, especially during the cold weather in December.

The oversized look was well liked by both boys and girls. Oversized sweatshirts, sweaters, T's, and baggy pants led the fashion scene around campus. "I like that style because it was comfortable," explained Aimee Hunt.

Many students were influenced by their liking for the style of certain bands. Stacy Cor and Julie Filutze's style of dressing was influenced by groups like "The Cramps." This punk look — their hair brushed up on end, layers of black, white or any other neutral color clothing, and usually black boots — was accompanied by numerous bracelets, two or three earrings in one ear and heavy black eye makeup.

Many seemed to wear whatever was comfortable. Jeans and a sweatshirt, pleated pants and a knitted sweater, a denim dress or a checkered black and white matching blouse. "I wear whatever is left in my closet after the weekend was over," stated Laura Krejci.

The guys had the same idea when asked about fashion. "Whatever's comfortable," stated Brian Maida. Levi 5018 and a button down shirt (tucked or untucked) was a constant. Plaid pants were rare, but existed. Corduroy pants and knitted vests were worn by some. Others stuck to their trends. Denim jackets were popular with guys, as well as scarfs, and again, the layered look.

Fashion, whether it be trendy or classical, was something most students thought about every day. Looking their best, for themselves, or for others, was always an important factor. Through some styles, and general appearance, VPHS's students expressed their perance,

Fashion Fanatics

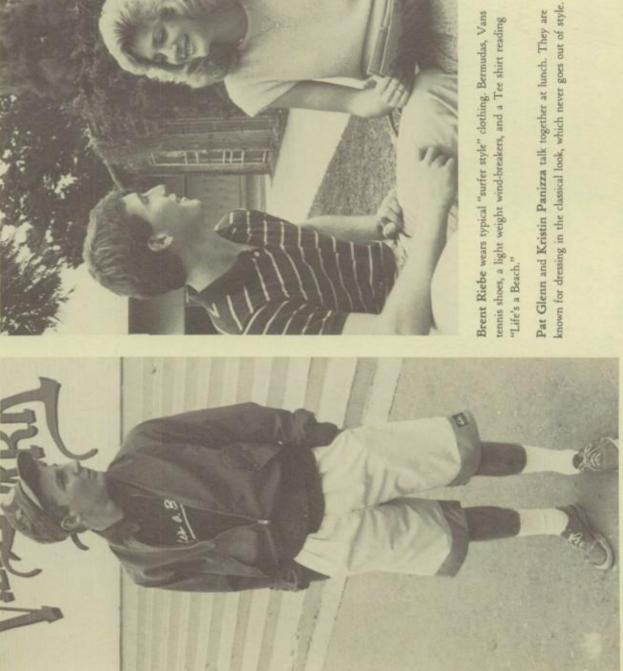

Surfers, Erik Doest, Tom Chandler, Wendy Fox, Chip Tighe, John Rowe, Brent Riebe, and Max Bravo all seem to be daydreaming about the waves at Newport, and waiting to hit the surf.

Andrea Wall laughs with a friend as a photographer shoots a picture of her "wild" hair style.

Laura Krejci "I wear whatever is left after the weekend."

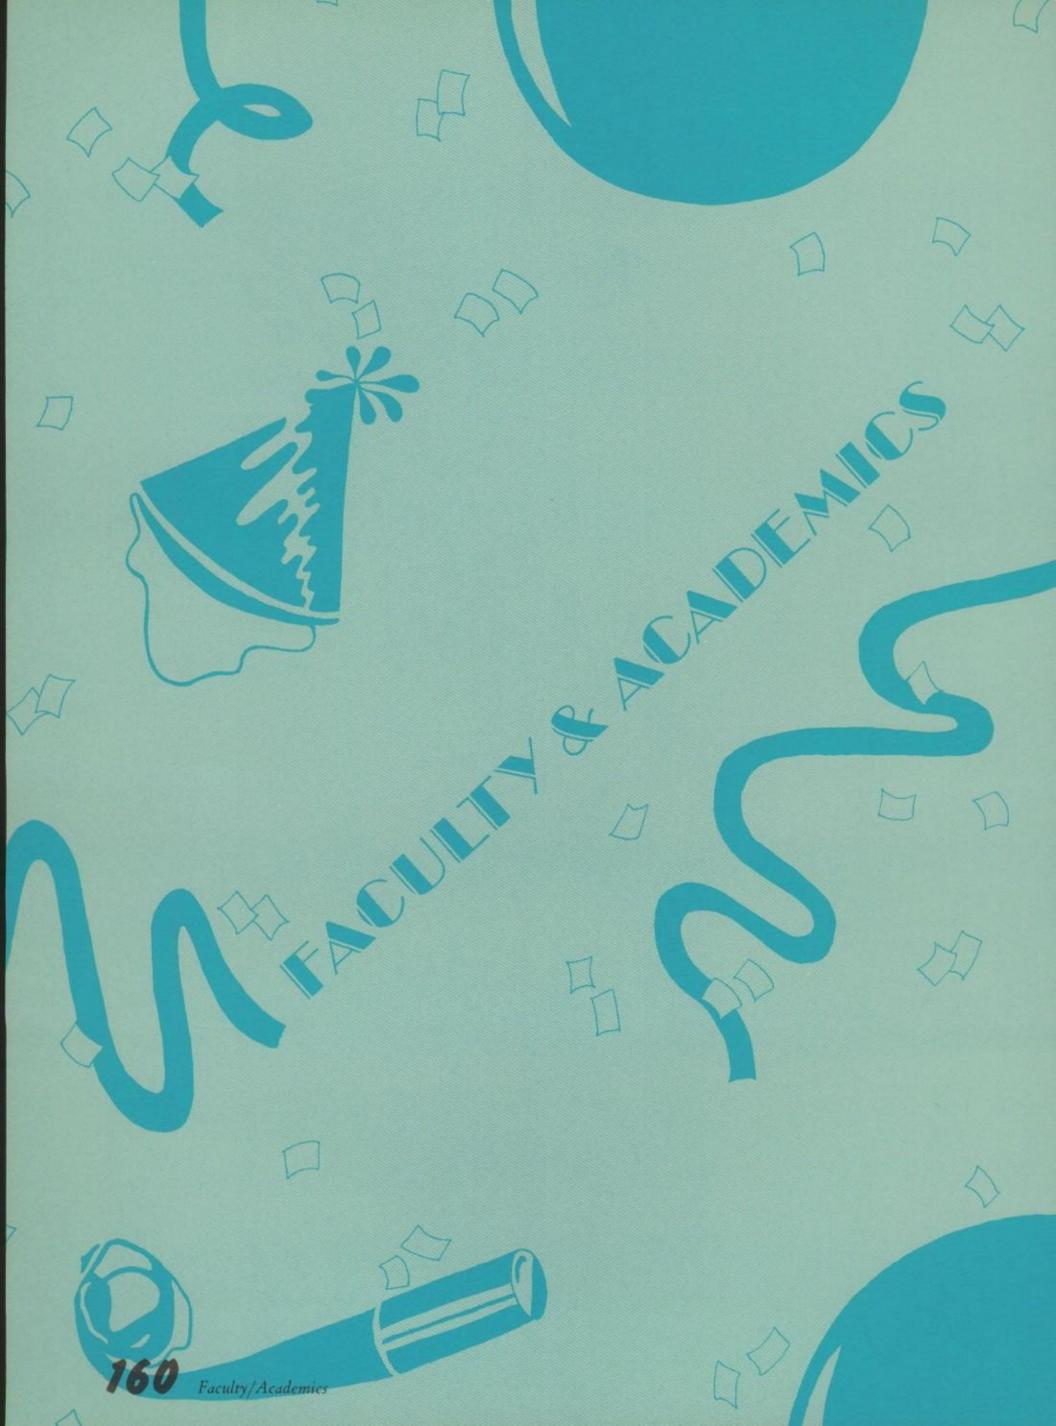

Greene (rock-a-billy) watch as Billy Banks demonstrates break and Stacy Cor (the punk look), Tim Gallegly and Robert Hall (rockers), Kelli Underwood (trendy), and Bobby Mimi Lines and Melissa Smith (rockers), Julie Filutze

Christina Kato chuckles at Jeff Strupp's argyle socks. Christina's wardrobe consisted of beautiful preppy clothing.

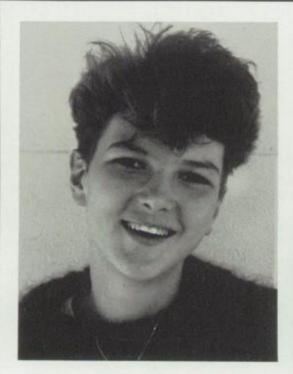

Brian Maida could usually be found in the coaches' Ellen Gerber, Robert Vance, Brian Raum, and office wearing sweats, tennis shoes, jerseys and lettermen's jackets.

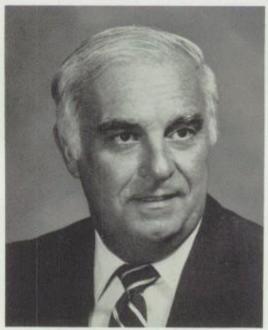

Academics Open Doors

Sophie Nairac

very year VPHS is always lucky to have a foreign exchange student. This year from Paris, France Sophie Nairac has enrolled in VPHS as a Senior. Sophie, who lives with her American family the Van Horn's, feels right at home in Villa Park. The Van Horn's treat her like she is their own daughter. "They have trust and confidence in me, and they do more than I can possibly expect." Since coming to America, Sophie feels that a student's life is built around the school, unlike in France where school is all Academics. There is no time for sports, friends or any extra activities. The best thing she likes about VPHS is all the activities the school puts on. "The teachers are kind to me," says Sophie. "They accept me as a VPHS student rather than some foreigner. They try to understand and help me." Through many different activities Sophie has learned that living in Villa Park, means a lot, and there is much competition between girls, over clothes and especially guys, but overall "V.P. is a great place to live," says Sophie!

PHS is full of all American students who take pride in their school" stated Dr. Kenneth Brummel, Superintendent of schools for the Orange Unified School District. Dr. Brummel took over the position of Superintendent for the retired Dr. Gale Pattison. Dr. Brummel has many ideas for the Orange District and hopes to put them to use.

Dr. Kenneth Brummel

he VPHS Academic Decathalon team under the coaching of Ms. Joy Iseli and Ms. Julia Thielman competed on November 17 at Foothill High School. Out of 50 schools in Orange County the team placed 21st. To achieve this, the team placed 5th in the Super Quiz, one of the major and most fun, competitions.

The Super Quiz consisted of the Science Fiction book, Megatrends, one of the many readings the team completed to prepare for the competition.

Along with Megatrends they had to read Great Expectations by Charles Dickens, and numerous lines of poetry.

The competition consisted of a speech, an essay, an interview and tests. These tests included Math, Fine Arts, Science, History, Economics and English. All scores for each individual were totaled into a team score.

Besides competing as a team, each member

Karl Frost

competed against others for individual achievements. This year's team consisted of Jamie Allnut, Craig Braun, Kandi Bryant, Nancy Friedman, Karl Frost, Todd Iger, Ken Resh, Louisa Sentera and Sheryl Wolf.

These students began preparing for this competition in August and studied outside of school in their spare time and during lunch.

In the end it paid off, each team member receiving at least one medal Jamie Allnut received a second place medal with her speech, while Karl Frost received two, one in science and another in mathematics.

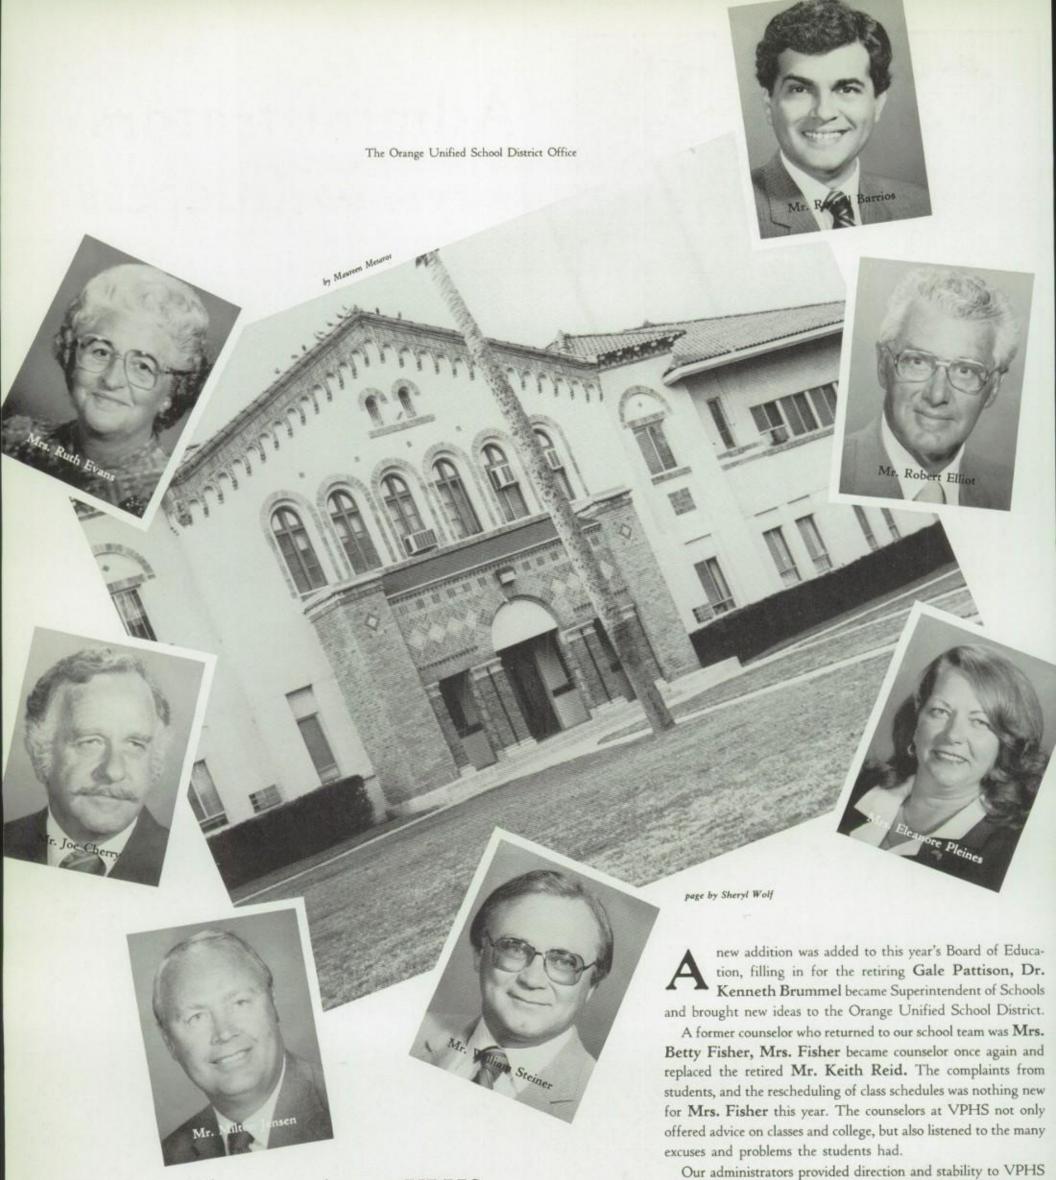

The team did well against those schools who have a class just for Academic Decathalon participants.

This year VPHS started a new Academic tradition with the forming of a Sophomore Academic Decathalon team. This year's team consists of thirty-seven members yet only fourteen competed on Saturday, February 23.

The honors team consisted of David Cohen, Matt Bartley, Patti Chu, and Sahcin Parekh. The scholastic team was David De Leon, Glenn Farrell, Jennifer Keeler, David Longyear, Karl Stone, Kevin Gutteron, and Rebecca Naya. The varsity consisted of Richard Leiva, Chris Meyer, and Chris Rommel.

The team met during zero period every Tuesday and Thursday to prepare for competition for this year and the years to come.

and they helped to make our school run smoothly and efficiently.

The counselors at VPHS are so helpful.

Tracey Hunt

by Mr. Joe Quartucci

Twenty years is a long time! Much has changed, and much is the same at VPHS.

Twenty years ago this school was new buildings and a lot of dirt. For many years the project for the school was landscaping. Teachers and students planted trees and shrubs and grass. What has been one of our projects for the last couple of years? Landscaping - to try to overcome the vast areas of blacktop and beautify our campua. That hasn't changed.

Twenty years ago, the high school student was

seeing their growth in knowledge, both of facts and of life, was thrilling and rewarding, and it still is today. That hasn't changed.

The main thing that I have seen and learned about VPHS in these twenty years is that lovely buildings and well manicured grounds are not what makes a great high school. The most important factor is the attitude that this can be a great place to teach and learn, and the willingness to work hard to make that happen. With this it will happen regardless of the condition of the buildings or the frequency of lawn mowing or the number of VCR's per students.

VPHS has been a great place to be and I value my experiences here. That hasn't changed.

Administrators Keys to Success

Administrato

Department Accomodates Students Demand

by Mr. Tim Stephens

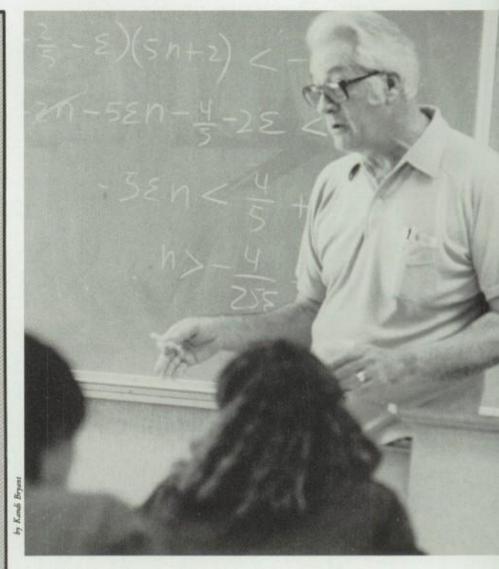

I came to VPHS in 1971, full of hope and a passion for service. I came to teach peace, as well as mathematics. Looking back on these last fourteen years has helped me to realize that a great change took place within myself. As student needs slowly evolve from idealistic goals to practical ones, my passion for peace slowly dissipated into more realistic teaching goals: objectives, proficiency tests, minimal competencies, SAT scores, grades. I felt pressure to reduce my teaching to a level of cold-hearted professionalism. I guess I

I'm not sad. During these last fourteen years, I have gained much! A lovely wife, two beautiful daughters, a wonderful home (with a large mortgage), a new car, shorter hair, hundreds of caring friends, and a new appreciation of VPHS.

I hope my students picked up my passion, and carried it into their worlds, passing a spirit of peace towards others.

So, here it is, my highly personal perspective on change at VPHS. Here's hoping that each of us will work to change a portion of society's ills, to strike out against injustice, to believe in our own conviction of possibility, and to build a better

here is so much in our world to learn and understand that our Science Department offered many classes. Classes such as Biology, Chemistry, Physiology and Physics were available to the students. The science teachers took time to explain basic scientific concepts and facts. These classes met some of the requirements that many colleges expected graduating seniors to have, especially if one was planning to pursue a career in the medical field. Who knows which of the students at VPHS will become the physicians of the future?

Mr. Bob Sakaue watches over his economics students.

English — WRITE

Way To Learn

by Kandi Bryant

Reading out of one of his own texts, Mr. James Devlin uses hand motion for emphasis.

by Mr. Dick Brunt

It was a hot, baking day in September, (what September day isn't?) 1968 when I timidly and with much reluctance started my now reknown and much heralded teaching career at Villa Park.

You could immediately recognize the opposite sex in early Spartanland — the boys had long hair and the girls had short skirts. "Where's the legs?"

I remembers halls crowded with 2300 students, where now walk 800 ghosts followed by 30 teachers with no names.

I remember when being in an honor class was an honor; a reward for floating to the surface of mediocricity.

I remember when I had to feed MULLIN'S boys raw meat on game days to keep them in their seats, and how everyday was a game day.

I remember when I was surrounded by collegues of my age (youthful), but that was so long ago and they still are. I remember when being a Spartan was something to be proud of, not a stigma to be hidden from the light of day. I remember when the drug of choice was aspirin, when drinking beer was a sign of middle age spread, when you could identify girls from the back by their earings, when teddies were stuffed animals cuddled by babies, when purple was a favorite color for socks, not hair, when tight jeans were worn by fat guys, and when Vespas were driven by young girls on the streets of Italy.

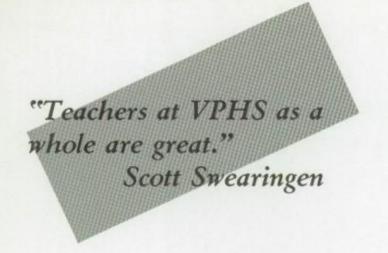

Miss Susan Laughinghouse makes Richard Murg the center of attention in the middle of a lecture.

> "Teaching at VPHS is like having a job." Mr. Dick Brunt

here are a variety of classes that students can take in the Art Department at VPHS. Whether it is Fine Arts or Practical Arts, VPHS has it. Fine Arts has many classes, such as music, drama, art, photo, and the study of Fine Arts. Students can express their ability through singing, acting, painting and pictures. In the Practical Arts department classes of accounting and typing make up the business field, and drafting, woodshop and metal shop allow a wide range of careers to pursue after high school. Sewing foods and interior decorating are also available to give students a chance to experience the world of fashion and design. Hopefully, these classes helped students learn the skills to build their future.

HATS

Is it 1975 or 1985? I don't know anymore.

A bell rings angrily, books slam down, and feverish renditions of last night's party are whispered in delight.

I call the class to order and get the usual grosses and basic comments suc as, "What are we doing today?" "You didn't tell us we're having a test" "Can't I turn in my homework late?"

As student wanders in with a call slip, the class snickers at the way he is dressed. He mutters an obscenity under his breath and slinks out of the room.

I describe the daily assignment in eagerness and write it on the board. I ask if there are any questions and get a lame arm flailing about in the back of the room.

Ms. Jean Schneider instructs her Calculus students, preparing them for the Advanced Placement Test for college credit.

Foreign Language Opens Up Communications

by Mr. Norm Johnson

Why would anyone want to teach? Huh? This question spoken by the right postpubescent child and said with the right inflection is enough to make the most aedent misanthrope question his belief.

At one time I knew why. I went into teaching to save the world and use the lamp of knowledge to light up the darkness. Idealism motivates most of us when we are young, and I too was young - once.

Then about ten years ago I forgot why. There didn't seem to be any particular reason to teach because no one seemed to use what I had to import. Because someone had to do it, I kept at it. And I was tough. "You will learn this" became my catch phrase.

Since then I have vacillated between ardent taskmaster and laissez-faire mentor. When I felt the outside pressure, read the news stories, and listened to the wrong peo ple, I cracked down, cracked the whip and When I remembered that learning could (and should) be fun, that what happens here may not be the most important thing in the world and that teaching and learning may be mutually exclusive, I keep the faith, keep going and keep trying.

I guess the students haven't changed

because it's fun - fun to try to teach thos students who show a desire and effort to material; and fun to imagine the best for a

he foreign language department at VPHS offered four major languages. From the countries France, Spain, Germany and Ancient Rome America came French, Spanish, German, and Latin. Many students took advantage of these classes and learned a second language which will be beneficial to them in later years. Students learned the vocabulary and sentence structure of the written language. Along with this, they learned the culture and geographic information of the particular country. They spoke the language through oral reports to learn the pronunciation.

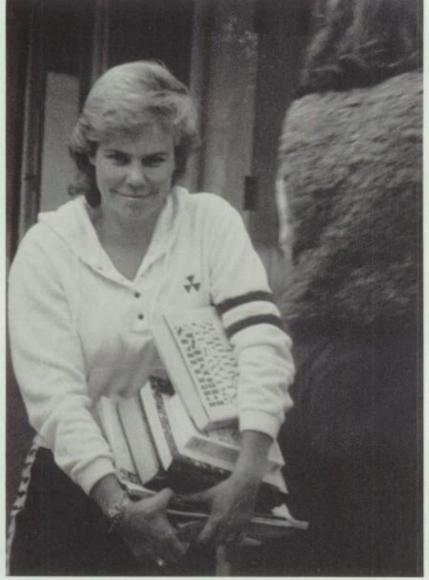

"Many teachers at VPHS seem more like friends than instructors." Glynna Goff

"I like teachers because they can relate to us students."

Andrew Cohen

he Mathematics Department encouraged all VPHS students at all levels of ability to learn the mathematics that they will need to succeed in any career field. Many students went beyond the point of Geometry into Algebra II, ICM, and Calculus. Many levels of math are taught at VPHS, such as Algebra Ia and Algebra lb, as well as Basic Geometry and Plane Geometry. All of these classes were offered to suit the particular requirements that different colleges required students to have.

Mrs. Marilyn Hettick, biology teacher, passes out preserved frogs for disection, while Dave Hennessy watches intently.

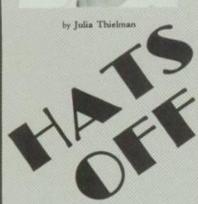

"It was the best of times; it was the worst of times." And so began my days at VPHS

The greatest change to occur among this student body, and student bodies throughout the nation, is directly related to economics and the political atmosphere of the United States. As each became more conservative in approach and outlook, so did young people. As went the country, so went Villa Park.

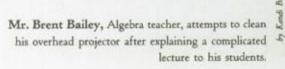

No dosibi, fada are more "in" than ever, but the changes in this regard seem to be more in dress, than in attitude. We did experience more physical fights in the last year, but the overall personality of the student body has tended to be subdued and rather lackadaisical. In short, the styles do not reflect the mind.

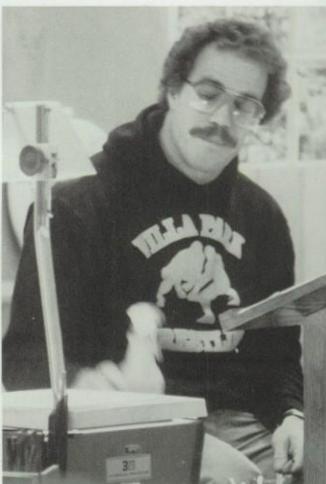

Another new direction is the return to academic competition, and less concern with the athletic event. Fewer students are inclined to attend athletic games, but many find the old avenues of student government and the Academic Decathlon more appealing. Spirit, on the other hand, while not dead, is definitely gaining a new and more in-depth meaning. Spirit is more and more spelled "individual."

Changes on a more superficial level have made themselves evident in campus improvement. Artwork around the school has been redesigned, and plans are underway for a complete renovation of the quad area. A new commitment to the look of VPHS is in the works, and the results are slowly beginning to develop.

Essentially, VPHS is much the same as in years past. Differences come slowly, and the world is influenced today more by machines than people. Good or bad, we are a mirror of technology, and it will be here that we will see the greatest movement.

page by Mark Zechiel

by Mr. Vince DeFalco

When I first came to Villa Park High School in 1967 from the cold environs of Ohio, I expected to experience a new cosmopolitan type of student, sophisticated, well read, and experienced in the "real world." Instead, I discovered my own expectations needed to be tempered by my own "culture shock" of Southern California living. The school was not the center and driving force of student life (as it was in Ohio), but a place to gather during the day. I also realized that Villa Park High School students were likely full of the same anxieties, frustrations, hopes and sensitivities of high school students everywhere.

The late 1960's ushered in a new era of greater social and political awareness about the important issues of the time (especially the Vietnam War) and more experimentation with drugs. Villa Park, as a high school, was not equipped to deal meaningfully with all the upheaval of times and all the demands made upon it by the students and the community. The last vestiges of cohesiveness and feeling that Villa Park was #1 seemed gone and replaced by a fragmented study - body clamoring for more curriculum changes and freedom on campus. The school began to refocus and redefine its roles and the result was more identification with all students, a less rigid structure of learning, more informality, and some rule revi-

During the 1970's, however, the direction of emphasis of Villa Park seemed more uncertain. Students were less politically aware even during the Watergate period and were less interested in learning and more bored. We were teaching a generation of T.V. addicts.

The 1980's has produced even more pressure to achieve high grades consequently, the desire

for a preferential college acceptance has frequently made grades more important than learning and scholarship. Many students have become inpatient, less intellectually curious, and at times enslaved by their jobs.

Yet, despite all the problems throughout the years, students and teachers at Villa Park have worked through difficulties to build understanding in the communication of ideas. Students of the 1980's have challenged teachers to be more resourceful and creative in imparting knowledge and educational skills and most importantly being patient and caring in our attitude toward them. Also, they seem to care more about their fellow students as witnessed by the SADD peogram on campus. Their social consciousness is stronger about helping others in need with the creation of an interact club and key club organizations. Students are also volunteering in many worthwhile activities off campus. I'm hopeful and optomistic that students are being sensitized and are becoming people of action.

Students at Villa Park are a mirror reflecting back to adults who we are. Their concerns tell us about our own follies, our own apprehensions and fears about tomorrow, and our own goodness as caring people. We can gain much by being good

he special education department provides a number of classes. Whether it is ROP, a program for on the job training, or Work Experience, in which one can earn high school credits plus a paycheck, VPHS has it. The Special Education program gives individual help to students who need extra guidance because of physical handicaps or learning disabilities. VPHS has teachers who realize these students need help and devote their time in aiding them.

Students Remain Primary Concern.

by Mr. Brent Bailey

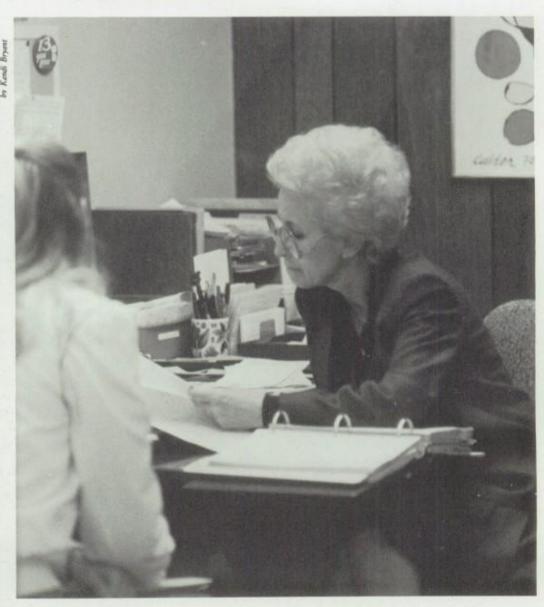

The 1984-85 school year is my eighth at Villa Park High School. The changes that I have seen in the student population during this time are a reflection of the changes in our society for the same period. The trend that stands out the most to me is — "choose the path of least resistance."

Choosing the "easy route" is simply human nature. Human beings have struggled with the choice of which path to follow ever since they have inhabited the earth. The "life of crime" and the cheating that is so prevalent in today's schools are perfect examples of taking the "easy route." Rather than suffer the consequences of not being industrious, many people (students) have chosen the above-mentioned paths of crime and cheating. The unfortunate thing is that so many people now choose these routes that the stigma that was formerly attached to them is slowly dissolving. Crime is "glamorized" on television and many students look upon cheating as acceptable, as long as "you don't get caught."

I know that this theme will come off as "preachy," but I have some real concerns about

where our American Society, and our "Villa Park Society" are headed. I feel that we need to get back to the "American Work ethic," where hard work leads to success both in the cruel, hard world and in the Villa Park High School classrooms. When we begin to do this, we can then expect others to do the same, and together can turn this society around.

Girls used to plan on going to college, but when asked what they planned to do afterward, most of them said they wanted to get married and have a family. Boys always wanted to be engineers or lawyers or doctors or rock stars. They took it for granted that they would probably get married and have families.

Nowadays girls are going to college to prepare themselves for careers as engineers or lawyers or

doctors or psychologists. They take it for granted that they will probably marry and have a family.

Secretaries Keep On Working

Mr. Quartucci's secretary, Barbara Poole, quickly types him a letter.

The personnel office secretaries from left to right: Mrs. Paddy McHann, Mrs. Linda Davis, Mrs. Darlene Smith, Mrs. Zoe Almond and Mrs. Betty Burnett.

o high school could run without its secretaries, those who answer phones, type letters, and complete paperwork from transcripts to absent records. Secretaries are faced with unauthorized visitors, furious parents, and lost students. They put up with many excuses concerning tardies and truancies. These people are the real reason the school runs as smoothly as it does.

Librarian clerk, Mrs. Nancy Crossman, types overdue notices for students who have overdue books.

Service with a Smile

Custodians, Art Liberge and BillChamberlain discuss with Mr. Quartucci the trash problem on campus.

any students may have not realized it, but throughout the year, they depended on the cafeteria for their daily snack or lunchtime meal. Without the food services personnel, no student would have been able to have pizza, or that burrito they had been looking forward to since second period for lunch. Those ever so favorite chocolate chip cookies and the famous salad bar wouldn't have been around if it hadn't been for those devoted cooks that kept the students appetites cured. The custodian's job of keeping the campus beautiful made school more bearable. They made games and pep rallies possible by setting up the bleachers for such events. No sport could have survived without the equipment attendants. Without them, uniforms and equipment would not have been available.

Girls P.E. attendant, Linda Edgemond keeps the girls P.E. equipment in tip-top shape.

by Ms. Joy Iseli

As I walked into my "T" building classroom, located on the east parking lot side of the school, I looked around the room, trying to size up the students. Leather rough-on jackets, ratted hairsprayed hairstyles, and cowboy boots were "in".

Today, I turned the key to my classroom which is off the main wing near the same parking lot. "501's", flat-tops, bleached hair, extea-large sweaters, mini-maxi skirts, pants, being "in" can also mean being "out-of-it"

Our girls' athletic volleyball team consisted of 16 teams in GAA, 9 girls per team including substitutes. We played after school outside in roundrobin tournaments until dark. Basketball had 6 girls on a team with roving forwards who were the only ones who could cross the center line. As for the swim team there wasn't one!

Girls athletics today has its own Athletic Director, Lee Fracolosy. Instead of GAA we now have the highly competitive varsity and junior varsity levels. Volleyball games are at night in the gym with a supportive crowd. Competition for basketball is at night also; however, now the team is structured like the boys with five on a team. We now have a pool and both boys and girls swim teams as water polo

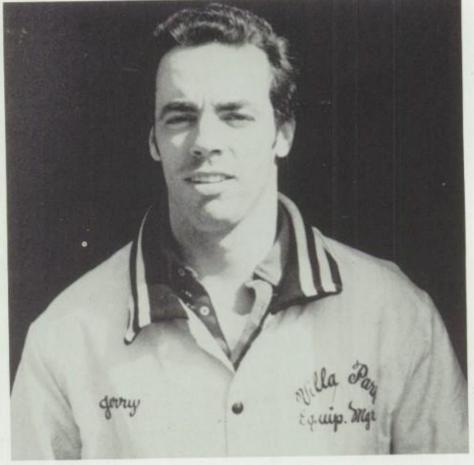

Finally, Villa Park was academically successful. We had an Academic Decathalon; the SAT totoring existed. Ted Mullden was athletics'; CIF was a must! It seemed class sizes were down and teacher morale was up.

Today, Villa Park, according to the LOS AN-GELES TIMES, is among the top schools in the CAP (California Achievement Placement Test). We have an Academic Decathalon team that is thriving, and the academic curriculum has been augmented by Advanced Placement courses. Parent University is contributing to the campus. Class sizes are up and teacher pay and morale is

The one aspect of Villa Park that hasn't changed is the high quality of students, and the pleasure that teaching still offers.

ports were an important part of school life at VPHS. Athletes proudly devoted their time and energy for the school. Participation in sports taught many athletes responsibility. This was due in part to the excellent coaching staff at VPHS which stressed these ethics. "Good sportsmanship is important, but it is a difficult thing to coach," stated wrestling coach Brent Bailey.

Responsibility was required by all athletes. These responsibilities included attendance at team meetings and daily practices. "Athletics taught me to set goals and to obtain them," said Monte Variakojis.

Athletes all year long could be found practicing on the field, in the gym, on the track, or in the pool. The athletic program included such varied sports as tennis, gymnastics, soccer, and swimming. Though sports have traditonally attracted more attention from high school population, every sport required dedication and sacrifices. Therefore every sport and devoted athlete deserved equal and due recognition.

Long hours spent together in practices and games started many close friendships between team members. "The friendships that I made with my teammates will last a lifetime," said Jayne Thomas.

Sports were a significant part of school life at VPHS. They provided entertainment for the fans, displayed school pride, and helped athletes to reach their mental and physical

Brian Bach finishes the last quarter mile.

by Craig Braun

nder first year Head Coach Pat Mahoney, the VPHS Spartan Football squad was guided to a successful season. A predominantly senior team, the Spartans were (8-4) overall and (5-2) in league, which captured them a third place finish behind first place Foothill and El Modena.

The Spartans three team captains were Robert Vance, Scott Worthington, and Tracy Burdine. Both Worthington and Vance received All-league honors, and while Burdine fell short of this accomplishment, he was a major part of the Spartan Defense. The Spartan defensive unit was anchored by linemen Ron Norman, Robert Vance, Dave Stern, and Taylor Ohlsen. Filling in the linebacker positions were Brian Raum, Tracy Burdine and Scott Worthington. The starting defensive back corps consisted of Craig Braun, Jeff Bedell, Mark Johnson and Eric Scott.

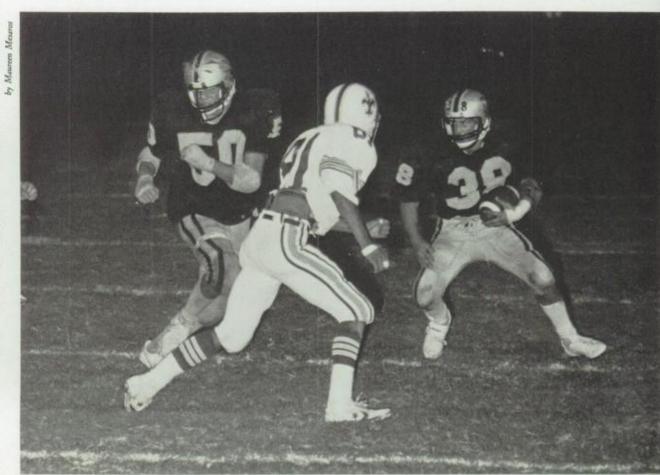

The offense lacked the consistency of the defense. Under the leadership of senior quarterback Scott Shimoda, the Spartan Offense was primarily a run oriented team, going to the air only in desperation. The running game was provided with consistent performances from junior fullback Dave

Blocking the last defender is #50, Steele Kelly, freeing Eric Scott for a first down. The 1984 Spartan Football team — (top) Nathan Bugg, Mike Cederoth, Brian Morales, Craig Braun, Brian Reccia, Wes Jacobs, Kurt Mortensen, Pat Glenn, Rick Jansen, Brian Raum, Ron Ross, Dave Rose, Taylor Ohlsen, Sam Oh, Steele Kelly, Dave Stern, Scott Worthington, Scott McCurry, Guy Oudejans, Ron Norman, Mike Farrell, Rod Turner, Jeff Zaremba, Jim Sdarles, Bob Brodsky, Todd Ramos, Robert Vance, Casey Heidler, Eric Bryant, Brandon Beadle, Robert Hebert, Jack Samuels, Chris Stamos, Louis Madden, Tracy Burdine, Jason Wesner, Scott Elliott, Todd Moeller, Scott Shimoda, Tony Nequette, Pete Molinari, Brad Dennis, Mark DeLuca, Matt Kelchner, Eric Scott, Mark Johnson, Brian Maida.

Rose and senior tailbacks Chris Stamos and Eric Scott. The complex, but effective defense, was led by Ron Ross, Jason Wesner, Eric Bryant, Robert Vance, and Ron Norman. Alternating at the tight end position were Brian Raum and Guy Oudejans, and Jeff Bedell, Brian Maida, and Todd Moeller rounded up the split end position, while Wes Jacobs handled the duties of Wingback. Although few juniors found action at Varsity positions, both Johnson and Rose were starting,

and players Steele Kelly and Pat Glenn found considerable action on both offense and defense as alternates.

Many people accredit the success of the 1984 football season to Head Coach Pat Mahoney, however, it was the coaching staff surrounding Mahoney that made him and his team shine. The combination of Mark McMahon, Steve Tarabilda, Steve Walker, and Jim Cruikshank proved Mahoney with the winning combination.

Spirit and Determination: Key to CIF

HATS

by Scott Shimoda

The original Spartans, though small in number and against all odds, were well remembered for their determination and spirit during battle.

Like these original Spartans, the Villa Park football team, though somewhat small in size, will also be well remembered as a team that played well together and through the spirit and determination of every team member went against the odds and advanced to the C.I.F. quarterfinals.

As I look back at my 1984 season, I remember getting off the bus for our first game. "Let's kill these guys!" yelled senior BRIAN RAUM as we walked into the locker room. We suited up as the intense atmosphere overtook us. Linemen ERIC BRYANT and JASON WESNER nervously went over blocking assignments with HEAD COACH PAT MAHONEY. "Let's do a job guys."

Tonight's our night!" shouted team captain ROB-ERT VANCE. We gathered in before the game to hear last minute instructions and inspirations from COACH MAHONEY.

"Well tonight's the night, so go out there and hit someone. Remember what you had to do to peepare for this and what it takes to be a winner. Play hard and keep your composure. You can beat them."

Even with the fine kicking of BRAD DENNIS and

outstanding plays by WES JACOBS, DAVE ROSE, and CHRIS STAMOS on offense and SCOTT WORTHINGTON, TRACY BURDINE, and CRAIG BRAUN on defense, our efforts came up short. Our team was not one to give up, however. Through the efforts of every player by active participation or sideline encouragement, we went on to win five atraight games and end the season with a respectable 8-4.

We accomplished a lot this season and brought recognition to Villa Park High School. Together the coaching staff, the unity, and the spirit of our team brought us a very successful season. United we stood, fought, and won.

Defensive backs, Jeff Bedell and Mark Johnson, tackle the ball carrier.

"I remember when Rob Vance did his cartwheel after sacking the quarterback."

Ric Jansen

Number 33, Dave Rose looks for an opening in the defense while teammates, Chris Stamos, Jason Wesner, Robert Vance, and Jeff Bedell block their opponents.

On the sidelines, quarterback Scott Shimoda throws a few passes to get warmed up.

Spartans "Made Mahoney's Day"

by Taylor Ohlsen

"Make my day" was our motto and every week we set out to fulfill Dirty Harry's words. The 1984 Villa Park football team was not hyped as a potentially very good one, but each game we tried to prove the "so-called" experts wrong. To most people it would seem disheartening to have people come up to you and say, "You guys don't really stand much of a chance tonight, do you?" But I believe that this adversity challenged us to do what only we knew we could. We showed that team unity and hard work make an effective football team, not physical size.

We had an excellent coaching staff that stressed encouragement and there always seemed to be plenty of it to go around. From spring practice to the passing league, to hell week and on into the regular season, the Villa Park football team made a good time out of what many people who have played the game consider drudgery. From BRIAN RAUM vomitting before each game to the whistling of "The Bridge Over the River Kwai" after each one, there always seemed to be a lot of emotion surrounding a game.

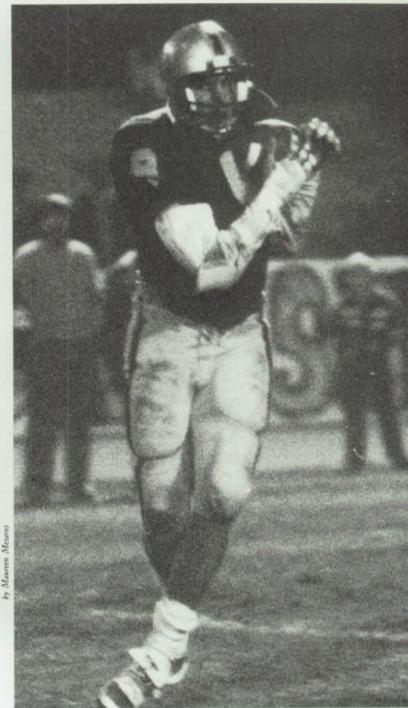

The support we received from DR. FOX, the Booster

Club, parents and students made our efforts even more worthwhile. The season had a number of great individual efforts, such as TRACY BURDINE'S being named the Los Angeles Times "Player of the Week" following the Rowland game, but I think the players will remember most of all the tremendous team effort that was put forth.

Detroit Lions defensive tackle, DOUG ENGLISH, sums up the feelings that be and I believe our team received from playing football this year,

"I enjoy the good felling I get after a game. I enjoy all the emotion and all the camaraderie that goes on during the course of the year. It makes me feel like I've got an advantage over the non-football player or the non-athlete. It's not a high-and-mighty thing. I just feel like I have an advantage because I get to experience those emotions that I otherwise might not be able to:

All the emotion comes out of you. It's such an intense situation."

by Maureen Mesa

Tight end Brian Raum catches a pass giving the Spartans better field position.

Running back, Dave Rose looks for an open reciever, while Ron Ross, Guy Oudejans, Chris Stamos and Wes Jacobs block to protect him.

Defensive line coach Jim Cruikshank, Receiver and Defensive Back coach Steve Tarabilda, Head Coach Pat Mahoney, Quarterback and Linebacker coach Steve Walker, and Offense and Defensive secondary coach Mark McMahon.

The hard work and practice of this Spartans football team earned them a third place and a 7-3 finish in century league. The Spartans started the season with a disappointing loss to Pacifica 17-10, but the determination of the players and coaches helped them look ahead toward improvement and victories over their league rivals.

The next five games proved what this team could really do. V.P. was victorious over Katella, Long Beach Wilson, Santa Ana, Tustin, and Santa Ana Valley in five straight games. At the homecoming game in front of a crowd of over 5,000 people the Spartans faced the eventual CIF champions of the County, the El Modena Vanguards. It was a well fought battle, but Villa Park lost in a close game. The Spartans went into the next game against Canyon and easily defeated them 24-8. The Foothill Knights were their next challengers and probably the best team the Spartans would face. Villa Park played a good game, but the Knights simply outpowered them. For the last game of the regular season V.P. easily devastated the Orange Panthers 31-0.

The Spartans went on to compete in the CIF playoffs. In the first game Villa Park upset Rowland High. In the quarter-finals of CIF, VPHS met the Esperanza Aztecs who were 10-1 and expected to totally dominate the Spartans. Villa Park played a tough game and lost by only one touchdown.

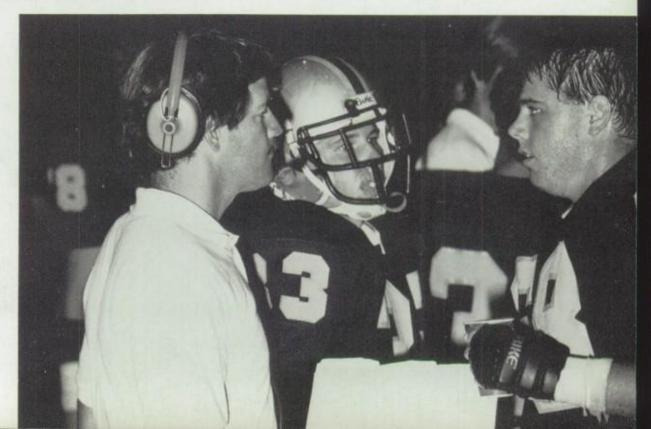

This 1984 Villa Park Varsity Football Squad will be remembered for its fine season and 8-4 overall record. They went further than anyone had expected, making it to the second round of CIF.

Head Coach Pat Mahoney gives a pep talk while Jeff Zaremba, Mark Johnson, Pat Glenn, Wes Jacobs and the team huddles around him.

9th grade and 10th grade football are two different stories. First, freshmen are wimps. They don't know how to hit yet. I had to start all over. Coach RUSS MURPHY (DOG) and coach DENNIS MOODY kept things going through the long hot summer with their practical jokes.

It wasn't too difficult mixing in with the C.V. people. They were all pretty cool. My friends and I never thought we would get along with them. Then we started hitting each other and found out who was

Well, our season wasn't too hot, but it was well worth all the time and effort. We all know and party with each other now. Most of us went up to Varsity for play-offs. This was a great experience for all of

Frank Paulson runs with the ball while Paul Jaworski blocks an opposing teammate.

"Football is a truly American sport, unlike some that have communist roots."

Coach "Dog" Murphy

he Spartan's sophomore football team had their ups and downs this season. "We were very inconsistent," stated coach, Russ Murphy. The Spartans finished the season with four wins and six losses. Coach Dennis Moody commented, "The record doesn't indicate the skill of the team."

Quarterback, Tom Kelly, Tackle, Dave Lawhon, Wide Receiver, John Torres, and Slot back, Dave Deleon were exceptional players this year.

The highlight of the season was the 20-12 win over Canyon high school. The boys played tough, and as Coach Moody said, "Exposed to Friar Tuck after the

"Despite the so-so season the team learned a lot and will be fired up next year," exclaimed Moody. Player, Dave Marsh stated, "Even though we didn't have the best record, we learned a lot and had a great time." Murphy summed it up by saying, "Football doesn't make character, Football makes Characters, and we had a team full of characters."

Poloists Drown Opponents 19 Times

I takes a lot of hard work to become a good athlete. In addition, to physical endurance and coordination, athletes must be dedicated. Waterpolo requires its players to have skill, strength and stamina. To acquire these abilities morning workouts are routine. Players participate in aerobics, swim, and lift weights.

The VPHS Varsity Waterpolo team lived up to their past reputation this year with an excellent 19 and 7 season. Leading the team to victory were all-star players Richard Brown, Darin Haskins, Martin McDonald and John O'Neal.

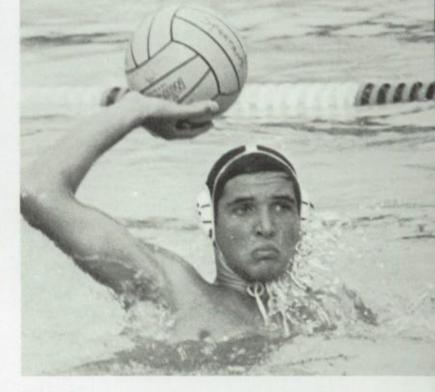

"Jason was an all around good teammate," said Darin. "He shone through as the team's number one defensive player." Darin did his share by scoring 87 goals duiring the season. Rich Brown, an all-CIF selection goalie made many saves for the team. John and Martin provided the team's "muscle," combining to shut down the opposing "hole set."

The team's most memorable game, came about midway through the season. This one goal win over league rival Tustin, assured the Spartans of a CIF playoff spot and a second place in the league.

Morgan Goldsmith scored the winning goal with 1:15 left in the game as the team helped Coach Ehrlich reach a landmark 200th career victory.

"The Tustin game was a very memorable one, due to the fact that we didn't take the lead until the last minute," stated Erlich. "It was one I will remember for a long time."

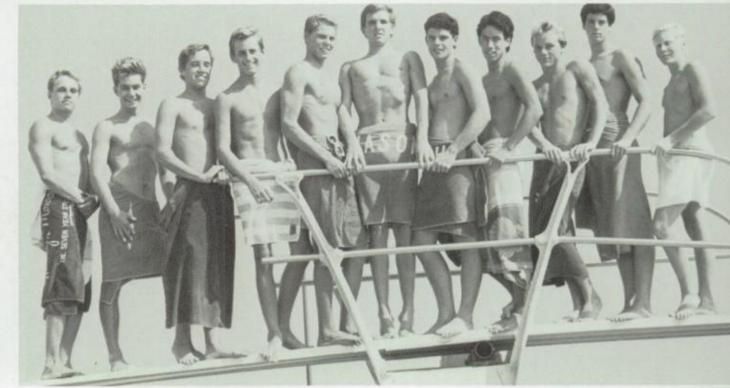

Jason Jeffries juggles the ball.

HATS

by Richard Brown

"Eight days in Hawaii," commented DARIN HAS-KINS as the VPHS Waterpolo team gathered at the baggage claim area, "This is gonna be ead!"

"Seven nights without our parents," added BRY-AN SWARM, "that's gonna crank."

These were some of the comments I heard prior to our trip to Hawaii. The months of working and being model children had finally paid off. We stayed at the Princess Kaiulani Hotel while we participated in the Hawaiian Invitational Waterpolo Tournament in August.

"Check out the water," said an enthusiastic team member as our plane finally neared the airport. Most of the team members pushed towards the windows of the plane in order to catch a glimpse of the blue-green waters and sunlit beaches.

We arrived at the hotel late in the afternoon and went to the University of Hawaii for our first game. After the game we were on our own for the evening, as long as we obeyed the midnight curfew.

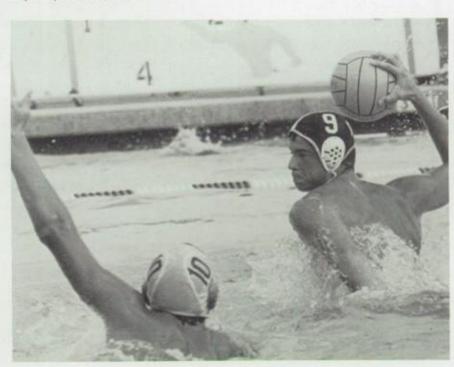

Although the team's first concern was to have a good time, we still managed to win our first three games and advance to the winners bracket. We finished by losing our next two games, one against Punako, the Hawaiian team that won the tournament.

The trip was well worth the money and the three years of waiting.

any fans forgot about the Junior Varsity and Sophomore Water Polo teams. However, they spent the same long hours practicing as the Varsity team. Both the J.V. and Sophomore teams had victorious seasons. A key factor in many of their victories was the camaraderie among the team members. Mike Wynsen said, "The team was really great because everybody helped each other out."

Another factor in their victories was the excellent coaching direction of **Travis Haskins**. Coach **Haskins** spent many hours preparing the teams for their games. The Junior Varsity and Sophomore Water Polo teams deserved more attention for their excellent seasons.

"Life is Water Polo!"

— Monte Variakojis

by Kevin Halligan

made the decision to play Sophonore ter Polo just prior to Hell Week in Sepber. After three days of initiation, I was that my decision had been a mistake tunately though, I stuck it out, and I now say that being a member of the team has a rewarding experience for me. It made feel like I was a part of Villa Park High tool, and I had the opportunity to really to know the other members of the team.

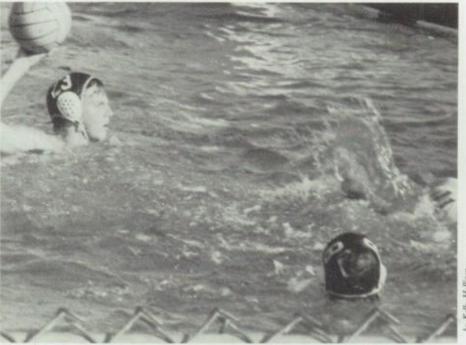

It also improved my endurance and strength,

Participating in sports, though, does have its disadvantages. The workouts and games took up most of my spare time. I really had to organize the remaining time in order to finish all of my school work. It was especially difficult to get up for the morning workouts, but once I got used to it, it wasn't too bad-

Water Polo is one of the most difficult sports to learn and to play. Taking everything into consideration, though, I definitely feel it was well worth all the effort.

Shawn Allen pumps the ball for a shot as Trevor Kirschner looks on.

Greene Leads VPHS to GOLD!

Approaching the two-mile point, Mark Zechiel and Bill Meyer run exhaustedly towards the league title. Concentrating on his opponent's position, Tom Thrasher pushes himself to a 15:38 three-mile time.

One week with thirty guys up 8,000 feet in the beautiful Manimoth mountains without any parents is what the VPHS Cross Country team looks forward to every summer. In this picturesque terrain we had the benefit of high altitude and beautiful hilly paths to run on. This healthy atmosphere was ideal for hard work and play.

Many people do not realize the hard work and importance of these seven strenuous days. This training camp builds the base for the upcoming season. In Mammoth we ran double workouts every day. Our morning runs started at approximately 7 a.m. and ranged from nine to twelve miles. In the afternoon (4 p.m.) we easily jogged four to six miles. This year's total mileage amounted to 78 miles!

For the runners, Mammoth is a getaway from the thick smog and the same boring road runs we continually run in Villa Park. There are so many footpaths in Mammoth that we could run all summer and never duplicate a run. But these are not ordinary trails.

These trails are steep. The dreaded Oalintine Lake trail is our hardest run. It's six miles of almost continual switch backs. Once at the top, looking at a small secluded lake with a view that took my breath away, I knew it was worth the pain and agony.

It is this pain and toughoese that prepares us

for races to come

The great times we had together, between these torture sessions are some I will remember forever. As COACH DAVE WHITE commented, "Every third year we have a wild group." This was the year. We had a hard time convincing the condo manager that the soap suds that flooded the pool area were not from us. It might have been just as wise to tell him that an earthquake caused all the noise and destruction in our condo.

At the end of this hard training week, we entered five teams in the June Lake Relay. Unfortunately, we weren't able to duplicate last year's first place finish, but we were happy because the hard week of training was over.

Steve Brase grimaces in an effort to overcome his pain.

Holding nothing back, Spencer Greene races to become one of the all-county runners.

All photos by Maureen Mesaros

We were the best! We just couldn't keep it together. Steve Brase

o the surprise of many, the VPHS varsity cross country team continued the tradition of running excellence. "I think the team greatly exceeded all the goals I had set for them at the beginning of the season," commented Coach Dave White. "We only had two returning varsity runners."

The team finished the season with a perfect league meet record (7-0) which left VPHS undefeated since 1982. Like last year's team, they won the Orange County Championships and the league title. Their season also marked the eighth consecutive time the team went to CIF finals.

Although this year's team was nearly unsurpassable, Coach White believes next year's team should be stronger. Tough as it may seem, this goal will be well within their grasp as only two varsity runners will be lost. Setting a goal, Spencer Greene said, "Next year I want the CIF champion's patch."

HATS

The 1984 VPHS boys cross country team was a great group of guys. From training in Mammoth to racing in Las Vegas, we all got to know each other. There were always some guys you could count on and others who were alw always worth a good laugh. Whether it was talking about race strategy with BILL MEYER or watching TIM BROUSSARD crash through bushes, we were always enjoying our sport and hanging together as a team.

We had a great season, winning the Century League and Orange County Championships. We may not have enjoyed all of COACH WHITE'S gruelling workouts, but now we can look back with pride and admiration at all our accomplishments. We beat the odds, doing better than anyone thought was possible, and we owe a great deal of thanks to each other and to our wise coach DAVE WHITE.

Every runner on our team shares more than hard earned trophies and medals. We share that certain feeling of success that comes only from an individual sport like cross country. This is a feeling that a runner alone can understand after finishing a race, knowing that he has done his best. This is the inspiration that keeps us going, and leads to such an addiction with our sport.

Our team did more than just run during the 1984 season, STEVE BRASE, TIM BROUSSARD, TODD ZENK, ERIC SACH, BILL MEYER, and I could frequently be found at the beach, surfing San Onofree at every opportunity. We also enjoyed playing occasional football games on the weekends. We may not have realized it, but I'm sure these activities relieved some of the pressure we all felt trying to always run at our peaks.

Our team has had a lot of fond memories. We won't have TOM THRASHER or MARK ZECHIEL on the team any more, but we wish them the best of luck in college. Now, the rest of us can look forward to the summer when the whole program starts again.

Sophomore team (Top Row) Eric Sach, Dave Popejoy, Jason Nunez, Bill Stevens, Pete Matrisciano, (Bottom Row) Brian Burnett, Rupert Yellowhorse, Mark Kuli, Rich Leiva.

"Our team was strong," commented sophomore runner Pete Matrisciano, "but we were lacking the depth needed to perform well at every meet." Contributing further to the team's problem was the sacrifice a few outstanding sophomores made to run at the Junior Varsity level.

The J.V. squad, on the other hand, boasted more than a winning season. They finished with a near perfect record, (6-1) captured the league title, and won the Orange County Championships proving them the best J.V. team in the county.

"We were motivated to win!" stated J.V. runner Jerry Kruse, "Our team was strong and we had lots of depth." Head coach Dave White, pleased with their performance remarked, "I thought they did an outstanding job. They greatly surpassed my expectations."

It was a lot of fun and a lot of hard work. Mostly hard work!!!!

ow turnout for the girls cross country team left VPHS unable to piece together a competitive Junior Varsity squad. As a result, the J.V. team was forced to forfeit all league competition.

The Varsity squad, however, not only put together a complete team, but also ran competitively. "Villa Park had some outstanding individual performances," commented girls cross country coach Dick Brunt.

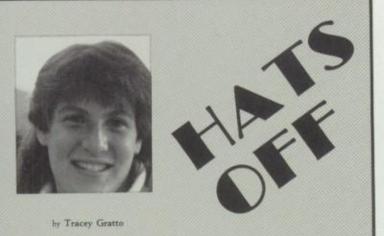

Tracey Gratto tied the school record she set last year of 19:24 while Susan Round became the fifth VPHS girl ever to break 20:00. Debbie Dalmatoff's running under 21:00 at league finals was also impressive.

"It was a rebuilding year," said sophomore runner Mary Ann Parashak. "Most of us will be returning next year." Highlights of the girls' season were their double victory in the tri-meet against Santa Ana Valley and Orange, along with their third place finish in the Buena Park Invitational.

Running in a pack - Beth Stuart, Stephanie Lanzone and Sarah Ouzounian tackle the course at Yorba Regional Park.

Tradition Plagues Girls Teams

"Running — to move on foot at a pace faster than a walk and in such a manner that both feet leave the ground during each stride."

Yea, I guess that's what I do. Everyday I put on my Nike's and go over to the bleachers fo find out the run for the day.

But if you were to look around you might have noticed that something was different.

Well, something was different. This year the girls cross-country team participated in the same activities as the boys teams. During the summer we ran with the boys and attended their annual high altitude training camp in Manmoth. In addition, we also went to the same invitationals.

This season brought many memories that will be treasured in the years to come. Some I will remember are: playing "guts", going to the "house", cleaning up suds from the jacuzzi, and actually winning a third place trophy. I feel that running with the boys teams was a change for the better, and even though we never quite got first place, the guys' teams were always there cheering us on.

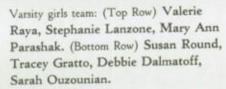

Debbie Dalmatoff grows weary from the intensity of the competition.

VPHS's best girl runner, Tracey Gratto, shows determination as she continues onward.

Practice makes perfect.

We practiced ... so

what went wrong?

— Susan Round

t was an exciting time. The girls can be very proud," commented Coach Craig Hays.

The most exciting match was against Foothill, the first round. The girls were determined to prove that they had a better team. Foothill led 9-8 but Carrin Stabile beat their number one player 6-2 to tie at 9 sets apiece.

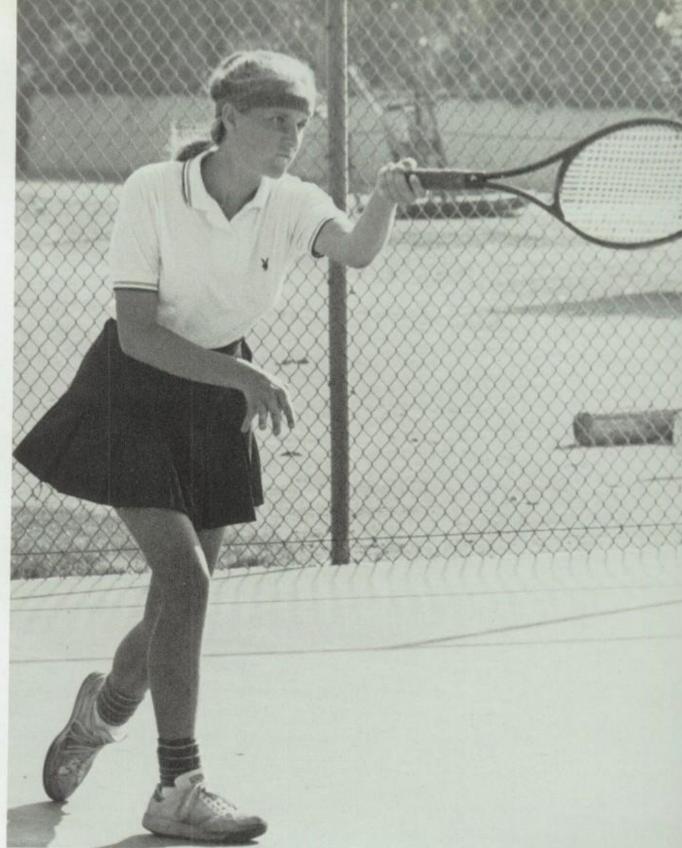

Coach Sue Gardiner, coaching for 10 years, said, "I was proud to see all the Girls Varsity and Junior Varsity teams come to work together. I felt proud of our Villa Park teams every year whether we win 1st or 5th place."

Gardiner commented, "The teams always display class during their practices and excellent sportsmanship and friendliness toward our opponents."

"I am proud of the team this year because their success is a result of the team unity and hard work," Hays commented.

The two outstanding singles players were Tanya Stasiuk and Deidre Wilson. Heidi Fiedler and Laura Gates were the number one doubles team. Leslie Kurose, Grace Kummamoto, Christina Kato, Christy Nagauo and Carrin Stabile were very strong Varsity players throughout the year, winning many key matches.

"I am very happy to be working with such group of people and feel challenged every year when I start over," Gardiner commented.

Tennis was a Smashing Success!

Laura Gates come through with a good serve return during doubles play.

Deidre Wilson shows great concentration in a singles match.

being on the tenna team left me with many memories and gave me a taste of what competition is like.

In 1984, we had a strong team, with especially strong varsity players. Our Junior Varby Susie Kimball

sity team was as strong as many other schools Varsity teams. Some Seniors may not like the idea of being on the JV team, but I didn't mind it at all. Just being able to make the team at the beginning of the year was a challenge in itself. Many students (even seniors)

Our coaches were one of the main reasons that being on the team was so much fun. Both SUE GARDINER and CRAIG HAYS added so much to our team with their supportive artitudes, kindness, and sense of humor. If I was a little late one day, or goofing off during practice, neither of them jumped down my throat like most coaches are known to do. They usually joined in the fun. Any athletes who have a chance to get either of these individuals as a coach is very fortunate.

The main reason, I had so much fun both years is because my partner was my best friend. Most of the coaches don't let their team members pick their own partners, but our coaches did! My partner, PERRI SEL-MAN and I had the best strategy for winning almost every time: BE HYPE!!! We learned through the two years, we were on the team that we shouldn't play for blood,

but relax and have a good time. Believe me, we had great times, played in the majority of matches, and won every one with the exception of Footbill.

The girls on our team this year were all fun to play with. One special girl, LORI CUM-MINGS, was at every single match, whether she was playing or not, to cheer on the team. All of the girls worked together, supported

each other, and had a good time playing. Participating on the tennis team was one of the memorable experiences I had during my years at VPHS, and I doubt that I will

J.V.: THE ONLY WAY TO GO IS UP

Jennifer Blank shows intense concentration as she prepares to serve

his year's JV volleyball team had potential, but just couldn't seem to use it to win games.

Their biggest problem was "working as a team," stated Nicole Genova. Tiffany Hamilton grinned and said of the the JV team, "we're a good team, but we have to work like one."

Miss Charlene McLaughlinn was the coach for this year's team. She was very determined to teach the girls the proper skills, and expected a hundred percent out of all of her players. Miss McLaughlinn commented, "the J.V. team was young and inexperienced, but had potential. They need to work on their attention spans and to work as a team,

Since our team consisted of mostly sophomores and this was "CHAR'S" first year of coaching, we all knew we would have tough practices ahead of us. Our practices were about two hours long. "They were hard, but usually lots of fun," stated JENNY FLORY. "We all tried to be in the gym, get stretched out and run a few laps inside by the time our coach arrived or we would have to run our 'laps' outside, which was to go around the basketball courts, tennis courts, and gym.

When we lost a game, our coach would always swear that she wasn't mad at us, but our practice the next day would always seem to be a lot harder and a little longer. Before our practice that day, however, we always had little "talks." We discussed our good and bad points of the game, funny things that people did, and how we didn't used red hots and lemon-heads to demonstrate our positions.

But all in all, practices just weren't practices without everyone's complaints. We were always complaining about something, and it drove CHAR crazy. Some of the famous sayings you could always hear were "Sure CHAR," "I can't do that?" and "Do we have

Junior Varsity volleyball practices ended up to be much better than when we started. The one thing we all learned was volleyball takes teamwork.

The Girls volleyball team held their awards night at team member SHAN-NON ARMSTRONG'S, beautiful home. With the uplifting atmosphere, the excited girls anxiously awaited their awards. For most of the team members it was just an end of the season party. However, to the three seniors -JAYNE THOMAS, KANDI BRY-ANT, and CHERYL TILL - it was the end of the their high school volleyball days.

As the evening got under way, the coaches distributed awards according to the performance and attitude of the players. Varsity players also received "gag gifts" based on their personalities throughout the season. In addition to these awards, each senior received a red cose to show how much they would be

After all the formalities were comwere captain JAYNE THOMAS' anatomy of a laugh article. JAYNE'S funny laugh will be remembered by everyone on the team. LARA GILLETT received a joke book, because she told jokes all season that nobody understood, not even herself. CHERYL

TOMLINSON was awarded with a statue of a little girl "gazing away."

PAM BURDUE said that CHERYL was always thinking of her "all-time love," MIKE SCIOSCIA.

One of the first gifts presented was awarded to captain KANDI BRY-ANT in order to prevent it from melting. It was a mini size frozen yogurt. KANDI seemed to always be eating frozen yogurt before a game or prac-

he Varsity Volleyball team consisted of three seniors, eight juniors, and one sophomore with only two returning varsity members.

The highlight of the season was when the underdog Spartan volleyball team defeated the second place Foothill team in three games straight (15-8), (15-10), and (15-7) knocking the Knights into third place.

"We were a team that did the unexpected ... we'd win when we were expected to lose and lose when we were expected to win," stated Cheryl Tomlinson.

"If we had played the entire season like we

played against Foothill . . . no one could have stopped us," exclaimed Shelly King.

The team could contribute their success to the dual coaching of Mrs. Smith and Pam Burdue, a volleyball player at Chapman college. She helped by sharing her own experience and knowledge of the game. Mrs. Smith added to the team by always being there when the girls needed her. With the combined forces of both coaches, the team concluded its season with a record of five wins and nine losses in league play.

Mrs. Smith summed up the season by saying, "The girls volleyball team had a fine season. The girls were terrific! They worked very hard as individuals and yet were very supportive to one another as a team, but most of all they had fun."

Pam Burdue added, "the girls learned a lot as they progressed, and were very determined to work together. Next year's team is sure to

Being a Spartan wrestler at Villa Park is a very tough sport. Our season is long, starting around mid November and can last til March. Daily practice starts with being on time. There is no excuse for getting out and we had to run after practice. Practice starts with stretching out for a conple of minutes and then going over a lot of technique with enthusiasm and then off to some hard live wrestling. Gerting hurt on purpose won't get you out of anything, BAI-LEY said, "Suck it up, you magget!" Of course, he only said this unless he saw a lot of blood or an arm or leg not

Practices end up with some hard line drills that completely exhaust me. We finally got to go home after we checked our weight and found out you have to lose three pounds by

the next day. That means no dinner and a possible run that

BAILEY has worked hard his nine years at putting together a program. Before the Canyon match this year he shocked the team by saying he was going to cetire from coaching. We wanted to win the Canyon for BAILEY, since it was going to be his last year here. Discouraging enough, we lost by a few points.

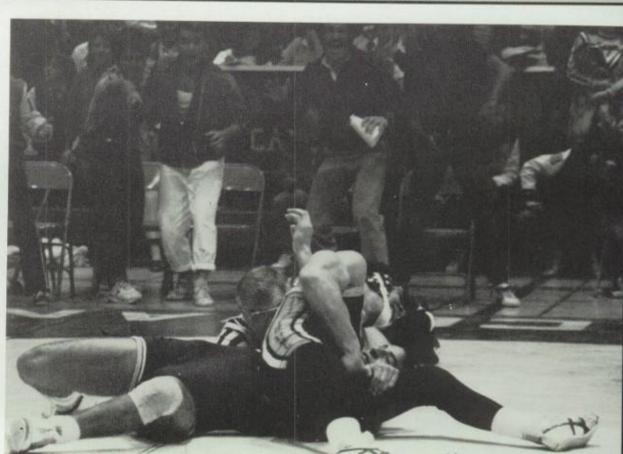

BAILEY has belped us not only to be strong wrestlers but our attitudes have improved much from our self discipline that he always taught us. BAILEY is as good a coach as they come and I'm suce all the teams will miss him.

Thanks Coach, for everything!

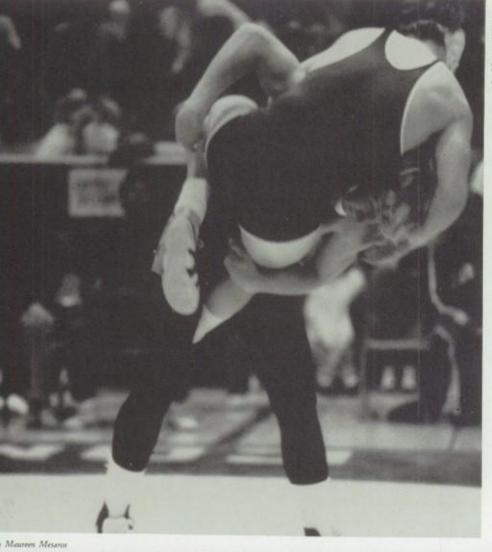

"Wrestling is a really tough sport. No guts, no glory."

David Yamasaki goes for a pin against his opponent at the Orange match.

This was my first year wrestling and I got a lot out of it. It was a tough season trying to accomplish what many others had learned since Junior High. I had to quickly learn the moves and counters, and be good enough at them to apply them in a "live" situation." I was first influenced to go out out for wrestling by my weight trainer and friend, Mr. Rick Goodin. He had wrestled when he was in high school and felt is would be a great experience for me. And that it was! Weestling teaches selfdiscipline and determination. All three teams were bascally united and encouraged each other, I am booking forward to not year and I will probably go to wrestling camp to improve myself. I am thankful that I went out in time to have had BAILEY as a coach. He was definitely a strong backbone to the team. He always pushed us to stave for our goals. All the other coaches helped the cean also. They would help out at the practices and go to the meets. The Matt Maids also should receive credit for helping to run the team. They kept score, checked on us, and had a party for us before Hell Week! Even though there were hard times, this season will be remembered!!

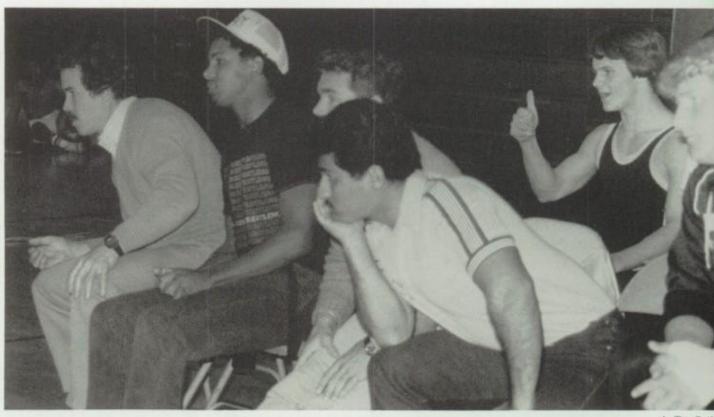

Martin Ortega looks for an initial opening.

LEY was as good a coach as they come. He not only pushed us hard but he was someone to talk to." Like he always said, "A man is never more of a man, then when he is reaching for something beyond his reach."

The Sophomore team and all of the wrestlers would like to say thanks for a good year and good luck coach! Remember that the Sophomore team finished strong.

Our practices generally were very hard and tiring. But I guess it was for our own good because we wrestled much better than other schools.

Along with tough practices were extra things to do, such as push ups and the dreaded "deep six." The deep six was coming to school at 5:45 am and running 6.5 miles up the hills of Villa Park with COACH BAILEY following us in his heated truck. I guess that is one advantage of being a coach.

The sophomore team benefited from this. We did well considering the lack of wrestlers. Sophomore KEN ROBINSON said, "COACH BAI-

Mike Semaza goes for a breakdown on his opponent during the Orange match.

BASKETBALL FINDS LID ON HOOP

he 1984-85 Girl's Basketball team began their season with tough practices under a new coach, GEORGE PEABODY. Being a young team this season with only three returning seniors, the girls worked hard to adjust to their new coach and to each other.

"High school basketball is a lot different than it was in junior high. It's not all fun, it's a lot of work," commented KATHLEENNARUSE, sophomore.

Despite their many hours of practices, hard work, and talent, the team ended the season with a record of 2 wins and 12 losses.

Although this season was disappointing, the girls are looking to next year for a winning season.

The best place to start about the Girls' Basketball team this year is probably at the end. Maybe because we knew it was our last chance together we were able to play our best game ever as individuals and as a team. Against Santa Ana that night, we hit our shots, grabbed those rebounds, and played like we knew how. Not that we did anything too spectacular, but we finally felt good about ourselves after a long and frustrating

One thing that our team learned first hand was the true meaning of the saying, "It's not whether you win or lose, it's how you play the game." I know everyone would rather be on the team with the most points on the board, and that was true for us too. But we kept our chins up and kept trying. With the transition of coaches, the loss of our two star players to graduation, the loss of some potentially key players from last year, some pretty big obstacles and some good and experienced opponents.

by Stocry Kinchner

For me, though, the memories of our jokes and pranks balanced out with the hard work and sweat. I know that we were winners in the way that we kept trying until we got it right. Such a big part of my high school years have centered around the friendships I've made and the skills I've learned from playing basketball. I know there was a lot of talent this year that did not get recognized, and I hope that the seven sophonicres and two juniors stick with it and build a strong team for next year. Good luck to you!

by David Dufault

As I walked through the doors of the locker room, I could sense something in the air. I had never felt this way before a game. My team was 0 and 13, and on this night we were to play the mighty Commanches of Canyon. This was our last game of a season, which could be called a learning experience more than anything.

I was excited for the game, as was the rest of the team. For 13 of us it was the As I pulled my sweat pants on, I was kind of sad. I realized for the first time this might be the last time I ever play basketball again, I wanted to go in

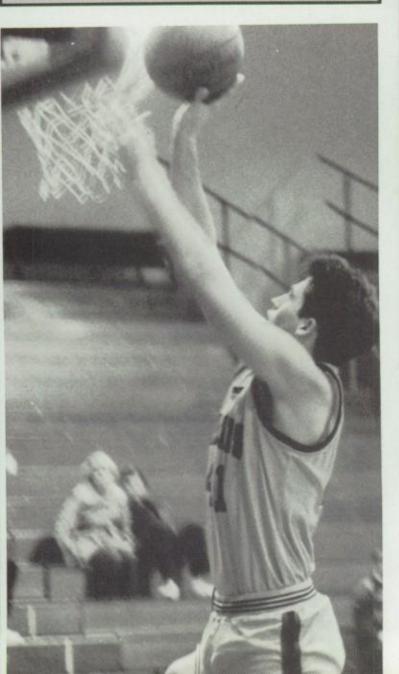

As we went through our pre-game warmups, I thought to myself that the crowd was bigger and louder tonight then it had been all year. The fans at our school are good. Even though we hadn't won at home all year, they were always there yelling their lungs out.

As the buzzer sounded, we all ran to the bench and sat down. We then proceeded to the baseline and each guy on the varsity handed their mother flowers and walked the length of the floor with her. We all had deep appreciation for our parents because they never gave up. We wanted to win the last one for

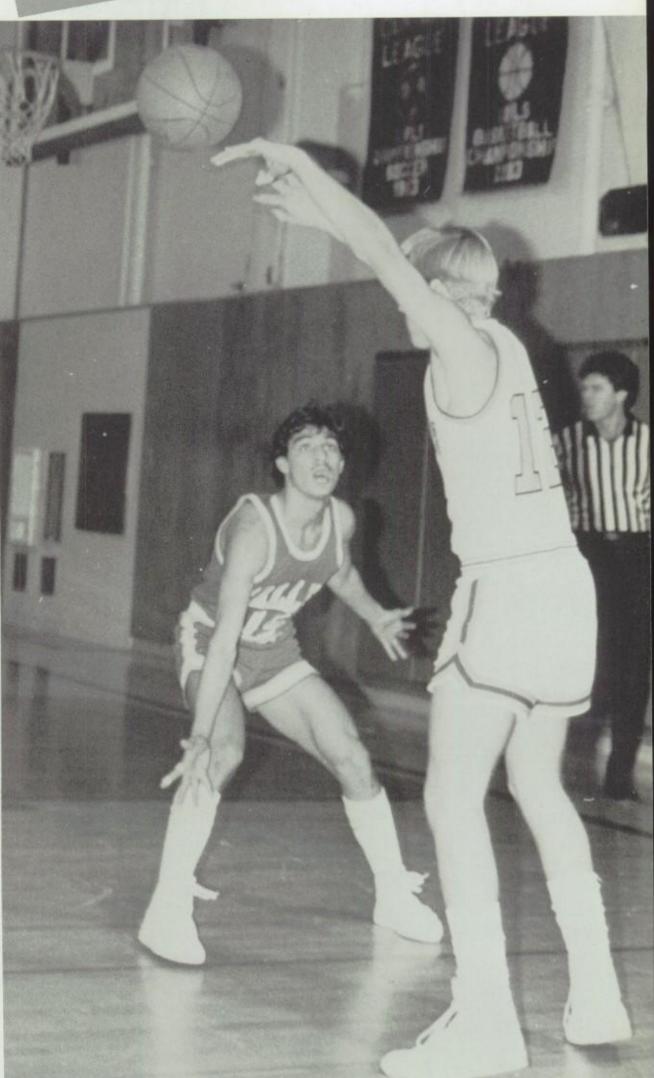

It was finally time for the game. We sang the National Anthem, and then walked out to mid-court. We shook hands with our opponents, and the ref threw the ball up. The game had begun!

(editors note: VPHS won the game!)

"It's more than just being number one." - Matt Koob

Boys Make It Two in a

Varsity sweeper, Doug Mohrhoff, clears the ball, while Goalkeeper James Marcholesco looks on nervously.

Row

the season started every varsity player wanted to go to CIF again. Although the varsity team wasn't as big as last year, they found their way into the CIF playoffs. The long, hard practices and games twice a week built up their strength to defeat or tie some tough teams. With the help and support of varsity coach, Dave Halliday, they stuck together as a team and did all they could to win.

As the day came for the play offs, a lot of nervousness went around to each varsity soccer player. Once they got on the field at Fountain Valley, every team member wanted to do his best and win to advance into more playoff games. With a lot of speed and skill, soccer players from both schools kicked the ball up and down the field. When the whistle was blown and time ran out; the game came to an end, as did the chance to go into the CIF finals. Fountain Valley had won 1-0 against VPHS.

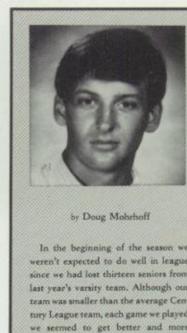

JV player, Jeff Leiva, kicks the ball up field.

Tim Goldman watches while JV forward Randy Saucerman leaps to head the ball.

Vaiting for the game to start, Jeff Bedell, Todd Iger, Ryan Glover, Kevin Swartz, Dave Sach, Brent Sumrall, off Kohno and Kevin Ramsey sit on the sideline.

In the beginning of the season we weren't expected to do well in league since we had lost thirteen seniors from last year's varsity team. Although our team was smaller than the average Century League team, each game we played we seemed to get better and more

By playing with the right attitude and intensity, and with the specialized coaching given us by DAVID HALLI-DAY we were able to give such major soccer powers as Canyon, Foothill and El Modena a run for their money.

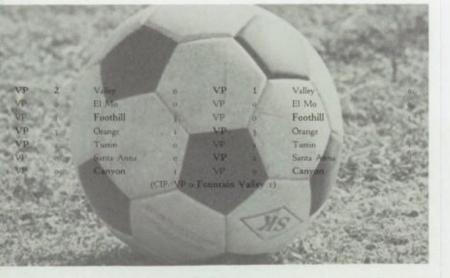

With strong leadership from seniors JEFF BEDELL, DAVID SACH, JAMES MARCOLESCO, JEFF MARKS, KEN DROBISH and TODD IGER, the Varsity squad was able to function as a whole unit. Finishing third in league with close defeats to Canyon and Footbill, we qualified for

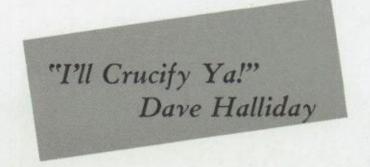

With this type of play, four players were voted onto the All-Century League team - Seniors JEFF BE-DELL and DOUG MOHRHOFF, junior KEVIN RAMSEY and sophomore BOBBY GALLEGHER.

Soccer Celebrates Playing

Michelle Young dribbles the ball down the field as a Commanche approaches

nce again the Girls' Soccer teams had an excellent season under the direction of Coach Corradino. The teams enjoyed a year of celebrating the game of soccer. Playing the game and keeping the "game" in perspective was more important than winning or losing. This team enjoyed being together with friends and teammates that playing produces. Placing second in league, and competing in CIF were bonuses. The real victories in this season came in the celebration of the game and fun being together.

This year's Varsity team had six returning players - Lara Steensland, Leslie Kurose, Andrena Rust, Heather Hunt, Autumn Hayes and Paula Pointer.

Led by Autumn Hayes and Lara Steensland, the 1985 Varsity team accomplished more than might have been expected after a series of injuries cost it three front line starters. Those who remained pulled together and adapted themselves to new positions and demands. This was accomplished in a spirit of fun, and the season was a satisfying one. "We had fun on and off the field," said Lara Steensland.

The J.V. unit played hard and developed in skill as the season progressed. Staying together in spite of having no coach of its own, and not playing as many games as they would have liked made the season one to be remembered by the girls who participated.

by Autumn Hayes

Who says "Its not whether you win or lose but how you play the game." I know it's hard to say especially when your will to win is as strong as that of the girls on the soccer team, with a reputation of two Century League championships. VPHS's 84-85 team felt the pressure of keeping their reputation alive. Who would have thought that with the pre-season standings we would in fact pull through on top. That's us, though. Willing to pitch in just enough to get us through.

We started out young and without a goalie. Thanks to MINDY McVEY'S hidden talent, we were able to sacrifice her for keeper. Still, we were all a little wary. I know at first I was skeptical, but even if we didn't win we were going to have fun. We proved this right away in the Troy tournament. It was here that we decided that maybe we were in the wrong sport. I mean mud wrestling is

less running and pays more. But really, I think it was DEBRA IWASAKI'S face first dive in the mud that broke the ice and made us realize that, "Fley it's 'aleight' to have fun"!

On our return from vacation we came out strong as ever and with our first big victory over Carryon High (Thank you, LESLIE KUROSE), we knew that there was "nothing stoppin"

Still we had one big problem and that was practice. While half of us were at work and the other half of us at appointments, it seemed impossible to get us all together at the same time. I never really quite understood. Sure the practices were tough, but it was trying to follow all the personal gossip that really made us sweat. I'll never forget how LARA STEENSLAND kept us in tune by singing her "Oldies, but goodies" and we could always rely on HEATHER HUNT to supply us with

Sure soccer's tough, but like they say, "No pain, no gain."

Andrena Rust traps the ball preparing to move it up the field.

Lara Steensland stops the ball with her body, preparing for a long kick.

utumn Hayes contests the ball taking it away from an opponent.

"The varsity hasn't lost in five years! We'll whip the pants off anyone!

— Tom Thrasher

page by Anita Epler and Mark Zechiel

by TODD RAMOS

This year, track started out with some changes. We had a new head coach, MR. CRUIKSHANK and a new field events coach, MR. WAHL. Our usually large team now had numbers of only about ninety, but we still had some of the best athletes in the league.

Despite the constant nagging of shin splints and other injuries, our team still performed very well. The varsity won the first two non-league meets without any problems, but our first league meet was against a very good team, Santa Ana. COACH BRUNT informed us that it was crucial to win if we wanted to continue our 29 meet winning streak. At the meet we proved we do well under pressure; almost everyone on the team set personal records. Everybody's outstanding performances led us to another win.

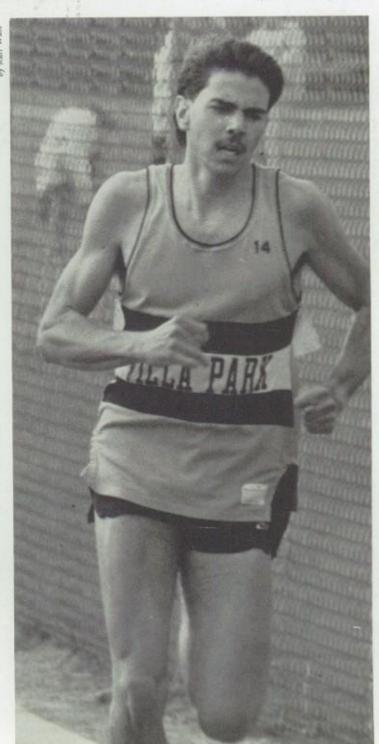

The next week at practice, while preparing for the Tustin meet, JEFF BEDELL pulled ligaments in his ankle, RYAN GILLETTE pulled a groin muscle, BOB VALENTINE injured his back, and many others suffered various injuries as well.

Although these injuries occurred before our most important meets of the season, the team still pulled through. We heat Tustin fairly easily. However, at Santa Ana Valley the meet was dramatically won in the last two events, the two-mile and triple jump. We defeated them with an impressive score of 71 to 63.

At this point, all three divisions (soph, JV and varsity) remain undefeated. We stand a very good chance to win the Century League this year and keep our 31-0 winning streak alive.

Fighting exhaustion, Tom Thrasher "kicks in" the last few yards of his race.

"Wake up early for morning practice?? It's not that simple!"

— Jeff Miller

page by Anita Epler and Mark Zechiel

attempts, he is able to go on to the next height.

VPHS has had the tradition of being a great pole vaulting school. We have had three vaulters clear a height of sixteen feet. Only a handful of schools in the country have ever had a vaulter clear this fantastic height. Of course, the secret to our success has been coaching. COACH BOB McKIE was the man who began the tradition and now KURT WAHL is following in his footsteps.

by CHRIS NORMAN

Being a good pole vaulter requires mostly technique rather than athletic skill, although most vaulters are good vaulters too. Most of the vault is determined on the plant, when the vaulter places his pole in the box. At this point it is crucial the vaulter's step is "on." If the vaulter's step is off by just a few inches, the entire vault will be thrown off. Also, it is important that the vaulter's arms be straight when he "takes off." The other two keys to a successful vault are the "drive" and the "rock-back." By drive I mean forward momentum. If the vaulter doesn't have enough forward momentum, he will "stall" at the top of the vault. The other important factor, the "rock-back", is when the vaulter leans backwards on the way up. The longer the vaulter can stay rocked back, the higher he will go, but this is the most difficult skill to master.

This year's team is enjuying another fine season. The varsity team includes JEFF BEDELL, BOB VALENTINE, JEFF MARKS and JAMES MARCOLESCO. The JV is made up of KEN DROBISH, DAVE CARA, BLAKE GRIFFITH and myself. The sophomore team has also done exceptionally well this year and is expected to continue in the fine VPHS tradition.

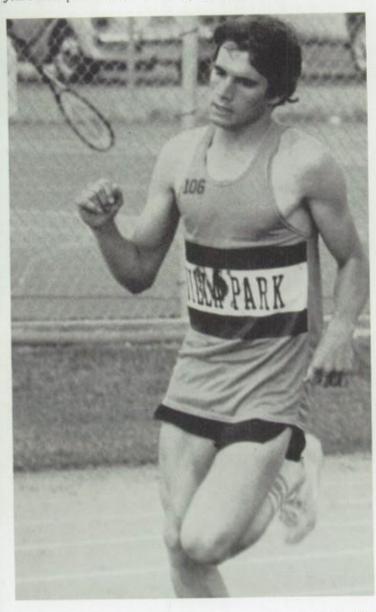

Mike Christiansen hands the baton to Eric Bergman in the 440 relay

Pushing his body to the limit, Tom Lofaro clears the hurdle with ease.

Jeff Miller pushes onward exhaustedly in the two-mile.

nce again, VPHS has put together an invincible Junior Varsity team, amassing a prestigious record. "I think that we had the toughest JV in the league," commented Jeff Zaremba.

The fact remains that many of these junior varsity members would be varsity on any other team in the league, because of the high caliber of VPHS athletes. In fact, many of them do participate on the varsity level during the course of the season.

Over the course of the past few years, the junior varsity has captured the most dual meet wins of any JV team in the Century League.

By the way, don't bother to look for a JV team picture — you won't find one. The coaches of the track teams decided, and our staff agreed, that all of our juniors and seniors who participated in the sport deserved to be pictured in the form in which they compete — as one team.

Sophomore Team: David Longyear, Joe Schrank, Paul Graham, Matt Beyl, Scott Baylash, Eric Sach, Jason Nunez, Brian Burnett, Pete Matrisciano, Ken Robinson, Tang Bui, Scott Kell, Jack Rios, Kip Ashton, Jeff Hoey, Dave Piper, Norm McGrave, Steve Allred, Doug Nicholl, Rich Leiva, Brian MacGuiar, Rupert Yellowhorse, Ken Domer, Mark Kuli, Scott Johnson, Todd Lambeth, Dan Washington and Eric Bergman.

David Longyear shows his style and ability in the sophomore high jump.

ith some strong new runners coming into the track program, the sophomores were able to compete victoriously in the league.

"I think we did better than a lot of people expected us to do," stated Aaron Hichman. "We had some really good runners, and that helped us a lot."

Coming into this season, the sophomores had to face up to the burden of EXPECTED EXCELLENCE. Over the past six years, only one dual meet has ever been lost by a sophomore VPHS team.

Throughout the season, some of the sophomore members, such as Ken Domer, were called up to the varsity level to help out. Despite the weakened team, the sophs still retained the spark for victory.

Scott Balash shows great strain and effort as he puts the shot. Aaron Hichman and Mark Kuli keep pace in the men's mile.

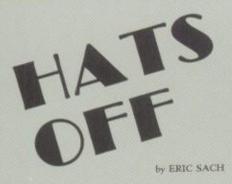

Soph Tracksters UPHOLD VPHS TRADITION

Tang Bui and Ken Domer give the Santa Ana relay team a run for their money.

Eric Sach hands off to Steve Allred in the mile relay.

When a sophomore goes out for track, he has many options. These include: sprints, hurdies, distance, shotput, discus, pole vault, high jump, triple jump, long jump and the relay

The track coaches, in my opinion, are the best in the league. They are DICK BRUNT, JIM CRUIKSHANK, KURT WAHL and DAVE WHITE. If you get injured, go see the trainer, MIKE FISHER, and he will have you back on track in no time.

All of the coaches have their own special events that they are good in, such as BRUNT for sprints & hurdles. CRUIKSHANK is coach for the shotput and the discus, and also our head coach WAHL coaches pole vault and high jump, and WHITE oversees the distance off so that we can perform at our best!

This is how our team operates - In sprints, we have KEN DOMER, THANG BUIL TOM BRAY, JEFF RANDALL, ERIC BERGMAN and KIP ASHTON, Hurdlers are MATT BEYL, KEN DOMER, JEFF

HOEY and DAVID PIPER. In the shotput there are SCOTT BALASH, JOE SHRANK, SCOTT JOHNSON and TODD LAM-

NORMAN McGRANE, SCOTT BA-LASH, SCOTT JOHNSON and JOE SCHRANK participate in discus. In the pole vault, we have BRIAN MacGUIRE, CHRIS KELL, JEFF HOEY, PAUL GRAHAM and KEN ROBINSON, JEFF HOEY, DAVID LONGYEAR, JACK RIOS and DAVID PIPER are our high jumpers.

In distance, we have STEVE ALLRED, BRIAN BURNETT, AARON HICHMAN, MARK KULL RICH LEIVA, PETE MA-TRISCIANO, DOUG NICHOLL, JASON NUNEZ, ERIC SACH and RUPERT YEL-LOWHORSE. In the long jump, DAN WASHINGTON, JEFF RANDALL and BRIAN MacGUIAR participate, and in the triple jump we have JEFF RANDALL, TOM BRAY and THANG BUL

With all of these outstanding members on the sophomore track team, you can see why we have the best chance of winning the league in the sophomore division. We have not lost a Century League meet yet, and we don't plan on losing!

We are by far the BEST team in the league, and all the others are trying to beat us (if they

That's why I say 'HATS OFF' TO THE SOPHOMORE TRACK TEAM!

"The sophomore track team is #1 and Awesome!" Mark Kuli

Murphy's Girls Prove THEY'RE SMALL BUT SPIRITED

HAFF

By SUSAN ROUND

Being on the VPHS girls' varsity track team is difficult. It takes hard work and a lot of commitment. It means showing up to every practice unless you have an excuse not to. You must give everything you have, because it all pays off in the long run. For instance, if you do a certain event well, you can get asked to run in invitational track meets or

showing interest in your abilities. Although track seems difficult, it is also fun-filled. With DOG as our coach, each day is a fun and different experience.

you can be offered a scholarship from a university

The team consists of TRACEY GRATTO, TINA GUENTHER, DIANA GUY, HEATHER HUNT, KELSEY LYONS, MAU-REEN MESAROS, WENDY MICHEL, SARAH OUZOUNIAN, MARY ANN PARA-SHAK, LISA ROJO, LEE SINCLAIR, HOLEE SPOLLINO, TRISHA VALENTINE, KERI UCHYTIL, and myself in running events. KIM GORDON, DEE DEE HILL, AIMEE HUNT, SHELLY KING, TRACI PETTY, VALERIE RAYA, ALI ROSE, ABBY SZABO and BECKY MYRHEN do field events. SHANNON GEARY, BETH STUART, and HEATHER ROSS participate in both field and running events.

The Spartan girls team is a competitive, aggressive and fun group of girls.

Beth Stuart is about to win by a nose, despite some very determined competitors.

"Golf is more than a way of life."

Monte Scheinblum

by CRAIG ANDERSON

Golf is definitely one of the most enjoyable sports available to students on our campus. I like the game for many different reasons. It is a game for the independent type of person, but being on a team makes it a challenging struggle to compete well.

I also liked the fact that no matter how much or how often I play the game, there is always a lot of room for improvement. This makes me really get into the sport and practice all I can.

I've been playing golf for a long time and have always enjoyed the game. It's a bit frustrating at times. and I have to have a lot of patience. Something I never had much of.

Everyone knows how relaxing it is, and it is relaxing at times, but it can be extremely frustrating. If you want to see some of the most upset people in the world, look at a golfer while he's hacking.

Our golf team at Villa Park High usually practices two days a week at Green River Golf Course. We play about two matches a week. Only a few of the team can actually play in the marches. But practicing at Green River usually keeps the golfers on our team practiced and ready for any other school.

COACH BAILEY is an excellent coach and our team gets along well. There are sixteen of us on the team. We often help others by giving them pointers on their game. Our number one player MONTE SCHEINBLUM is an excellent golfer and I enjoyed playing with him at matches.

DUANE BEEHLER, another golfer on our team, has also helped to improve my game.

This year we finally got some type of uniform. We got golf shirts. They make us feel more like a team. If we don't wear them we end up doing push ups!

Our scores are going down and we are working hard to win. Overall I feel that we're ready to win league and go on to CIF. I would like to say thanks to BAI-LEV and the golf team for a great season!

ith Monte Scheinblum as their number one golfer, the VPHS team did well. Other good players were John Baumann, Craig Anderson, Chris Frye and Scott

The team had a good time, and said Craig Morehouse, "Golf made my day complete. There is just no other form of relaxation that can compare to it. Being amongst the trees, lakes and rivers . . . there's nothing like it."

Coaching the team was Brent Bailey, with help from coaches Mr. Mahoney and Mr. Walker. "They're doing much better and they all have the right attitude for golf, their scores are really going down," commented Coach Walker.

Coach Bailey said the team already gained a birth in the CIF play-offs. The players helped each other out with their games, and said Duane Beehler, "Craig Anderson deeply influenced my The Varsity and Junior Varsity swimmers (Back to Front) Assistant Coach Linda Marsden, Michelle Dosick, Pam McSherry Chris Norman, Somon Chiang, Jody Scott, Jody Elsberry, Kelly Underwood, Coach Judy Arroyo, Rhonda Angule Cindy Wells, Shannon Armstrong, Debbie Dalmatoff, Leslie Votava, Paula Brislawn, Stacy Enwright, Jennife Keeler, Debbie Kadonada, Janette Clegg, Rhonda Byers, Tina Garifo, Tina Piantidosi, Noelle Cleary, Susan Hil Chris Peper, Christy Fairbanks, Lara Gillett, Julie Marsden, Michelle Rzenik, Jennifer Rogers, April Rock and Jami

illa Park gained a new Girls Swim Coach, Judy Arroyo. Arroyo's first action as Coach was to unite the swimmers. She had the girls buy all new matching swim suits and sweats with each girl's name on them. The response was enthusiastic. "The new sweats and suits make us look more organized," commented April Rock.

To help the swimmers get to know one another, Arroyo arranged a pizza party and a St. Patrick's Day gift exchange with the boys team. The girls welcomed Arroyo and her new ideas. "She is an excellent coach and friend," said Paula Brislawn.

In general the girls swam very well. At the CIF Relays at Belmont Plaza Noelle Cleary, Susan Hill, Chris Peper, Christy Fairbanks, April Rock and Tina Piantidosi placed eleventh in the six by fifty freestyle.

"This was the best swim season ever!" Tina Piantidosi

by TINA GARIFO

I have been swimming since I was two years old. My mom put me in at Virgo Swim School at two years old for me to learn basic swim skills. At the tender age of Twelve I swam for Orange Aquatics Association. I swam with OAA until I became a sophomore.

I swam for the Varsity team as a sophomore. Swimming freestyle and some backstroke. I had a lot of fun that

season! The Senior boys were extremely handsome that year and they helped make it a little more exciting.

As a Junior I did not swim on the team. However, as a Senior I decided to get back on the team once again. I have met a lot of new friends through the team. JAMIE SENETE, APRIL ROCK, RHONDA BYERS and many other girls were on the team with me. We all had a lot of spirit to help and cheer our teammates on.

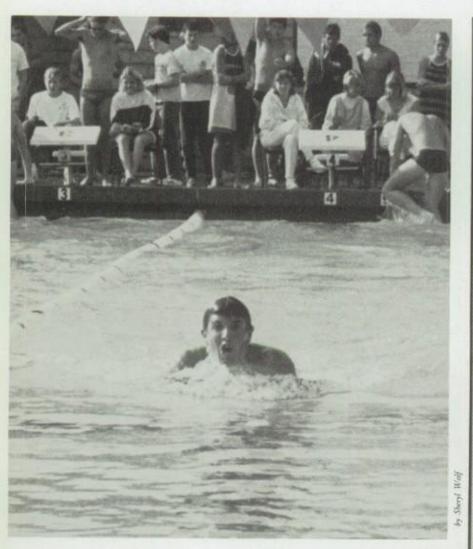

Debbie Dalmatoff and a Tustin swimmer anxiously wait for their event.

by Norm Johnson

by LANCE LARSON

It took more than the average amount of effort to get out of a warm bed and face the cold familiar pool, along with hearing the voice of COACH ERLICH, urging and pushing me along the road to success.

Many times I asked myself, "Is it all worth it?" But I guess it was because if it wasn't I wouldn't be in this crazy, water-logged sport.

Being a swimmer isn't all that easy because many people don't realize how strenuous it can become, especially if high goals are set which many dedicated athletes do. Although swimming can become boring and dull at times, there is an other side of it that most people never see. The glory of winning or even knowing that I have done my best is always something for me to strive for and it also encourages me to

swim.

I feel that I am very fortunate to swim for VPHS and train under one of the best coaches in the area so I can strive to the best of my ability and possibly in the future train for the upcoming Olympics to gain the once in a lifetime feeling of representing the U.S. as an Olympic swimmer.

Century League Champs

Monte Variakojis cruises along in the 500 free.

"This years team is the best! We have the best coach and the best swimmers!" Jason Jeffries

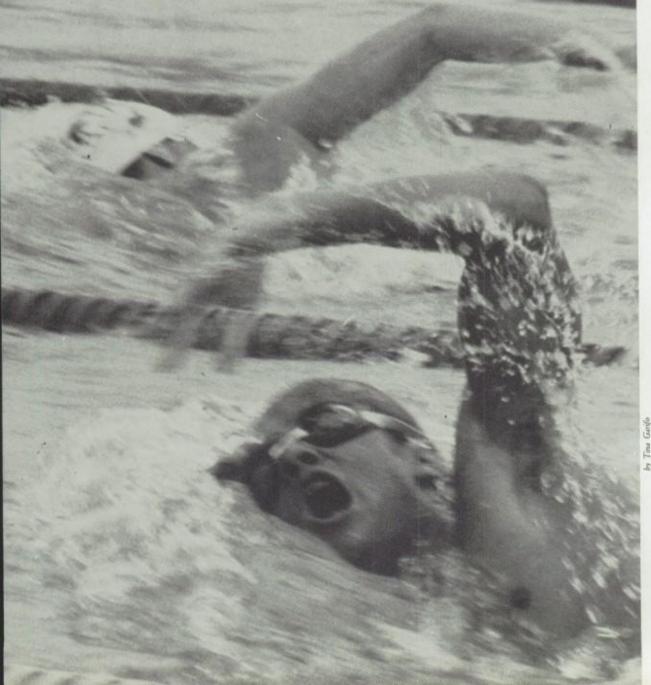

Boys Varsity swim team has upheld and improved their reputation with an outstanding season, becoming one of the best swim teams in the Century League. With leading swimmers such as seniors Jason Jeffries, Martin McDonald, and most valuable junior Lance Larson, the team has successfully defeated their opponents.

Jason Jeffries in the 50 free with a 22.51 and the 500 free at a 5:10.46. Martin McDonald had a 59.41 in the 100 back. Both swimmers have greatly improved from last year.

Lance Larson was Villa Park's first and only swimmer to qualify for the Junior Nationals held in Milwaukee, Wisconsin making him one of the top high school swimmers in the United States. He led the team this year with a 50.65 in the 100 Fly placing 3rd in CIF and a 1:59.28 in the 200 I.M.

Besides great times led by these swimmers, the team as a whole has improved to make VILLA PARK SWIM TEAM the best is has had in history.

In addition to swimming the word "team spirit" has a new meaning. This year the boys and girls swim teams united together to encourage each other to win. With much hard work and dedication, the boys and girls swim teams have made swimming both a progressive sport and created memories that will never be forgotten.

Varsity Softball Goes Extra Innings

he five returning players combined with three sophomores and four juniors made up this year's varsity softball team. The team started their season with a win against Troy, 2-1, and a win against Corona del Mar 18-0. During Easter vacation they played in a tournament in Santa Maria, where they faced many tough teams in the county. This was a fun experience where friendships were made and skills were bettered.

The defense of the team seemed to be the strongest with standouts like Cheryl Tomlinson, who played shortstop, Deana Kurose at second base, and Kandi Bryant, the pitcher. "Basically we played tough, but sometimes we would slack off," commented Meghan Domer.

On sunny days or on rainy cold days the team could always be seen practicing. If it rained, the gym would be filled with girls with gloves playing in their socks. Coach Shelton planned each practice the night before and would follow his schedule to each minute. This year the girls were even seen in the weight room toning their muscles. "Sometimes we didn't feel like going to the weight room, but it helped," stated Ann

Many games were played in extra innings, making each competition a nail biter. It seemed that the team would do a little better in each inning that followed. Mr. Shelton would encourage the girls to score in the first couple innings but they seemed to like it better when the game was a close one.

Kelly Stephenson shows her batting form as she smacks the ball.

Kandi Bryant throws a strike as Mr. Shelton warms her up between innings.

by KANDI BRYANT

I've played third base ever since my sophomore year at Villa Park High. I suppose I was pretty lucky to get the spot that year. But, after a while, I became more and more confident with the position. DONNA DEARDORF was pitching then, and she was very impressive. She struck out batters left and right. We were very successful, too. We devastated our league and did outstanding up at the Righetti tournament.

This year, however, was an extremely new ball game. DONNA was gone and I was left to fill her shoes. I no longer had the security I once had at third base. People continually said, "Don't worry, no one expects you to pitch like DONNA." I realize that now and I've also realized that DONNA and I are entirely different pitchers, too. DONNA threw extremely hard fast balls and she threw a lot of them. I, on the other hand, very rarely threw fast balls. I liked to rely on my curve, change,

by Jami Karrer

and drop ball. I'm a pitcher who needs to trust my fielders. I was close to no-hitters mainly because of a strong defense that I could depend on.

So as I look back at my sophomere and junior year as a content third baseman, I find myself having that much more fun as a successful pitcher who has a lot of confidence because of what my team and coach had installed in me.

Kelly Huntginton makes a good stop on a low bouncing ball.

by MICHELLE HARE

As a returning member of the Villa Park Junior Varsity Softball team, I noticed several changes

First of all, we started our season under a new coach MIKE FARREL. His experience with softball and knowledge of the game helped us enjoy a winning season.

When the season first began, not everyone knew each other, but we quickly became friends and learned to play as a team. With the majority of our team sophomores, I was surprised at the new talent our team gained.

We practiced hard everyday, working on batting, pitching and fielding. This year we were fortunate to be able to use the pitching machine every day, and it paid off. Our strength showed in our offensive team's ability to drive in runs. Another addition to the J.V. team this year was an experienced pitching staff. Our pitchers were very effective and were always backed up by a

We began the season on a winning note by

defeating all of our opponents in pre-season games. Our dedicated managers, KATHY KEANY and ANDREA FRIS, helped to keep our team organized. LAURIE CUMMINGS, a supportive fan of girls' softball kept us going by telling us she believed we could be champions if we channeled our energies in the right direction.

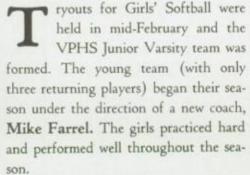

I have to say I had a lot of fun this year and our hard work together was worth it.

"This team has what it takes to be champions." Laurie Cummings

VPHS J.V. Softball team: (front row) Lisa Jensen, Dawn Butler, Delia Perez, Wendy Roberts, Tiffany Hamilton; (back row) Coach Mike Farrell, Ellen Costanza, Lori DelCourt, Leslie Dierking, Shannon Buckle, Judi Bortle, Dina Gomez, and Sheryn Teeter. (not pictured) Michelle Hare.

"Sometimes attendance to the daily practices was small," mentioned Tiffany Hamilton, sophomore, but the team pulled together during their games and their true athletic ability shone through. The J.V.'s entered league play undefeated in their pre-season.

The Spartans' strong offense carried the team through league play, bringing in run after run while their defense and pitching staff held their opponents' scoring to a minimum.

Teamwork was the key to the Junior Varsity girls' successful season. "When we made errors in the field, our hitting made up for them; if we scored only a few runs, our defense held our opponents," stated **Dina Gomez**, junior.

As a three year letterman in varsity baseball, I can honestly say that the 84-85 varsity team is one of unsurpassed talent in Century league.

The 83-84 team was basically composed of sophomores and juniors with a few seniors providing the leadership. This year's team, having played together last year, is experienced and knows what to expect.

Of the three years I have been associated with varsity baseball at VPHS, this year there is the kind of attitude that we can win. However in the few preseason games we had, we just did not play the way we should, and our record showed it.

I do not think that there was any doubt in anyone's mind that we could win, especially in coach Ochoa's. Looking back on the experience it was probably a blessing in disguise. It brought us into league play wanting to win. Having done well in preseason could have brought on complacency.

"Och" has done a great job preparing us for eague. As a team, we have several goals. Wire ning Century league is one, along with going to the playoffs and playing in Anaheim stadium for the CIF championship among others.

The one major turning point in our young season, in my opinion, was our game versus Foothill at VP. We were leading throughout the game but Foothill rallied to tie the score in the seventh

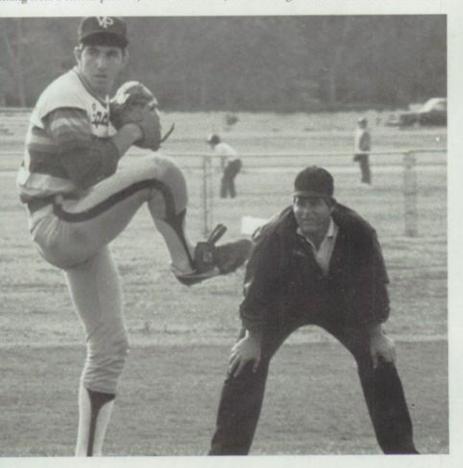

inning. They also got one in the eighth to take the lead by one

To recreate the inning: first baseman, CRAIG POLLARD, led off with a double. Pinchrunner BRIAN RAUM stole third base, and, with one out everyone was looking for the squeeze bunt with BRIAN MAIDA at the plate.

I recall standing on deck, taking some practice swings and saying. "Wouldn't it be great if BRI hit one out to win it?" Just then it came, the shot that won the game. The dramatic eighth inning home run not only won an important game, but also could have turned our season around. Only time will tell if I am correct.

he Varsity baseball team, under the strict coaching of Mr. Dave Ochoa, showed potential this year opening league play, 2-0-1. Seven starters — Craig Pollard first base, Steve Patino second base, Pat Glenn third base, Scott Swearingen shortstop, Tony Palmeri catcher, Brian Raum pitcher, Brian Maida left field, Mark Johnson center field, Brent Mater right field, are returning lettermen to the squad.

The team played a total of twenty-five games, 14 in league and 2 tournaments, the 15 member squad performed as expected.

Mr. Dave Ochoa said about his team, "We may be down but we are never out."

Catcher, Cary Meckstroth lays one to deep, centerfield for a ho-

First baseman, Dwayne Carpenter stretches for the third out.

Baseball SWINGS into Action

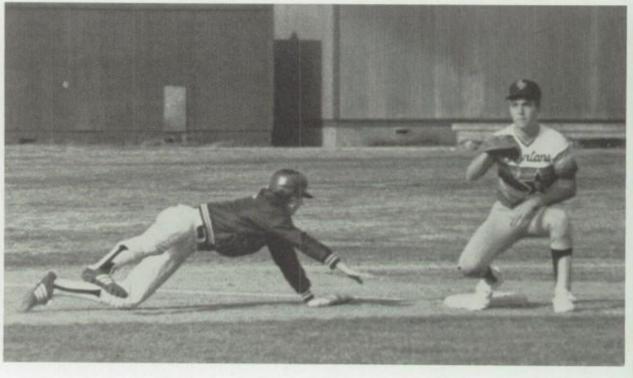

The Junior Varsity team, managed by Coach Steve Tarabilda and Sophomore baseball team, coached by Dennis Moody, had a lot of talent to show in many areas this year.

Offensively, the sophomores showed the ability to get on base and drive in runs. Mark Fishburn, off to an explosive start, was 10 for 13 with 7 RBI's in his first four games. Junior Varsity player, Howard Saldarini proved he could hit a ball a country mile. On the base pads JV players, Dave Rolantz, Jack Samuels, and Jim Thomas, had no problem running up the score for the Spartans, neither

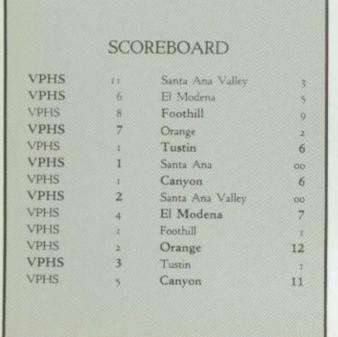

did Dave De Leon, Dave Marsh and Kevin Bates on the sophomore team.

Defensively, Jason Wilkerson led the sophomore outfielder Jim Thomas, kept the opponents' scores low, which complimented the Spartan pitching staff. Sophomore, Tom Kelly, pitched well throughout the season. Chris Murphy, one of the JV pitchers, showed great strength with his curve ball, also.

Both Spartan baseball teams, with their explosive offenses and tight defense, were a major threat to the opposing teams.

JV. Team, row 1: Coach Tarabilda, C. Murphy, J. Komma, D. Carpenter, S. Kelly, S. Fleming, J. Thomas. row 2: R. Simmons, K. Wakamoto, C. Wakefield, J. Samuels, K. Weissenmeyer. row 3: H. Saldarini, D. Thomas, D. Rolantz, J. Carter and C. Meckstroth.

A smile slips from Coach Moody as he leads his team to a win.

The Sophomore season, as I remember it, was a successful one, with COACH MOODY turning over a new leaf. He helped make it a successful season without the psin and strain.

COACH MOODY knew how to get the best out of his players with his strange and witty personality. All the personality and humor within the team helped to keep tensions low in tight situations.

Such a situation was in the game against El Modena. It was the last inning and we needed two runs to go ahead. The tension was obviously on the El Modena side.

Anyway, we came from behind and won the game, and I don't think anyone for one second doubted that we couldn't do it.

by JASON WILKERSON

I will remember this team not because of its record, but because of the ability we showed. I believe we gained respect that will remain the next couple of years.

by DAVE LEHMAN

HATS

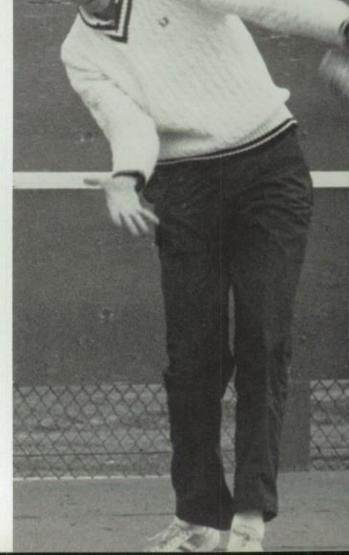

I've learned a great deal from playing termis in high school. It has ranght me dedication, patience, concentration, responsibility, and how to cope with pressure. My personal coach and my school coach have taught me this as well as not over or underestimating my talents and not loading the responsibility of always having to win on my shoulders. They both deserve a lot of credit because without them, I wouldn't be playing terms at V.P.H.S.

It's exciting to play #1 this year, but it is also a challenge. The team expects the #1 player to win most of his matches, and that's a big responsibility. However, all the responsibility for winning the match does not lie on the #1 player. For example, in our first match against Santa Ana, we would not have pulled a victory without the 100% effort given by everyone on the team.

I would have to say that my future goal is to play tennis in college. I have a handicap, though, because I've only played serious tennis for 2 years where as most of my competition has been playing for 8-10 years. With a great deal of patience, hardwork, and dedication, however, I don't feel that this goal is out of my reach. It just has to be treated like life: one step at a time.

"Gymnastics is a great workout and lots of fun."

Andrea Everett

he girls gymnastic team was a group of seldom recognized young gymnasts. But they didn't seem to mind the lack of publicity, because every day starting 6th period and including after school the team members went through long, intense rehearsals for their routines on the Floor Exercise, Balance Beam, Uneven Bars, and Vault.

This year the girls acquired two new coaches: Tina Preston, and Celest Fry, who both put time and effort into supervising the team.

The 1985 girls gymnastics team was composed up of Jill Moses, Sian Huggins, Katy Stone, Alice Roehm, Denise Minton, Jamie Fasbender, Jamie Allen, Tina Giolitti, Theresa Gorham, Cindy Grech, Sherry Viscounty, Sandy Mehr, Jackie Fasbender, Cheryl Gillete, Tami Survillas, Jessica Brown, Andrea Everett, Kerry Sullivan, Deborah Baker, and Samantha Miller.

"It's a great workout and lots of fun too", exclaimed returning gymnast Andrea Everett.

Traditionally there hasn't been a lot of support for girls gymnastics so therefore little funding for the sport. In order to have a team this year each girl paid \$120.00 for the cost of uniforms, equipment, etc... The lack of proper equipment was also one of the main reasons why all the meets were held at other schools instead of at VPHS.

Although the team had to overcome many obstacles, the girls gymnastics team did an excellent job of contributing to their sport.

HATS OFF

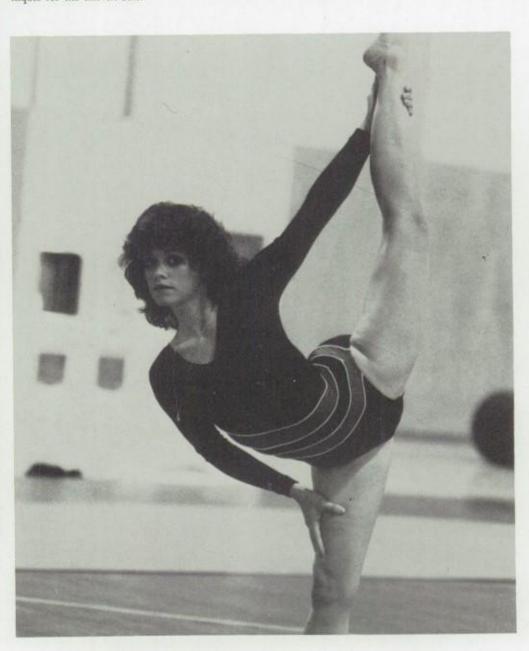

I have enjoyed being a member of the VPHS Gymnasteam. This is my second year and I have one more year look forward to. There has been a debate every year bether or not to have a team. Last year MICHELLE ARKER was our coach on and off. She helped at a lot with the girls. This year we have the beat mach we've ever had. Her name is TINA PRESON. She works really hard and gives up her me with her children to coach us. Tina is a rague judge, so she gives us the advice we need a receive a high score.

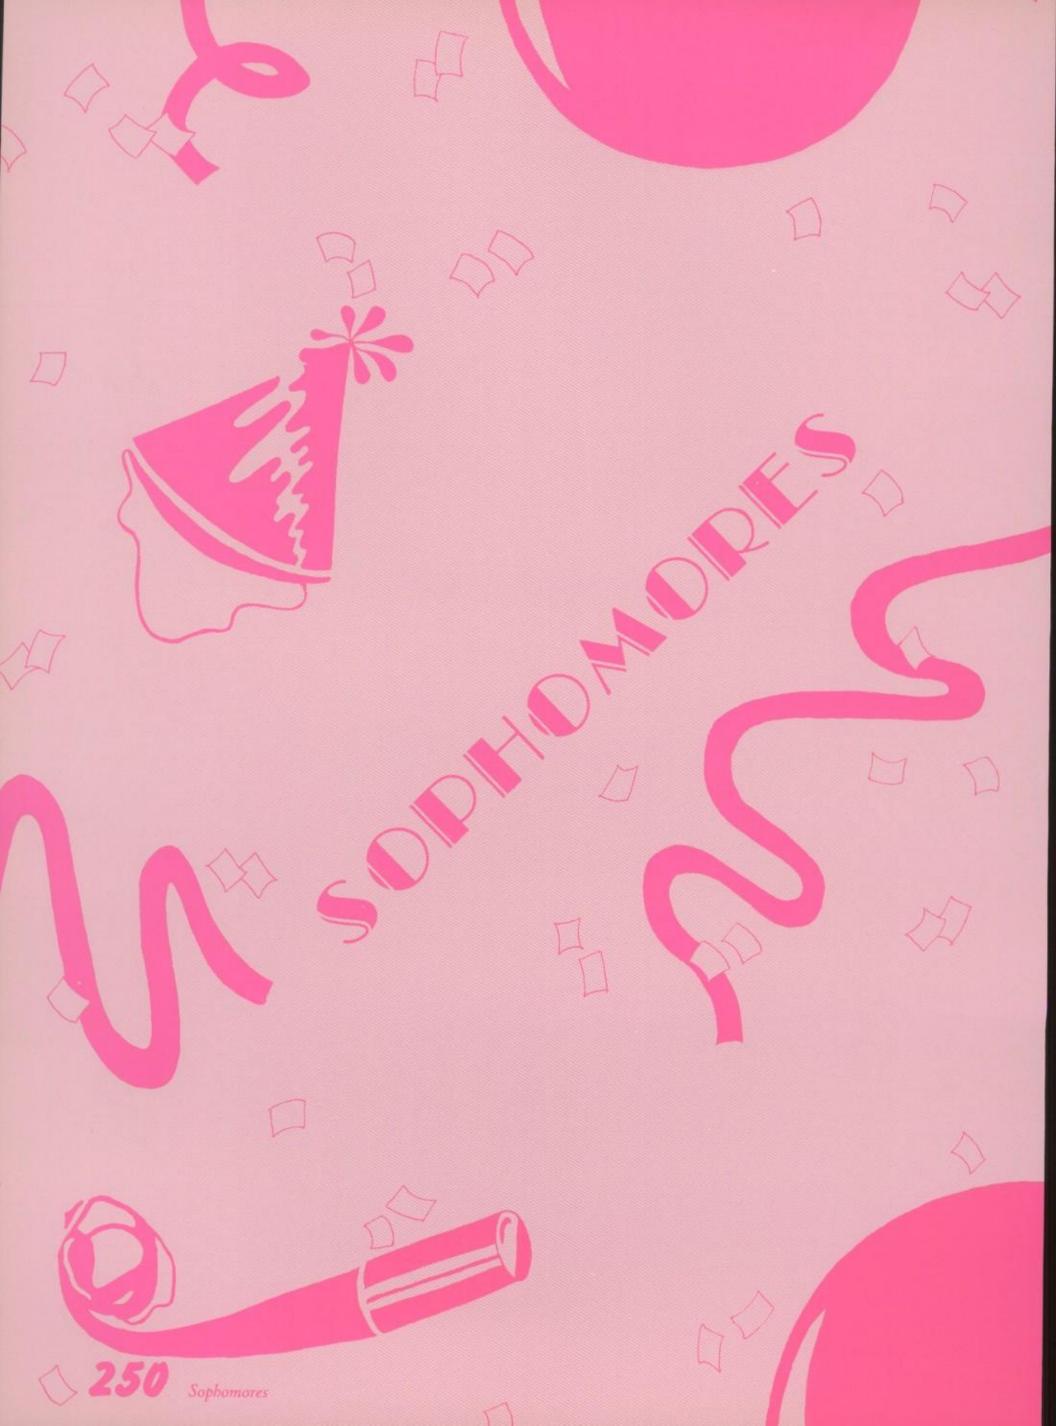

This year we have got off to a not so well start. copic have been taking advantage of us. They ook our mats, took down our equipment and toke some parts on it. But we pulled through the girls on the team are hard working, and are lways willing to teach the sophomores the rounces they need to know.

I am very prosed to be a member of the VPHS Gymnastic team and hope the team will pull through next year. If it pulls through, I hope the coaching will be just as soccessful as it has been this year.

Teresa Gorham limbers up for her routine

Sophomores Sparkle and Shine

tarting the year with the preparation for Sophomore Spirit Day, really helped getting to know people from other schools," stated sophomore senator Genalyn Talavera.

Being given the name "Chuds," which were the initials for the title Cannibalistic Humanoid Underground Dwellers - a semi-popular horror movie - the sophomores began their retaliation toward the seniors and juniors.

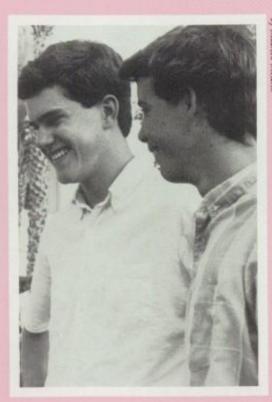

Along with spirit week, sophomores also found dances to be a new experience. Sophomore Missy Manson said, "I like the high school dances. In junior high no one danced and the music was terrible."

Sophomores found new difficulties with school studies as well as with extracurricular activities. Studying became very important and striving for a good grade is a must.

Kip Ashton said, "At first my grades began to drop, but after I became familiar with my surroundings everything lightened

he tenth grade officers could be classified as a group of very spirited sophomores.

"I think our officers have done a good job. They had a lot of guts just to run," stated sophomore Katy Madison.

Their first responsibility after being elected was to form a committee and decide on a Spirit Day theme. They spent long hours working with their class in an attempt to make their day enjoyable for all involved.

"We all worked well together. There were no individual jobs," stated Senator Genalyn Talavera. She also added, "No one thought his position was better than another's either."

Commented Vice-president, Craig Hofstatter said, "We all got along well, and enjoyed our jobs."

The enthusiasm put forth throughout the year by the sophomore council helped to build spirit within the entire sophomore class."

"I felt honored to be the sophomore President. We were a great class," expressed Ken Domer, "It was like we were one big happy family."

by Julie DeMarco

My first couple of days of being a new sophomore in a new larger school was both frightening and exciting. So many things happening all at once - adjusting to my classes, watching spirit assemblies, and most importantly, keeping track of every "hot" lookin' man that passed my way.

When I finally started to get used to my high school life, something new happened. All my friends were talking about running for a sophomore office.

The first thing that came to my mind was I'm not running. I don't know a lot of people from Peralta

Then I thought about it. I guess it couldn't hurt, besides, it would give me a great opportunity to meet new friends from Peralta.

The day came when we found out who made it for officers. By this time, I didn't really mind if I made it or not because I was able to meet so many nice people from Peralta who I consider my friends.

JILL SIEGAL, my best friend and I walked over to the list of winners posted on the window of the Student Center. To my surprise my name was on the list as a senator. I was totally excited. I couldn't stay

The end results of the election was KEN DOMER President, CRAIG HOFSTATTER Vice President, SHARON HOCHMAN Secretary, KIP ASHTON Treasurer, and the ten senators, MICHELE YOUNG, DAVID PIPER, DEBRA COKER, KARL STONE, HEATHER ROSS, MATT LEUM, KIM LYNN, MARK KULI, BETH STUART, and myself.

We all as officers work together as one, we don't abuse our position by thinking anyone is better than the other. Maybe that's why we work so well. I think the thing I love the most about being an officer is the way I became close with KEN DOMER, the President, and all the other officers. Actually, we aren't considered individual officers from my viewpoint, but as one big proud family representing "The Class of

Sophomore Spartan Spirit Grows

Holli Bleier and Tracy Nelson cheer excitedly at the Sophomore, Homecoming game.

Ithough this year's sophomore cheerleaders got off to a late start, they did a great job in promoting school spirit. The cheerleaders didn't get their uniforms until the first quarter was almost over and they didn't have a chance to go to cheerleading camp this summer with the rest of the squads.

But the cheerleaders were successful in overcoming their problems and working hard practicing their cheers and painting signs. They made up cheers after school and practiced their formations for pep rallies. The cheerleaders, led by head cheerleader Gina Mater, participated in assemblies, attended games, worked on Spartan activities and cheered with the Spartan crowds.

During the course of the year, these dedicated sophomores experienced many happy moments, such as homecoming. It took a lot of hard work and many long hours but they made friendships that will last a lifetime.

Tracy Nelson jumps and cheers at a gain by the Sophomore football team.

"I wouldn't trade being a cheerleader for the world."

Holli Bleier

by Gina Mater

Being a cheerleader means a lot to me. I am able to be involved with the activities at Villa Park and also help promote school spirit. Even though we are teased, we are still proud and happy that we made it!

There were only a few problems that we encountered during our year of cheerleading. One was that we didn't get our uniforms until the first quarter was almost over. Before we got them we had to borrow the skirts from the past cheerleading squads, which was very inconvenient.

Every day, after school we had to practice and make up cheers, since we were chosen this year, and there were no cheers made up. It would have been much easier if we had had the whole summer to practice.

Most of the cheerleaders get along with each other and are good friends, even though we may argue about some things. We all love to go to the games and cheer and scream for our guys. It is also fun to perform on the stage in the pep rallies.

Cheerleading is a great experience for all of us, and we tried to make this year one of the best ever for us by just enjoying ourselves and having a great time cheering.

Kristen Oliveri cheers with two 83-84 Sophomore cheerleaders, Candace Wilson and

by Sheery Viscounty

At VPHS most everyone looks forward to the weekends, especially me.

On the weekends I like to go dancing with my friends, ESTEE STANLEY, AMY JO-SEPH, and CLAUDIA AGUILAR at the 321 Club in Santa Monica.

Before I go, I have to get ready. I like to wear something that looks nice, but I also want to be comfortable for dancing. I usually wear overalls or a nice shirt and pants. Most people who go to 321 Club get dressed up, then others go casual, so it's basically what I feel like wearing.

After I get ready, AMY, ESTEE, CLAU-DIA, and I call for our ride. Since none of us can drive, we take a taxi. We usually rent it out for the whole night so we can pick up friends and then go dancing.

The 321 Club is a really nice place and it's filled with cute guys. The 321 is three levels and they show videos on a big screen. On the first level there is a Disc Jockey, a game a bar, and a giant dance floor. The third level also had a Disc Jockey, bar, and dance floor.

One reason I like going there is because I have met a lot of nice people and made new

Dancing is a real break from school, and I really enjoy spending the weekend doing it.

As I walked across the VPHS campus, I couldn't believe my eyes. It was so much bigger than Peralta Jr. High School.

My best friend, DEBRA COKER, and I planned a time to meet each other so we wouldn't walk around campus alone.

As I walked down the halls, it seemed like everyone was staring at me funny, like they knew I was a sophomore. I seemed so small compared to everyone else.

Lunch was a complete joke. It was impossible to find my friends. I went to all the lockers, the cafeteria, the mackbar before I spotted a familiar face. The school appeared to be at least twenty times bigger than Peralta. Everyone was scattered all over, DEBRA felt lost too, that is, until we found each other.

It took me two or three tries to open my locker. My friend, KIP ASHTON, had probtems too; he couldn't even find his. Finally at the end of the day he found it. He lost his combination after that, but on Tuesday he was a pro at opening it.

It seemed impossible to find all my classes. I always got the odd side of the building confused with the even side. When I finally made it to my class, the teachers looked so serious. They seemed so much tougher than the teachers in junior high. I was scared to even be tardy or ask a question, but I soon got over it.

The first day at VPHS was not only scary, it was frustrating as well. I feel sorry already for next year's sophomores.

Being a sophomore isn't so bad when you have a sister who is a senior. Going to high school can be scary because you don't know very many upperclassmen, but having a senior sister is a big belp.

My sister, KATY STONE, took me to a lot of the high school parties last summer to help me get to know people. I met tons of nice juniors and seniors. Now, when I go out to parties I don't feel out of place because I know so many people.

If I don't have a ride, I can usually count on KATY, but if by chance she isn't around, I always call one of her friends, like SHAN-NON HALL or JENNIFER HOLMES. Now there's two seniors usually willing to help out a sophomore like me. They are both like sisters to

Whenever I get in trouble, I ask KATY for a quick excuse. She can usually help me out or else she stands up for me.

If I don't understand my homework, I ask KATY because she has already had most of the subjects I have. If she can't help me, I am sure to call SHANNON HALL, KATHY BOGART, or TINA GARIFO.

All in all, having a senior sister can be an advantage most of the time, but since she is a girl, I always watch out for her, too.

Sophomores ... One of a Kind

by Nicole Genova

VPHS football games are a lot of fun! They are a lot different from Jr. High games. The crowds are much bigger and the spectators pay more attention to the game. I look forward to the games because I get to see all my friends, former acquaintances, and old teachers from last year; not to mention all the cute football players!

I have attended all the games with my best friend, RANAE RANDELS. We have so much fun getting into the spirit of the games, which isn't hard to do, due to the varsity song and yell leaders. The pep squad does a great job. They are always "hyper" and get the crowd "spazzed" for

GINA GENOVA, my sister, is a varsity songleader and she has influenced me to get more involved with the game spirit.

The time of the football gar excitement because they are at night; the spectators are loud; and the lights are bright. This gives the whole stadium an intense atmosphere.

The homecoming game was so much fun. The stands were jammed packed and the halftime show was spectacular. All the balloons, the BURT REYNOLDS impersonator, and the crowning of the queen made the game even more

During the other home games, there is always a half-time show. The band, tall flags, and drill team put on an excellent and colorful perfor-

To top it off, after the game, RANAE, my other friends, and I enjoyed pizza and video games at Lamppost Pizza Parlor. Most of the students and parents went there to relax and watch the game on the big screen T.V. I really love the football games; I just can't wait until next year to do it all over again!

Being a sophomore at VPHS has been a big change from the boring life at Cerro Villa Junior High. I thought high school would be almost the same, I mean, school is school. I still had to get up early and I still spent seven hours a day in hot, boeing classrooms. But it's a totally different atmosphere in high school. Even though being a sophomore isn't the highlight of High School, it's still a lot better. There is a lot more freedom and a lot less supervision. (Even though being a sophomore made me feel like I was in seventh grade again sometimes.)

Lunchtime at VPHS is a lot more exciting than sitting at a table and talking to the same people everyday. Lunch activities here made me relax a little and not worry so much about tests to study

At junior high I saw the same people everyday and it got boring. Here at V.P. I hardly ever see the same person twice.

The teachers are a lot "cooler" and the classes usually aren't all sophomores. Most are all three classes together.

The hardest thing about being here is keeping up my grades. The first semester, I was almost failing all my classes. But after I got used to it and felt a little more at home, my grades went up.

I don't see my friends as much here, so that is why I look forward to the weekend and spending time with my KRISTEN DEMERS, ERIN SLAWSON, and BARBARA DUNN. It is a big change being in high school, but definitely a change for the better.

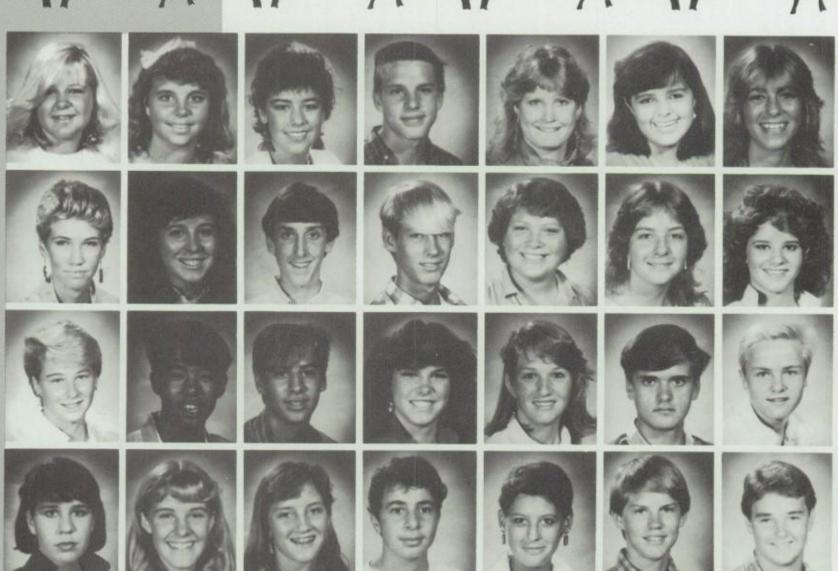

"I was so embarrassed on the first day of school because I couldn't find my locker, and VPHS is anti-trendy!"

Shoot For Your "Lucky Stars"

Diana Christensen, Russell Hanf, and Scott Stovall wait patiently for mom to give them a ride home.

by Randy Steuber

I feel I'm a lucky sophomore. The reason is that I have my drivers license. I got mine during the summer before my sophomore year. I feel I'm the envy of many sophomores.

There are many advantages to having a drivers license. First of all, I don't have to walk to school like my friends, FRANK PAULSON, DAVE MARSH, and MATT LUEM. Another advantage is that I don't have to worry about finding a ride anywhere; that is a problem a lot of my friends have. Also, people who don't know me, do not know I'm a sophomore because I can drive everywhere instead of walking. I don't have to worry about taking.

the bus to the beach anymore either, which is a relief!

Despite the advantages, there are a few problems. Gas is expensive and walking is free. Also, driving so many of my friends places can sometimes be a pain. If they chip in for gas, though, I usually don't mind.

Having a car at school is also a slight problem because it makes it so easy to cut class and that doesn't go over too well with my teachers or my parents.

The advantages clearly over-ride the disadvantages in this situation, and having a car this year makes being a sophomore a little bit better.

by Ranse Randels

Homecoming '84 was the first high school dance I attended, and I found it was different than junior high dances.

At most junior high dances, I didn't need a date, but high school dances, I did. Homecoming was a blast. My date was BOBBY VALENTINE and I doubled with KERI UCHYTIL and K.C. NOWAK.

Everyone is really "together" at the dances. Sophomores don't have to worry about feeling stupid because we are all Spartans and we only want to have a good time.

I really enjoyed getting all dressed up for Homecoming, I was surprised at how formal it was. Everyone looked so good and it added to the corsage is all part of the fun to look forward to.

The music at the dance was great and the idea of the video screen worked out very well. That way, if I wasn't dancing, I had something entertaining to do and everyone could get involved in. I hope we continue to have this special feature in

I had so much fun at Homecoming. It was truly a spectacular evening.

We hope all your wishes will come true Love Mom, Dad, Sinan

Congratulations

Bobby Valentine

We hope life's load is light. Love, Mom, Dad and Trisha

Two B or not two B —
That is the question
Dear Deborah & Tracy

As the two of you celebrate your graduation day We want the two of you to realize you've helped turn our hair gray

all in all it was worth it, because you've made us very proud

you've both become graduates and that we shout aloud

you're two special people that stand out in any crowd

we wish you bright days

with not a single cloud

we wish you both happiness no matter what you endeavor

Having you as our children has given us all much pleasure

you two are a special gift that we will always treasure

much love, Mom & Dad Burdine & Bussell Shari, Kevin, Cheryl, Jeff, & Kahiua

Craig Anderson

You are getting there; you're on your way What more can a little sister say? Don't give up make your dreams come true For your future promises so much for you. I shall never forget our long special drives Our games of golf and skiing we share For you have taught me everything and I really care.

I am so lucky to have a big brother like you You help me with my problems and get me through

Memories of you will always be kept in my heart Even when we are apart

You know that my love is always with you So good luck with everything you want to do.

> Love. Becky

The joy you've brought us is more than we ever dreamed. Congratulations! Love, Dad and Mom

Tisa Crabtree

Lisa,

We have watched you grow from a beautiful baby into a very beautiful young woman. One who is warm and caring, and definitely a parent's most

treasured gift. You have known since you were nine that some day you would become a doctor. Don't ever give up your dream. We know that you can make it, just like everything else that you have set your mind to do, and have accomplished. It may take time and hard work . . . You may become frustrated and at times feel like giving up . . . And sometimes you may even wonder if it's worth it . . . But we have confidence in you, and we know you will make it if you try. Remember that we will love you always, and will be there if you need us! We are so proud to call you Daughter!

Love, Mom, Dad, and Wendy

KANDI

For all you do ... This page is for you!

We love you, Mom, Dad, Craig, & Kelly

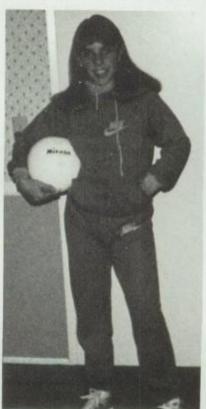

Our daughter, Anna is on the ather side of the earth, but we think at her every day.

She has got the positility and the luck to come to California for one year, to get to know other people and the life at blight School.

It the same time as we count the days lill she returns, we also send many thanks to the Frackelton family and especially bell who has bulged Anna a lat as well as the teachers.

Christina and Christer ashund

Anna **Aslund**

Beth Frackelton

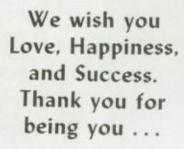

You met the challenge in your own style, With sensitivity, kindness, and a smile Of the many fine qualities you possess, Dedication will be the key to your success. We wish you love and luck ... and see a promise that is yet to be.

> Mom, Dad Robert class of '87 Katie class of '91

MICHELLE RENE MONGRAW

We are proud of all the things you have accomplished and know there is more to come. Congratulations and all our love.

Mom & Chris

Matt Kelchner

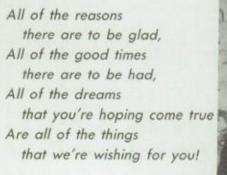

You have what it takes and you'll succeed in whatever you do. The world is yours.
GO FOR IT!

LOVE YA, MOM

DEREK KENT ALBRECHT

With love and pride, Dad, Mom, and Tracy

FOR MY BIG SISTER We grew up together,

you and I. Sailing sailboats, making mud pies.

Running around till after dark,

Playing together in the park.
Going swimming at the beach,
Always in each others reach.
You were always there to lend
me a hand,

To show me you care and understand.

You helped me with my problems at home or at school.

You showed me the way, You taught me the rules And now, big Sis, I want you to know,

That in my heart you'll be with me

Wherever I go.

I love you and
I'll miss you.
Love,
Cathy

Laura Stinchfield

To Laura,

Thank you for being a wonderful daughter and for all of our precious memories. We are very proud of you and love you very much.

Mom & Dad

THE BUBBAS

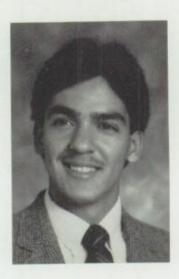

Is this world ready for YOU THREE?? Absolutely not! But go get 'em anyway! We love ya, Your parents

From infancy to pre-school Peralta Jr. High and now graduation. You made it, and so did your mom! Good luck son. We have always been extremely proud of you. God bless you. The world is waiting

JAMES RICHARD PEREZ

Love, Mom, Dad, Karlynn and Chris

JEFFREY BRUCE TAWSON

You are a wonderful, worthy and loveable person.

Appreciate that about yourself.

No one has ever been, or will ever be, quite like you.

You are an individual, an original,

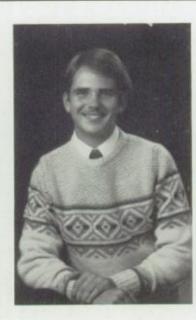

and all those things that make you uniquely you are deserving of love and praise.

Jeff,

YOU are the nicest thing I have ever done for myself.

Love, Mom

You and I are brother and sister. and also very good friends We've shared the same social group on tour and on weekends.

Santa Clara Vanguard that's the corp for you! If you become the Drum Major, Just try to not fall through!!

So as you leave the high school scene, away from home to live -Don't forget your little sister Your closest relative. Love. Kathleen

Kevin Thomas Brooks

Congratulations on the first Big Step toward all your hopes and dreams for the future!!

Reach for the stars Kevin!! They're yours!!! We love you! Mom & Dad

To Our Shannon,

You are a shining example of what a daughter

love and laughter, beautiful and good, honest and principled, determined and independent, sensitive and intelligent.

You are a shining example of what every parent wishes their daughter was and we are so very proud of you.

Love and Happiness Always, Mom, Dad, and Joe

Congratulations Dyanne

Your growing up years were special times to treasure forever.

Watching you become the young woman you are today has been a constant source of joy ...

This is the perfect time to tell you how very much we love you.

> To our little ELF Mother & Alison

BRAD SHERIDAN

Dear Brad -

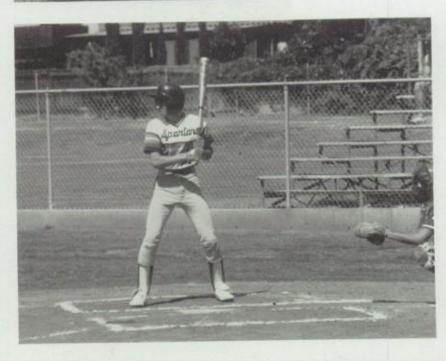

We are so proud of you for having the strength and courage to fight and stand up for the principals that keep our great country free.

You have worked very hard, both in scholastics and athletics, and earned high respects in both.

Continue your pursuits in college and your dream goals will become real.

We Love You, Mom, Dad, Flo, Wendy, and Paul

Kelly Christine Halligan

Childhood days go whispering past, and fade away like sighs. For though we try to hold them fast, our child grows up before our eyes.

Kelly, we treasure our beautiful memories of the joy and laughter that comes from your heart.

Your many accomplishments to name just a few, but your thoughtful and caring ways are surely the best part.

And so to you this senior dedication is made by your loving family who will never let remembrance fade of all the things that you have done and that you will do.

With all our love, Dad, Mom and Kevin

Kevin Kutcher

No matter who you are, be noble whenever you speak, speak kindly — give joy wherever you dwell!

Give the world the best you have and the best will come back to you.

Thank you Kevin,

For being who you are, and may your future be one of good health, success, and happiness With much love.

Dad, Mom and Kelly

Congratulations Kirstin Panizza

DREAMS . . .

Hold fast to dreams for if dreams die
Life is a broken winged bird that cannot fly.
Hold fast to dreams for when dreams go
Life is a barren field frozen with snow.

"Langston Hughes"
WE LOVE YOU,
Dad, Mom, Kevin and Anke Peppi, too!

CONGRATULATIONS TOM THRASHER

We are so proud of you! May your future be filled with happiness and continued success.

All our love, Dad, Mom, Kathleen, Susannah and Rascal

To Todd Michael Moeller

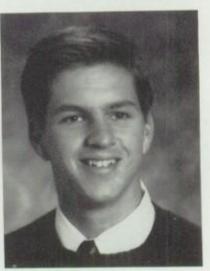

WITH PRIDE For all that you are. WITH THANKS For all the memories WITH GRATITUDE For being ours. WITH SINCERITY That you have always given. WITH LOVE For being a wonderful son and brother. WITH DREAMS That they all come true for you - you deserve it.

> We love you dearly. Dad and Mom

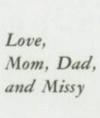

Shannon Goldman

We hope that you will enjoy a life of sensitivity, goodness, accomplishment and love in a world that is at peace - but most of all we want you to know that we are very proud of you, dear Shannon, and that we love and treasure you.

Hey Spaz, What a way to go out - Together -That's the way we started; I hope it will always be the same. I love you, Maddy

From a little sport to a Big Jock, we've enjoyed watching you grow. We hope your graduation is just the beginning of a long happy future filled with many dreams and accomplishments.

We love you Pooch -Mom and Dad

DENISE INGLE

When you were young with pony tails, and flashed that happy smile, Time had a way of standing still, no rush, no rush — we slowly sailed.

With pride we watched you swim at meets, and cheered you all the way, But time was moving faster now, came dances, cars, and sweets.

Assisteens, Kelly, Matt and Todd, were some of your interests now, And time was rushing by so fast, It was gone as quick as a nod.

And now it's time to leave behind, those special grade school years, And plan and chart a different course, filled with love and success you'll find.

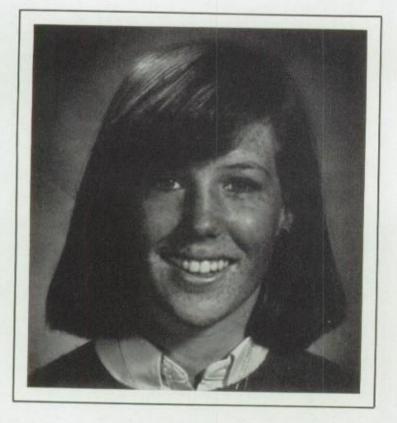

We love you oh so much my dear, And want to thank you too, For being such a precious gift, Our love will always be near.

Mom, Dad, Rob, & Wes

ESESTE SESTENCE SESTE

CONGRATULATIONS KATY >

... for you are called plain Kate,
And bonny Kate, and sometimes Kate the curst,
But Kate, the prettiest Kate in Christendom,
Kate of Kate-Hall, my super-dainty Kate,
For dainties are all Kates, and therefore Kate,
Take this of me ...

Go forward Kate.

MOM, DAD, KARL, CHRISTA, & JULIE

Kathy is kindness, kidding and knowing, Active and able, ambition is glowing. Thoughtful of friends who call on the phone, Happy to help, she's never alone. Youth, love and sensitivity are always showing.

Boys and beaches and beautiful clothes -Of course, she enjoys her collection of those. Giving and sharing her laughter and love, Activities, offices, and never above Reaching for dreams that are yet out of sight Thank You, our daughter, you are a delight.

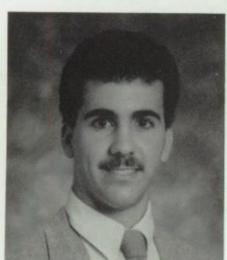

> We Love You, Dad & Mom

Kathy, In your moment of success -I wish for you A greater mountain to climb, A wider sea to sail, and A more profound challenge to meet. You are a generous, warm and loving person. Appreciate that about yourself. No one has ever been, or ever will be, Quite like you. You are an individual, an original, and All those things that make you uniquely you, Are deserving of love and praise. For all of these reasons and much, much more -I love you Our times together are memories that I will treasure forever. You are a wonderful sister, And a best friend. Your Big Brother,

Kevin.

DAVID & DEAN

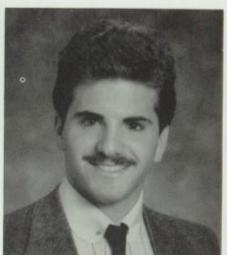

When the doctor said "twins" it was no surprise, But it should have been a word to the wise. Diapers & bottles filled the first two years, But the joys were greater than ever were tears. Pre-school gave us a well deserved rest, Then Serrano & soccer put you to the test. Cerro Villa years went by so fast, You arrived at Villa Park High at last. The girls & the phones are driving us wild,

Compared to these years, graduation seems mild. Darling at three months or three & handsome now, You'll soon be prepared to show the world how. Thank you both for all the years at home, The best years of your lives are still to come.

> Luck & love always, Mom & Roy

VICTORIA LYNN GOERKE

(Our youngest (and last) spoiled "Brat")

Dearest Vicki: You said it best yourself in your poem "The Golden Years."

"Sometimes we choose to look to our past Memories of good times We hoped would last Romances we had then Times we spent alone Mom and Dad were yelling We were always on the phone Friends then were golden The joy we always shared Coming in after two a.m. We were young, we never cared Now those times are gone No more are the golden years Time slipped through our fingers It's on to college and our careers."

> We love you! Mom and Dad

Congratulations Cheryl Gillett

We're very proud of you and all you've achieved, both at school and gymnastics. You're one terrific young lady and you've given us seven-

teen years of wonderful memories - both in South Africa and here in your new home of America!

We wish you all happiness, success, fulfillment and love - the best is yet to

We love you very much. Mom, Dad, Lara, and Andy.

CONGRATULATIONS SHAUNNA LARSEN

Thank you for being the daughter we have always dreamed of.

Love, Mom, Dad, and Eric.

We're So Proud Of You -We Love You!

Congratulations

Cindy

Since the day you were born We've been in a tizzy From that day to this You've sure kept us busy

From crawling at three months To Brownies at seven Then dancing, then drill team Now choreographing till eleven.

We watched and we waited As each day flew by You grew prettier and smarter The apple of our eye.

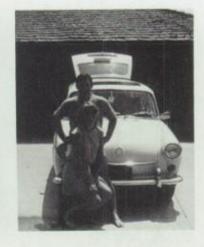

The lively discussions The sparkle in your eyes Such a confident young lady And oh, so very wise.

Your love of people Your kind and thoughtful way Will fill your world with happiness Each and every day.

So now it's off to college We know you'll do well And so we offer this sound advice: Cindy - GIVE EM HELL!!!

> Mommy, Daddy, Michael, David, Debbie

When you were just two, your car seemed a toy. It's dented, older; but you're more our joy. You've blossomed and grown with the passing of time. Your inner and outer beauty make you shine. Two Grandpas, now gone, hold a place in your heart. Creative and clever - they gave you that part. You are so sensitive when you write. You love life - and show it such insight. You've always worked hard and you've always tried. You're all we could ask, a source of such pride! We fight, we cry, we laugh, and we hug. You're our Peanut and our Lady bug. Your feelings run so deep, you love who you care. Best friends with your brother, you two always share. In your future - suddenly here, We wish you much joy, love and cheer. We love you! We need you! And next year, we'll miss Stacey Leann Kirschner, our daughter and sis All our love! Mom, Dad and Trevor

Congratulations

Joy Lynn Tunstall

We are so proud of you. Wish you all the success in the future. Love. Mom, Kelly, Keith, Stacey Jennifer and Sally

You're on your way Love. The sky's the

Keep on wishing for good things and never lose your enthusiastic zest for life.

How special it has been to share in your achievements.

You have accomplished much in your few years. We are so very proud of you. Thanks for being such a "good kid."

"Congratulations" We love you, Mom, Dad, Nicole, Kammi and Joey

Pilar Villegas

Dear Pilar.

We are very proud of you. May God see that all your dreams and ambitions come true.

Thanks for a wonderful year of memories that will last-

afs

Daddy, Mom, Tim & Julie

You're the Greatest

Mops and Pops

Sheryl Kay Wolf

Dear Sheryl,

We have watched you grow from a bright, happy baby to a warm, loving adult. It is only appropriate at this time to tell you how proud we are of you and how much we love you.

We wish you much love, happiness and success. Congratulations on your graduation AND on your acceptance to USC.

> Love, Mom and Dad

Kristen Norman

Congratulations

We are very proud of you and love you very much. What a joy you are to us! Now ... continue to follow your dreams and may they all come true.

We love you. Dad, Mom and Brian

hen you're in junior high the only thing you can think of is, "I can't wait until I get to high school." Then by the time you get to your last semester most all of us think, "I can't wait until I get out of here."

Well, now most of us are leaving and will have to take what comes ahead. Villa Park has offered all of us a chance to start to realize our goals and future plans. We've developed academically and emotionally.

We give many thanks to those who helped and contributed to the success of the many things accomplished this year.

To Dr. Fox, who supported VPHS', school spirit and student achievements, we're sorry to see you go. Thanks for everything you've done. Good luck at Canyon.

Let's Celebrate the Many Memories

When the Odyssey staff started the year, we were full of fresh new ideas. Those chosen are the ones you see printed in the book.

We thought they were the best and the ones that would add character and enticing information for the students and others to read.

I thank all the staff for the hard work and time they gave, my advisor Mr. Norm Johnson for listening to me and understanding what I had to say, but, especially to my Business Editor, Beth Frackelton, who was there to take the "bull by the horns" when I wasn't there. You did a great job!

Most of the thanks goes to my Mom who supported me in all of my decisions and put up with them, even if she didn't agree all of the time. I couldn't have done it without any of you.

The CELEBRATION has started and may never end.

The Odyssey's beloved Miriam and adored advisor. Mr. Norm Johnson.

page by Michelle Mongraw

To My Bubbas,
The times we've shared, they have no words
But you'll never ever know,
My buddies "The Bubbas"
How much I Love You so.

As we travel onward in the years to come
I'll remember you three in your own little way.
To flash back into the past
I miss each passing day.

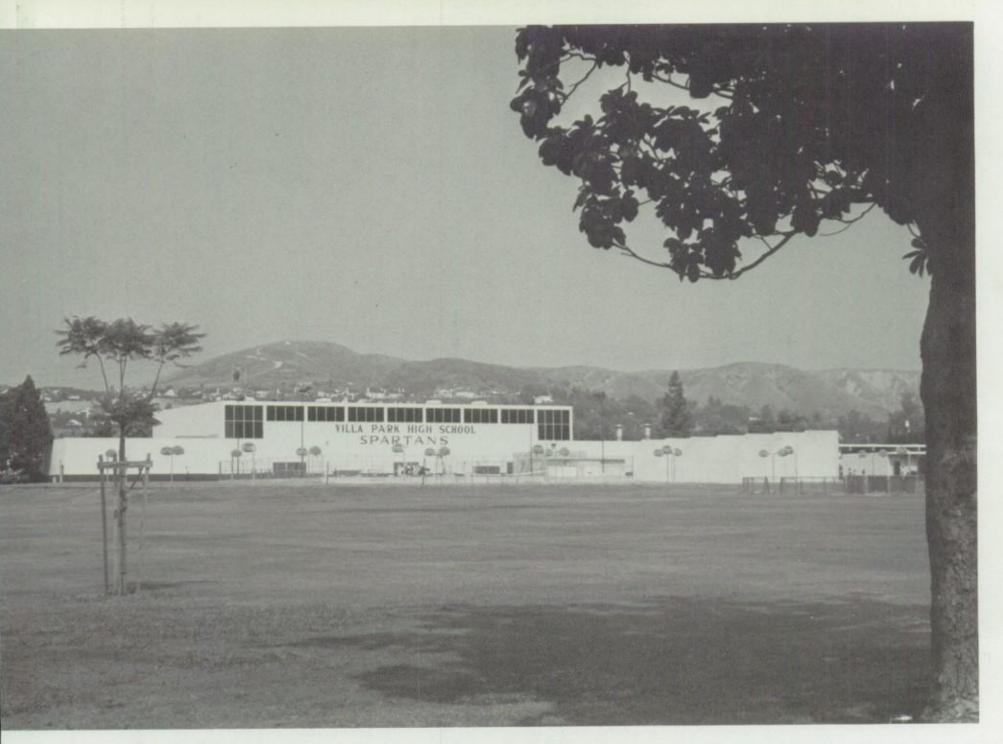

Through time I've known how much you cared When my days were dull and dim,
We've kept each other happy and wise
Thanks to you — my "Baby Bubba Jim."

Then there was fun, laughter, and sadness
When others leave you'll be the only one left,
Thanks for all the special times
You mean so much to me — My "Big Bubba Jeff."

You've been so very special to me
The times we've had were like visions from heaven,
I wish you all the very best
I'll always remember you — my "Between Bubba Kevin."

The first big step is only for us
Our dreams are big and spirits high,
I Love Your crazy personalities
And now I leave you with one, "sad good-bye."

Love Always, Michelle

Colophon

INVITATION TO A CELEBRATION, 21st Volume of Villa Park High School's ODYSSEY, was printed by Herff Jones, Marceline Missouri in a 9x12 format with 320 pages. It was printed on 100 lb. Bordeaux paper with Color-Text end sheets. The Magazine Section was printed in Color-Text CX-10 ivory-tone paper. The cover design was a four color process with an additional fifth color as background from original artwork done by Christina Kato.

Copy was printed in various point sizes of Cloister and Cloister Italic. Page numbers were 30 point Spring, division pages were done in artwork designs.

The staff extends thanks to Portrait World, for taking the underclass portraits, to Albert & James for Senior portraits, supplies, color processing and support and to Dr. Fox for the many contributions and support he gave to VPHS.
